Testimony for TIA on Feb 6, 2014 13:16PM in Conference Room 224

Submitted By	Organization	Testifier Position	Present at Hearing
Chris	Individual	Support	No

Comments: I support SB2488 to allocate funds for a stoplight intersection at Piilani Hwy. and Kulanihakoi St. to serve the new Kihei High School. It is imperative that a safe, pedestrian friendly stoplight be installed at this intersection. There will be hundreds of cars, busses and pedestrians that will need safe entrance and egress to the high school, from the Piilani Highway and Kulanihakoi St. Building a well engineered traffic signal and crosswalks at this location is a proactive effort to get safe access and required infrastructure built in the most expedient manner.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Comments: I live off Kulanihakoi now and my children will be attending Kihei High school. We will definitely need a traffic light. As it is now, it is dangerous to make a left turn and there are consistently accidents at this intersection by people making both right and left turns.

Comments: Installing a roundabout at this intersection (as recommended by Dan Burden to the DOE in December) rather than a traffic light would be preferable for reasons of (1)safety, (2) health and (3)convenience Rather than install a traffic signal now and replace it with a roundabout at a later date, I would like to see this bill withdrawn and replaced with one calling for a roundabout at this location.
