To Whom It May Concern,

I am writing to urge you to support the passage of House Bill 2205, regarding habitual property crime. The residents of the State of Hawaii are fed up with the revolving door of justice for those who cannot or will not be rehabilitated.

Not only do these criminals continue to prey on honest residents/tax payers (and voters), but they time and resources of our law enforcement and legal system that could be better used elsewhere.

Enough is enough.

The people of Hawaii need and deserve and remedy to the problem of habitual property crime.

Please pass HB2205.

Dear Sir/Madam,

As a lifelong member of Kailua, and of Hawaiian decent I want my voice heard. I beg that you support HB2205. I and am confident that you are aware, and understand that current laws are not working, and the fact is, criminals who repeatedly commit property crimes under current law know that if they are caught, there are no real consequences. Kailua is a prime example of this. Having this legislative body establish a mandatory minimum sentence through this bill will send a clear message to habitual offenders that this type of behavior will not be tolerated. Ultimately, my community will see an improvement, as it's the same old folks up to their same old acts of malicious crime.

Best Regards,
