Comments: I support this bill with reservation. The one thing missing from this bill is an expected outcome. What do legislators expect to do with this information? They will post it on their website, then what? I'm curious to know who will pay for this new service. Granted we need to be aware of the radiation levels, I'm just curious as to how the new employees that will occupy this new office will be paid. Some existing program takes a hit for this.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.
