**SB2869, SD1, Relating to Privacy of Health Care Information**

**Testimony of Lynn N. Fallin  
Deputy Director, Behavioral Health Administration  
Tuesday, February 18, 2014, 10:00 a.m., Room 016**

- 1 **Department's Position:** The Department of Health (DOH) strongly supports this Administration bill.
- 2 **Fiscal Implications:** None.
- 3 **Purpose and Justification:** This bill proposes to repeal the current language in sections 333E-6 and
- 4 334-5, Hawaii Revised Statutes (HRS), replacing it with the requirements of the Health Insurance
- 5 Portability and Accountability Act (HIPAA) privacy rule, which will apply to all entities that hold
- 6 developmental disabilities and mental health records. This bill is a follow-up to the Health Care Privacy
- 7 Harmonization Act passed in 2012. The Senate Health Committee, in Senate Draft 1, added the same
- 8 change to chapter 333F, Services for Persons with Developmental or Intellectual Disabilities. That
- 9 amendment makes it very clear that HIPAA must be followed for the use and disclosure of all
- 10 developmental disabilities records.

11 Under the proposed changes, health care providers that hold developmental disabilities and

12 mental health records will be able to share and access health care information using the HIPAA privacy

13 rule, rather than the stricter and lesser known state laws with respect to these types of health

14 information. Although chapter 323B, HRS, enables HIPAA covered entities to follow HIPAA rather

1 than the stricter statutes and rules, non-covered entities cannot do the same. These are health care  
2 providers that do not bill electronically, such as the Hawaii State Hospital (HSH).

3 This legislation, if enacted, would permit HSH to share information with law enforcement,  
4 including information regarding crimes on the premises. The current chapter 334-5, HRS, does not  
5 permit that.

6 The DOH strongly supports the protection of individuals' health information while maintaining  
7 privacy and confidentiality of records. The proposed legislation, when enacted, will permit more  
8 effective sharing of information and coordination of care, consistent with HIPAA.

9 Thank you for the opportunity to testify on this bill.

Twenty-Seventh Legislature  
State Capitol  
State of Hawaii

Dear Senator Hee and Members of the Committee:

SUBJECT: SB 2869 SD1– Relating to Privacy of Health Care Information

The State Council on Developmental Disabilities (DD) **SUPPORTS SB 2869 SD1**. The bill amends the statutes to protect the privacy of developmental disability and mental health patients' health information while allowing reasonable use and disclosure as provided by the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

The passage of this bill is needed to allow public and private providers that have DD and mental health records the ability to share health care information for the benefit of the individuals while complying with HIPAA and maintaining privacy and confidentiality of records.

Thank you for the opportunity to submit testimony in **support of SB 2869 SD1**.

Sincerely,

  
Waynette K.Y. Cabral, MSW
