Program I.D. and Title: HTH 213 – Alii Community Care, Inc.

## **HHSC's Mission**

The mission of Hawaii Health Systems Corporation is to provide accessible, high quality, cost-effective services that address the healthcare needs of Hawaii's unique island communities.

## **Background**

Given the combination of its total acute and long-term care bed capacity, the Hawaii Health Systems Corporation (HHSC) is one of the largest public health systems in the United States.

- HHSC is the largest provider of healthcare on the Neighbor Islands and is the only acute care provider in many communities offering a wide range of specialty services such as cardiovascular, cancer, and stroke.

3675 KILAUEA AVENUE • HONOLULU, HAWAII 96816 • PHONE: (808) 733-4020 • FAX: (808) 733-4028

- HHSC provides other community based services, such as (but not limited to) clinics, home health, assisted living, memory care, and adult day health directly and through affiliate organizations.
- A total of over **1,300** physicians practice at HHSC facilities.
- HHSC employs more than **4,300** workers statewide, of which over **1,000** are registered nurses.
- HHSC operates over **1,200** licensed beds through a network of acute, critical access hospitals, and long term care facilities located on five different islands.

The Importance of HHSC in Serving Hawaii's Communities cannot be overstated.

- HHSC serves as a vital component of the State's healthcare "safety net".
- HHSC facilities provide **75%** of the emergency room care and account for **63%** of total acute discharges for the counties of Hawaii, Maui, and Kauai.
- HHSC is largest provider of long term care in Hawaii and operate **776** licensed long term care beds.
- HHSC's facilities provided the care for almost **19%** of all acute care discharges and **27%** of all emergency room visits statewide. In fact, HHSC's facilities in total have more than double the emergency room visits of Queens Medical Center.
- For Hawaii county residents, HHSC facilities provided the care for approximately **66%** of all acute care discharges and **84%** of all emergency room visits.
- For Maui county residents, HHSC facilities provided the care for approximately **80%** of all acute care discharges and almost **88%** of all emergency room visits.
- For Kauai county residents, HHSC facilities provided the care for almost 21% of all acute care discharges and 34% of all emergency room visits.

### **Accomplishments**

In spite of its many challenges, HHSC, the state's community-hospital system continues to provide high quality healthcare to the island communities it serves. The following are some of the major accomplishments over the past year:

- The development of the Electronic Medical Records (EMR) system is progressing. Kona Community Hospital and Kohala Hospital were the first to go-live on the system in February 2013. Maui Memorial will be the next to implement the system in March 2014, with the other HHSC facilities following thereafter.
- Kohala Hospital, Kauai Veterans Memorial Hospital, Maluhia, and Kahuku Medical Center achieved the highest possible five-star rating from Medicare's Nursing Home Compare website. Four other HHSC facilities received a four-star rating.

- On October 22, 2013 the Accreditation Council for Graduate Medical Education (ACGME) informed Hilo Medical Center officials that its Hawaii Island Family Medicine Residency program has met the requirements for a 2-year accreditation, effective July 1, 2014. The program, legislatively known as the Hawaii Health Systems Corporation Primary Care Training Program (HHSC PCTP), is now gearing up to attract candidates who are interested in learning the art of Family Medicine along with a team of pharmacists, nurses, nurse practitioners and psychologists. It will welcome the first class of four residents in the summer.
- Maui Memorial Medical Center (MMMC) has received two Get With The Guidelines® awards for 2013. MMMC received the Stroke Gold Plus Quality Achievement Award from the American Heart Association/ American Stroke Association and also the Heart Failure Gold Plus Quality Achievement Award. The awards recognize MMMC's commitment and success in implementing a higher standard of care by ensuring that stroke and heart failure patients receive treatment according to nationally accepted guidelines. This marks the fifth year that MMMC has been recognized with a quality achievement award for heart care and the third year that it has been recognized for stroke care.
- Maui Memorial Medical Center (MMMC) recently underwent an extensive evaluation of its trauma service that resulted in the hospital being awarded the designation of a Level 3 Trauma Center. The inspection was performed by the Trauma Centers Association of America and the Hawaii State Department of Health (DOH). This award was based on resources and services available, standards of care provided and a statistical review of trauma care and outcomes for a one-year period. In spite of injury severities that matched national averages, patient outcomes at MMMC were better than national averages in rate of survival and patients experienced lower than average length of stays. MMMC has the second highest volume of trauma patients in the state.

### **Economic Challenges**

Hawaii hospitals face an ever-changing and extremely challenging health care environment today with challenges such as:

- Inadequate government and third-party payor reimbursements for quality healthcare services.
- Long-term care waitlist.
- Escalating costs related to physician and clinical staff recruitment and retention.
- The need for capital investment in new technology, particularly in electronic medical records.
- The impact of the provisions of federal health care reform.
- The impact of other federal health care mandates, such as ICD-10.
- The impact of federal deficit reduction legislation.

- Increased costs of caring for Hawaii's elderly population.

Additional major issues impacting HHSC's financial viability include:

- Aging facilities, with extensive life and safety code issues, well beyond the average for similar facilities across the country.
- Exceptional leave benefits and other labor issues that place HHSC's labor costs above national norms.
- Inability to outsource non-clinical functions.
- Under-capitalization of the Corporation.
- Small scale operations, which are costly to maintain.

### **Financial Concerns**

Since fiscal year 2010, when HHSC received \$96.8 million in general fund appropriations, HHSC managed to survive despite lower levels of general fund appropriations without seeking any emergency appropriations. HHSC has received \$80.5 million, \$71.9 million, \$78.5 million, and \$82.9 million in fiscal years 2011, 2012, 2013, and 2014, respectively (exclusive of collective bargaining funding).

This year has been very challenging year for HHSC (and all other healthcare systems in Hawaii) financially. HHSC began the fiscal year with only 26 days cash on hand with approximately 79 days in accounts payable, which is a very precarious liquidity position for any business. The costs of collective bargaining agreements negotiated by the State of Hawaii on HHSC's behalf, and reductions in federal (i.e., Medicare and Medicaid/QUEST) reimbursements have had significant negative impacts. More specifically:

- The State negotiated collective bargaining agreements for all bargaining units except for unit 9 on behalf of HHSC during fiscal years 2013-2014. The total impact of these raises for fiscal years 2013 and 2014 was \$29.2 million, while the State provided only \$18 million in general fund appropriations to pay for those raises, leaving a funding shortfall of approximately \$11.2 million. For fiscal year 2015, it is anticipated that the collective bargaining raises will cost HHSC \$27.7 million, while the State provided only \$12 million in general fund appropriations for those raises, leaving a funding shortfall of approximately \$15.7 million. These cost estimates include amounts for units 10 and 13, for which collective bargaining agreements were approved during the 2013 Special Legislative Session. HGEA unit 9 (registered nurses) still has not come to agreement with the State. Any unfunded costs for unit 9 will only add to the amount of general fund appropriations that HHSC needs to sustain its operations.
- Federal reimbursements for Medicare programs have decreased significantly due to federal deficit reduction legislation. As a result of "fiscal cliff" negotiations,

Medicare reimbursements to hospitals were reduced in order to avert dramatic Medicare reimbursement cuts to physicians. For HHSC, the impact of this “fiscal cliff” legislation is a decrease in Medicare reimbursements of \$2.6 million. As a result of federal sequestration, Medicare reimbursements to hospitals were reduced by 2%. For HHSC, the impact of sequestration is a decrease in Medicare reimbursements of approximately \$2.0 million.

- HHSC has experienced difficulty in managing its cash flow due to inconsistent payments for patient services from the administrators of the QUEST Expanded Access Plans (Evercare and Ohana). The timeliness of these payments are especially critical for HHSC’s critical access hospitals and long-term care facilities, as payments from the QUEST Expanded Access Plans can account for as much as 90% of their patient cash collections. HHSC management is working with the staff and management of Evercare and Ohana weekly to resolve the issues, and similar issues are faced by all healthcare providers in the State of Hawaii.

### **Federal Funds**

As mentioned above, HHSC will lose federal funds in the form of reduced Medicare reimbursements as a result of “fiscal cliff” legislation and sequestration, totaling approximately \$4.6 million combined. Recent federal deficit reduction proposals have included proposals to reduce reimbursements for critical access hospitals, reduce the number of critical access hospitals, impose site-neutral payments for procedures that would reduce hospital reimbursements to match reimbursements at physician offices, and impose mandatory bundled payments, which would further reduce the amount of reimbursements that HHSC receives. Given that over 36% of HHSC’s revenues come from Medicare and Medicare supplemental plans (e.g. HMSA 65C plus and Kaiser Senior), any reductions to Medicare reimbursements will have a sizeable negative impact to HHSC.

### **HHSC REQUEST**

#### **Emergency Appropriation**

HHSC is seeking an emergency appropriation of \$18.2 million for the following reasons:

- Underfunding of collective bargaining pay raises of approximately \$11.2 million as described above. Any amounts not funded for potential unit 9 collective bargaining raises would need to be added to this total.
- Federal reimbursement reductions of \$4.6 million as mentioned above.
- Supplemental funding for Kauai Region of \$2.4 million to fund cash flow deficits as a result of low inpatient census. An emergency appropriation of \$7.3 million was given to Kauai Region during the 2013 Special Legislative Session, and those funds were released to Kauai Region in late December 2013.

### **Fiscal Year 2015 Supplemental Budget**

In its FY 15 Supplemental Budget request, HHSC had requested \$52.6 million in additional funding for operations in fiscal year 2015 and \$2.9 million in funding to support the second year of the HHSC Residency Program. These amounts were determined prior to the approval of collective bargaining agreements for bargaining units 10 and 13 during the 2013 Special Legislative Session. The approved collective bargaining agreements for those two units included pay raises that is projected to cost HHSC \$6.2 million, without any general fund appropriations to pay for those raises. Funding for the new pay raises for units 10 and 13 would raise the operational funding request from \$52.6 million to \$58.8 million. The reasons for the \$58.8 million funding request are as follows:

- Underfunding of collective bargaining pay raises of approximately \$15.7 million (including the units 10 and 13 raises). Any amounts not funded for potential unit 9 collective bargaining raises would need to be added to this total.
- Federal reimbursement reductions of \$4.6 million as mentioned above.
- Costs to implement the HHSC Soarian EMR system of approximately \$6.7 million at HHSC's facilities.
- Anticipated reductions in revenue of approximately \$5.7 million due to ICD-10 coding implementation. The federal government is mandating that all healthcare providers adopt the ICD-10 coding system effective October 1, 2014. This change in coding system will expand the number of inpatient codes used to bill for medical services from 4,000 codes to over 87,000 codes, as well as expand diagnosis codes by a similar degree. As a result, it is anticipated that with the increased granularity of charge codes, reimbursement will be reduced because lower reimbursements will be paid for charge codes that are less severe than the previous codes used under ICD-9.
- Anticipated consulting costs and supplemental coding support needed to facilitate the ICD-10 conversion of approximately \$3.2 million.
- Amounts needed to pay down HHSC accounts payables to vendors down to a 45-day level based on August 31, 2013 days in accounts payable of 91.5 days. The amount needed to get down to the 45-day level is approximately \$22.9 million.

In the Governor's administration budget, HHSC is provided with \$22 million out of its requested amount of \$58.8 million.

Also of importance is the \$2.9 million in general fund appropriations for the HHSC Residency Program. In the 2013 Legislative Session, the Legislature provided \$1.8 million in general fund appropriations for the HHSC Residency Program for fiscal year 2014 only (HHSC had also requested \$2.9 million to fund the program that year). In order for the program to continue in fiscal year 2015 and accommodate the four residents that are coming, additional general fund appropriations are requested to continue the program, which would help address the dire physician shortages on the island of Hawaii.

### **Alternatives Considered**

HHSC believes that the best alternative in order for its communities to receive the healthcare they deserve at the minimum cost to the State of Hawaii would be to find another health system which would engage HHSC in a public-private partnership. All Regional Boards and the Corporate Board support the exploration of the concept of public-private partnerships. The boards believe a public-private partnership would allow HHSC's facilities to:

- Gain access to private capital to build and maintain information technology infrastructure, increase access to services, and address physical plant needs.
- Optimize clinical practice and care delivery.
- Implement private sector compensation packages to retain qualified medical service personnel.
- Reduce waste and obtain efficiencies of scale.
- Create a sustainable model of health care delivery that will lower costs and improve outcomes (quality).
- Reduce dependence on government subsidies.

Legislation will be required to lay the groundwork for such a public-private partnership to occur, and HHSC is in the process of drafting the proposed legislation. HHSC supports this effort in exploring all opportunities to respond to the challenges facing us today to reduce costs, increase quality, and expanding coverage of health care.

HHSC is also analyzing how it can re-structure itself to better meet the challenges of health care reform. In doing so, HHSC continues to evaluate its current operations to see where there may be opportunities for the system as a whole to operate more efficiently and effectively in providing accessible, high quality, cost-effective services that address the healthcare needs of Hawaii's unique island communities.

COLUMN	DATA ELEMENT	DEFINITION
A	State Expending Agency	State entity authorized to expend the funds as authorized by the appropriation or as delegated by the Governor. Select from drop-down menu. See legend below.
B	Program I.D.	The unique identifier for the specific program responsible for carrying out the program consisting of the abbreviation for the State entity followed by the organization number for the program. <b>Format: XXX###</b>
C	Award Number	The identifying number assigned by the awarding Federal Agency, such as the federal grant number, federal contract number or the federal loan number that appears in the federal award document.
D	CFDA No.	The number associated with the published description of Federal assistance program in the Catalog of Federal Domestic Assistance. Only applies to grants and loans. A list of CFDA codes can be searched at: <a href="https://www.cfda.gov/index?s=program&amp;tab=list&amp;mode=list">https://www.cfda.gov/index?s=program&amp;tab=list&amp;mode=list</a> <b>Format: ##.###.</b>
E	Award Description	Award title and description with purpose of funding action.
F	Awarding Federal Agency	Name of the federal agency that awarded and administers the award on behalf of the funding agency. Select from drop-down menu. See agency list below.
G	Award Amount	For Grants: The total amount of the award. For Loans: The total amount of the loan obligated by the Federal Agency; the face value of the loan. For Contracts: The total amount obligated by the Federal Agency.
H	Award Amount Allocated to the Program ID in Column B	Enter the portion of the total award amount allocated to this Program ID. For example, if a federal award in the amount of \$500 is allocated to only AGR100, the "Award Amount" and the "Award Amount Allocated to the Pgm ID in Column B" would both be \$500. However, if the \$500 will be allocated to AGR100, AGR200 and AGR300, in the amounts of \$100, \$250 and \$150, respectively, the "Award Amount" would be the \$500 for all three program IDs but the "Award Amount Allocated to the Pgm ID in Column B" would be \$100 for AGR100, \$250 for AGR200 and \$150 for AGR300.
I	State Appropriation Symbol	The account number established in FAMIS. The appropriation account is a combination of 4 fields: Fund Type, Fiscal Year, Appropriation Account Number, and Dept. Code. If an award has appropriation symbols for multiple fiscal years, enter the symbol for the first fiscal year. <b>Format: X-YY-###-X</b>
J	Contact Name	Name of the individual at the program level responsible for performance of the award.
K	Contact Phone No.	Phone no. of the individual at the program level responsible for performance of the award.
L	Contact Email	Email of the individual at the program level responsible for performance of the award.

A. TOTAL SCOPE OF PROJECT:

Plans, Design, Construction, and Equipment for projects that are of health and safety to the facilities of the Hawaii Health Systems Corporation (HHSC). Projects may include items that are code deficient, potential threat to the patients and visitors of the facility, etc.

B. IDENTIFICATION OF NEED AND EVALUATION OF EXISTING SOLUTION:

The facilities of HHSC must comply with life safety codes according to all Federal, State, and County compliance standards to insure that they are able to provide healthcare services and receive reimbursements from healthcare organizations.

C. ALTERNATIVES CONSIDERED AND IMPACT IF PROJECT IS DEFERRED:

A facility could face penalty if they do not pass these requirements, which could entail not receiving reimbursements from providers.

D. DISCUSS WHAT IMPROVEMENTS WILL TAKE PLACE, WHEN PROJECT COMPLETED (INCLUDING BENEFITS TO BE DERIVED AND/OR DEFICIENCIES THIS PROJECT INTENDS TO CORRECT):

Facilities will be safe and in compliance.

E. IMPACT UPON FUTURE OPERATING REQUIREMENTS (SHOW INITIAL AND ONGOING FUNDING REQUIREMENTS BY COST ELEMENT, INCLUDING POSITION COUNT, MEANS OF FINANCING, FISCAL YEAR):

F. ADDITIONAL INFORMATION:

None.
