Comments: Aloha Senate Health Committee Members, Well this seems to be a no brainer. I am stongly in support of this bill. Clear labeling is a right that all consumers must enjoy. Here is a link to Scientific studies on this artificial sweetener <http://aspartame.mercola.com/sites/aspartame/studies.aspx> The list of ailments is long and scary regarding this chemical - diabetes, headaches, vision problems, high blood pressure, heart disease, leukemia, lymphoma, tumors, to name a FEW. Please help us protect our keiki and kupuna especially. Mahalo.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.

Comments: Aloha, I strongly support a warning label for aspartame. The FDA has reported various side affects due to aspartame from eye/ear problems to neurological and psychological issues.

[http://www.fda.gov/ohrms/dockets/dailys/03/jan03/012203/02p-0317\\_emc-000199.txt](http://www.fda.gov/ohrms/dockets/dailys/03/jan03/012203/02p-0317_emc-000199.txt)

Thank you for addressing this issue. I hope you will all vote in favor of this measure because there are too many people who are not aware of its potential health risks.

Comments: I am a health care practice management consultant who has seen the studies. If I had my way, I would ban it. However, a warning label is the next best thing.
