I. Background and Summary

1. A brief description of the applicant's background;

Makana O Ke Akua Inc. is a 501 (c) 3 non-profit organization that has grown from one home to our current seven homes with a capacity of 132. We have serviced over 1,000 men from all walks of life including those from incarceration, homelessness, broken families, drug-life, and other challenging life situations. We, as an organization, diligently work to provide affordable and safe homes for these men.

Established in 2003 our mission is to provide a Clean and Sober Living Environment for men who want to make positive changes in their lives. Our vision is to reunite, reconnect, and restore men back to their community, workforce, and most of all their family. Our homes promote individual recovery by providing an environment that allows the residents to develop individual recovery plans and become self-supporting. This is achieved by promoting independence, responsibility, and accountability.

2. The goals and objectives related to the request;

Our goal is to provide a **holistic** approach for those transitioning out of alcohol and/or drug addiction, through a collaboration of service providers whose focus is securing a structured home, addressing thinking errors, teaching nurturing practices, and job readiness training.

3. The public purpose and need to be served;

The purposes for which our organization is formed are for relieving and reducing unemployment, homelessness, crime, and chemical dependency. While aiding the local government in its role for community improvement and fighting the war on drugs.

The Violent Crime Rate National Ranking for Hawaii is 41. The statewide statistics are as follows: Violent Crime Index is 10.3%. Unsheltered homeless is 1,465. The amount of people who received treatment for alcohol and drug use in 2010 was 6,618 people of which 65.5% were male. Unemployment rate is 4.3%. For fiscal year 2012, Incarcerated individuals totaled 3,819. Of those incarcerated property offenses 1,129, drug offenses 759, and violet crime offenses 373.

According to the Honolulu Police Department report at the Nanakuli Neighborhood Board meeting January 2014 Statistics – Included 4 motor vehicle thefts, 13 burglaries 39 thefts, and 7 unauthorized entries into motor vehicles. In June 2014 Crime Statistics – There were 16 motor vehicle thefts, 46 burglaries 175 thefts, and 41 unauthorized entries into motor vehicles. October 2014 Compared with September 2014 Crime Statistics: There were 31/38 motor vehicle

thefts, 63/72 burglaries, 217/216 thefts, and 60/85 unauthorized entries into a motor vehicle; totaling 7,518/7,077 calls for service.

These HPD reports shows an overwhelming increase in crime over the last several months of 2014, not to leave out the increased drug activity and overwhelming domestic violence. This community on the leeward coast has faced many years of destructive and unhealthy behavior not just in their community but their families.

4. Describe the target population to be served
 - a) Men
 - b) Alcohol and drug addiction
 - c) Individual men that are release from incarceration seeking reintegration into society
 - d) Homeless
5. Describe the geographic coverage.

Our target area is the Leeward coast of Oahu. Our coverage will be within the communities of Pearl City, Kapolei, Ewa Beach, and Waianae. The Leeward coast is an arid and semi-rural area with components of homeless crisis, drug addiction, lack of employment training and employment, education of transitioning our many men who have been incarcerated in the prison system. Unemployment is rampant especially along the Waianae coast to include the neighborhoods of Maili, Nanakuli, Waianae, and Makaha.

II. Service Summary and Outcomes

The Service Summary shall include a detailed discussion of the applicant's approach to the request. The applicant shall clearly and concisely specify the results, outcomes, and measures of effectiveness from this request. The applicant shall:

1. Describe the scope of work, tasks and responsibilities;

We would like to provide a **holistic** approach to transitioning out of alcohol and drug addiction. We will accomplish this through a strategic collaboration of specific services which we believe will help an individual be successful in life. The scope of services will include five components: clean and sober housing, Smart Recovery Program, Nurturing Fathers Program, workforce re-entry skills training, and budgeting classes.

Clean and sober housing will be responsible for providing the participant with structured and monitored housing. Here he will be required to follow a strict set of house rules, including random urinalysis testing, curfew and routine household task compliance which are enforced by the residing house manager. Violation of

compliance with house rules and regulations will result in the loss of privileges that could range from early curfew to immediate dismissal. Every effort is made to maintain a safe and wholesome behavior as an opportunity for an inclusive re-education process. Each home is managed and monitored by a resident house manager.

The Smart Recovery Program focuses on cognitive behavior. Its support group setting teach self-empowerment, self-reliance, and life skills. The implementation of this program will be done by The Institute for Criminal Rehabilitation (ICR). Mr. Bill Mitchell is a certified CSAC, CCJP and will be instructing the classes. Participants will be supplied with Smart Recovery Education Materials and Workbooks, journaling books and pens. Participants will be required to participate in a pre, mid, and post-test. All participants will receive a Certificate of Completion upon completion of all classes.

The Nurturing Fathers Program brings an opportunity for fathers who have possibly learned unhealthy parenting and/or fathering skills from past generation, teaching a new technique, giving fathers a look at a Nurturing way of fathering. Facilitation of this program will help change unhealthy fathering practices to a healthier nurturing practice and teaching. This program will be provided by The Institute for Family Enrichment (TIFFE) by a certified nurturing facilitator. Materials and supplies are included in the fee.

The workforce re-entry skills training component is a work readiness program which will provide job readiness, job training, and job placement. Participants will learn work related computer operations and concepts skills, computer based technologies and multi-media, communication and interpersonal skills, and critical thinking and conflict resolution training. The workforce re-entry component is a total of 42 hours. Participants will receive a Certificate of Achievement. This component will be provided by Newman Consulting Services. Materials and supplies are included in the fee.

The final component of our holistic approach is budgeting classes. These classes will help them identify and evaluate spending habits, set short and long term financial goals, and provide tools and methods to track financial progress towards their goals. Participant will be provided with workbooks and receive a Certificate of Completion upon completion of all classes. This component will be provided by Newman Consulting Services.

2. Provide a projected annual timeline for accomplishing the results or outcomes of the service;

Our approach to this project is to work with a group of 10 people per quarter (3 months) for four quarters which will total 40 people in a year. Each participant will enroll in our three-month program and participate in our four components (clean and sober housing, Smart Recovery Program, Nurturing Fathers Program, workforce re-entry skills, and budgeting classes) while living in our clean and

sober structured home. In summary, four rounds will take place in the year with each round totaling three months.

3. Describe its quality assurance and evaluation plans for the request. Specify how the applicant plans to monitor, evaluate, and improve their results; and

Makana O Ke Akua is governed by a board of directors. This board oversee the main activities of our organization. The daily operations of the business is overseen by our Director and Director of Operations. They are responsible for the everyday operations of the company. They report to the board of directors on a monthly basis and manage all affairs of our organization. They are top level management. We have a head house manager who oversees the activities of each house manager and their respective homes (facilities). The house manager inspects homes, responds to issues or concerns, assist with difficult situations, provides training, and ensures the quality of our management team. The head house manager reports to the Director.

Makana O Ke Akua has a Policy and Procedure Manual that guides our decisions based on regulatory and common law, past experience, and ethical standards. This manual is implemented to ensure the sustainability and quality of our organization, including its employees, volunteers, and clients.

Quantitative data will be collected throughout the grant period. Monthly evaluation will be administered by means of an individual and/or group interview, anonymous survey, and house manager or facilitator evaluation. Facilitators will give monthly evaluation on the individuals to provide progress notes. Strategy meetings will be conducted to provide analytic data using the SWOT analysis tool. These strategic meetings will be specifically for improvement purposes. Following these meetings will be an implementation of our improvement strategies as a result of our evaluation.

4. List the measure(s) of effectiveness that will be reported to the State agency through which grant funds are appropriated (the expending agency). The measure(s) will provide a standard and objective way for the State to assess the program's achievement or accomplishment. Please note that if the level of appropriation differs from the amount included in this application that the measure(s) of effectiveness will need to be updated and transmitted to the expending agency.

A total of 40 clients, 10 clients per quarter, over a year's time will participate in these planned activities. Each activity will have its own individual measurable outcomes and an overall measurable outcome for completion of all activities.

Clean and sober housing measurable outcomes will be based on compliance and/or non-compliance of all rules and regulations from a day to day requirement of individuals in a structured living environment. Responsibilities of chores,

random drug testing, curfew, once a week family meetings etc. Beginning from time of entry to completion of its 3 month contract.

Smart Recovery Program uses the ADAD assessment tool finding eligibility and placement of individual. Measuring outcome upon completion of activity will be receiving a certification of completion.

Nurturing Fathers Program has a pre and post test that measures outcome.

Workforce re-entry skills and budgeting classes has a certificate of completion which measures outcome.

All measurable outcomes are aligned with the purposes and priorities of the grant in aid which benefits target population with an increase of self-esteem, positive outlook on life hope of a brighter future.

IV. Experience and Capability

A. Necessary Skills and Experience

Our organization has over 11 years of experience working with incarcerated, drug addicted, alcohol abuse, uneducated, low income, and mental health individuals. Our staff has a combined of over 25 years of work experience in this field of work. Our facilities are able to house 132 men. We also work with other businesses that we can refer out for employment and recovery support services. It is through these connections that allows these men to be successful.

Our organization has also been a provider of Access to Recovery (ATR) with the State of Hawaii Alcohol and Drug Abuse Division (ADAD) to individuals with substance abuse and mental health conditions. We've been a provider for a total of 8 years. As a provider of ATR we were required to network and collaborate with other providers which included Newman Consulting Services. The structure of ATR helped us develop a support network between Makana O Ke Akua and various entities.

Institute for Criminal Rehabilitation (ICR) has been an affiliate since our foundation. ICR provides great service to the clients it serves. The Institute for Family Enrichment (TIFFE) has been an affiliate since our foundation also. This program is nationally recognized and active in many states.

Makana O Ke Akua has established itself in the community and has many affiliates we constantly work with. Our network is growing and our ability to provide services as well. The plan we propose has been presented to these various companies and our Board of Directors and has receive the go-ahead. We been working successfully for many years with the State of Hawaii Health Department and Public Safety Department, (including Federal Probation, Hawaii Paroling Authority, State Probation, Hope Probation, and Laumaka Work Furlough) along with our affiliate organizations and businesses.

B. Facilities

We currently have seven homes with a capacity of 132 individual's total. We are more than capable of providing housing for the 40 participants for the year. The four other components have the capacity of 30 students per class or session.

E. Future Sustainability Plan

Our plan for sustaining these activities after the grant period will be to enroll individuals into our workforce program. This program consist of two components. The first, is employment within our organization. The second, is to be employed by one of our affiliates. This program is currently operating and benefiting our men in our homes. This workforce division of our organization is growing as we continue to venture into various industries. Employment for those in our homes will be the foundation for financial stability and self-sufficiency in our organization.

Our workforce program is currently being overseen by our Director. We currently rent a warehouse which is used for storing our inventory and for a workroom to refurbish our furniture items. This division receives income from sales of inventory which come from in-kind donations and purchases from government liquidation and hotels. Our workforce program currently employs five individuals. Along with our furniture sales we also provide delivery services with our box truck which was donated. Our workforce program was developed to provide financial support to our Clean and Sober Housing division.
