Testimony in Support of House Bill 2277, HD1, SD1

Relating to Hawaii Health Care Transformation

Submitted by Robert Hirokawa, Chief Executive Officer

April 3, 2014, 10:05 am, Room 211

The Hawaii Primary Care Association (HPCA), which represents the federally qualified community health centers in Hawaii, supports House Bill 2277 HD1, which establishes the Office of Health Care Transformation in Hawaii.

The HPCA believes that codifying the Office of Health Care Transformation will provide many vital services to the healthcare community of Hawaii. In addition, this measure establishes the necessary framework and delegates lines of authority to accomplish the objectives of health care transformation. These include identifying state needs, developing state health system goals, coordinating health policy, identifying best practices, overseeing payment reform discussions, and developing a statewide plan.

Thank you for the opportunity to testify.
