sherrian witt	Witt Counseling Service	Oppose	No

Comments: As adding more school days the cost would be overwhelming in salaries for personnel. I support having after school private companies for tutoring. I feel this would be much more effective and less costly. Also behavioral Health services would need to be added into the cost of the extra days for providing services.

Comments: The Department of Education should have sole responsibility for determining the necessary number of school days to meet the requirements of HRS 302A on required instructional time. The law should define the number of hours and what instructional time is to meet the needs of the community.
