Senator Wakai,

As a long-time resident and property owner of Country Club Knolls in Kailua, I am dismayed by the increasing frequency of property crimes and the audacity of the perpetrators. In this modern age, theft of a personal electronic device is far more catastrophic to the victim than the loss of a television or stereo. Personal electronic devices are a necessary storehouse of extremely sensitive data including financial, real estate, and identifying information.

Increasing the severity of this offense and commensurate punishment is a necessary deterrent to diminish the frequency of these thefts.

I fully support the passage of this measure.

Thank you,  
Jim Landers

Aloha All,

I support passage of HB2080 HD2. Law abiding citizens need to be able to prosecute if they see their stolen property on Craigslist. There is NO good reason to vote against this.

Mahalo,  
Leslie Ragan
