Comments: This bill is highly appropriate because short-term tourist rentals are really commercial or resort. These uses can be phased out in other zones if they are nonconforming. It is even more appropriate to phase them out in residential zones where they represent a higher level of incompatibility and a threat to our scarce housing supply.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.
