Testimony for WAM on Feb 20, 2014 09:00AM in Conference Room 211

Comments: I am writing this testimony in support of this bill. I feel that youth's need to have a safe place in which they are able to obtain support, guidance, advice, etc. In my experience working with youth within the community, there are limited resources available to all youths that could use the support and many get overlooked. This is especially the case on the neighbor islands. I feel that all youths need to have a safe place and program that they can go to and get the support that they need without feeling judged.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.
