Application for Grants

If any item is not applicable to the request, the applicant should enter "not applicable".

I. Background and Summary

This section shall clearly and concisely summarize and highlight the contents of the request in such a way as to provide the State Legislature with a broad understanding of the request. Please include the following:

1. A brief description of the applicant's background;

Since 1997, **Partners in Development Foundation (PIDF)**, an IRS Section 501(c)(3) non-profit public charity, has been committed to not only strengthening the most fragile communities in Hawaii and promoting the long term success of our participants, but to strengthen and ensure sustainability and health of the whole community. Our mission is to inspire and equip families and communities for success and service using timeless Native Hawaiian values and traditions. PIDF has consistently generated a range of programs to serve families living in poverty, including initiatives in early childhood education, support for homeless families, youth mentoring, social services, culture/ language cultivation, preservation of the environment, and civic engagement. PIDF currently has 10 programs serving over 50 communities throughout the State, providing free services for families and communities that are most in need. Collectively, these programs now serve more than 10,000 people/year (over 45,000 people total since inception).

In 2006, PIDF established the **No Vote No Grumble (NVNG)** project, a non-partisan initiative focused on increasing civic engagement, registering voters, encouraging voter turnout, and educating residents to make their own informed decisions, with a focus on the underrepresented/underserved populations in Hawaii. During the course of several campaigns we have registered thousands of new voters. In addition, we have conducted numerous civic engagement trainings for social service agencies and many community organizations. The No Vote No Grumble Program has also partnered with many other like-minded agencies to host candidate debates and informational forums throughout the state.

2. The goals and objectives related to the request;

Goal: To increase voter turnout rates and civic engagement in Hawaii

Objective: Conduct a year-round NVNG campaign

Objective: Increase the number of registered voters in Hawaii

Objective: Provide trainings and education to newly registered voters

3. The public purpose and need to be served;

After becoming a state in 1959, Hawaii had one of the highest percentages of registered voters participating in elections with more than 90% voter turnout. Unfortunately, since then voter turnout has declined and for years, Hawaii has had the **lowest percentage of population registered to vote and one of the lowest voter turnout rates in the nation.** With the consistently low rate of voter turnout in Hawaii, it is evident that many residents are civically disengaged and more efforts need to be made to change this. By expanding NVNG's campaign to a comprehensive year-round civic engagement program, we will be able to register more people, better prepare people for the next election, and provide more training and education to encourage sustained engagement between elections. With sustained civic engagement, we expect to see positive changes in the community. It has been shown that increasing civic participation through civic engagement breaks down the "disconnect" between individuals and the community, which is valuable in strengthening the community (*Bowling Alone: The Collapse and Revival of American Community*, Putnam, R. D., 2000). This campaign will not only strengthen the voices of the community by motivating them to act and vote, but it will also educate people on legislative issues facing their communities. Due to a disengaged public, too often bills are passed and changes are made without the knowledge of and input from those who are directly affected. For NVNG partner agencies, trainings will be provided to employees and clients on the legislative process and how to advocate for their causes, while highlighting the importance of remaining engaged.

4. Describe the target population to be served; and

NVNG will target underserved/underrepresented populations in Hawaii (e.g., homeless, individuals with disabilities, etc.), by partnering with other social service agencies and first encourage those organizations' employees to register to vote and be more civically engaged. Once these organizations' staff understand the importance of voting, they can be strong advocates in promoting the same for their clients. We will also target those who have historically been disengaged in the voting process (e.g., Native Hawaiian communities), and the newest generation of voters (college students).

5. Describe the geographic coverage.

The campaign will be conducted in target communities throughout the State of Hawaii.

II. Service Summary and Outcomes

The Service Summary shall include a detailed discussion of the applicant's approach to the request. The applicant shall clearly and concisely specify the results, outcomes, and measures of effectiveness from this request. The applicant shall:

1. Describe the scope of work, tasks and responsibilities;

In the past, NVNG has primarily been active during election seasons. In order to have a greater reach and impact, NVNG will function year round and will conduct statewide civic training programs designed to encourage and inspire communities to engage in the voting process. NVNG will educate voters on the issues facing their communities and the importance of voting and civic engagement, organize door to door canvassing that will target those areas that have historically been very low in participation, and measure the increases in voter turnouts during each election cycle. We will promote the use of absentee ballots to encourage voter participation. The staff of the NVNG program will work with existing social services organizations and other new community partners to engage their employees and clients in this effort. Tools such as social media will be used in this effort to sustain the interest level of newly engaged voters to participate in future elections.

2. Provide a projected annual timeline for accomplishing the results or outcomes of the service;

Quarter 1: July-September 2015

- Create Objective Work Plan
- Hire Assistant Coordinator

Quarter 4: April-June 2016

- Continue campaign efforts listed in Quarters 2 & 3, including identification and recruitment of key partners on a different neighbor island to conduct outreach efforts locally

3. Describe its quality assurance and evaluation plans for the request. Specify how the applicant plans to monitor, evaluate, and improve their results

An Objective Work Plan will be created in the first month of the proposed project and will include timelines for each task/activity. An internal self-evaluation and assessment will be conducted on the Objective Work Plan, to identify whether the objectives were met in the timeframe established. Staff will meet at least once a quarter to assess progress and discuss how to improve the campaign efforts and ensure positive outcomes.

4. List the measure(s) of effectiveness that will be reported to the State agency through which grant funds are appropriated (the expending agency). The measure(s) will provide a standard and objective way for the State to assess the program's achievement or accomplishment. Please note that if the level of appropriation differs from the amount included in this application that the measure(s) of effectiveness will need to be updated and transmitted to the expending agency.

NVNG will measure the effectiveness of our program by counting the increase in numbers of registered voters in the communities we will be targeting as well as the number of trainings provided.

IV. Experience and Capability

A. Necessary Skills and Experience

The applicant shall demonstrate that it has the necessary skills, abilities, knowledge of, and experience relating to the request. State your experience and appropriateness for providing the service proposed in this application. The applicant shall also provide a listing of verifiable experience of related projects or contracts for the most recent three years that are pertinent to the request.

Partners in Development Foundation (PIDF) has 17 years of experience serving the underserved populations in Hawaii and has managed over 50 separate grants totaling over \$90 million. No Vote No Grumble, a program of PIDF, is an established civic engagement initiative in Hawaii that is equipped to address and support the civic engagement needs of the State as stated above. In the past eight

years, NVNG has run four campaigns that resulted in over 5,000 newly registered voters and over 10,000 people educated on civic engagement and the importance of voting.

In 2014, NVNG accomplished the following:

- Increased the number of registered voters and actual voting numbers in targeted communities through door to door canvassing, registration events, community events/outreach, and phone banking. As a result of these efforts, NVNG registered 738 people during 2014's election season. Voters (especially first-time and elderly) appreciated the campaign for providing immediate feedback to questions, assistance with completing registration forms, presence at community events, and the ease of access in turning in registration forms.
- Community partners & support: NVNG currently has 20 partnering agencies, including HANO, We Vote Hawaii, CNHA, Lanakila Pacific, Catholic Charities Hawaii, Aloha Care, and the Hawaii State Commission on the Status of Women. The campaign has also been supported by APIA Vote and OHA.
- NVNG, OHA, and Kanu Hawaii co-sponsored a Candidate "game" to help show voters which candidate they aligned most with on specific hot topics.
- NVNG hosted a Gubernatorial candidate forum in October 2014 that was also streamed live on 'Olelo TV and highlighted on local news networks.
- 7 Public Service Announcements showcasing local entertainers, community partners and former Hawaii US Senator Daniel Akaka were shown on both regular and local cable TV stations. NVNG's PSAs during the election season also resulted in our name being used throughout the state to inspire others to vote.
- Governor Neil Abercrombie issued a proclamation to declare October 23rd as NVNG Day in Hawaii.
- 27 sign waving events were held island-wide.
- 16 presentations at local universities and colleges were made.
- 23 community events were held.
- Outreach efforts were made to 16 health centers and Farmer's Markets.
- Participation in 1 nationally televised parade was accomplished.

B. Facilities

The applicant shall provide a description of its facilities and demonstrate its adequacy in relation to the request. If facilities are not presently available, describe plans to secure facilities.

Administrative office space and equipment is being provided by Partners in Development Foundation. The office is utilized as a primary physical location for the program with computer and phone access.

V. Personnel: Project Organization and Staffing

A. Proposed Staffing, Staff Qualifications, Supervision and Training

The applicant shall describe the proposed staffing pattern and proposed service capacity appropriate for the viability of the request. The applicant shall provide the qualifications and experience of personnel for the request and shall describe its ability to supervise, train and provide administrative direction relative to the request.

One part-time Program Manager and one full-time Program Assistant are needed to carry out this year-round campaign. During the 2014 election season, NVNG had 4 part-time staff (Program Manager and Coordinators) as well as numerous volunteers who were needed to carry out the campaign. However, because elections have passed, we anticipate that one part-time Program Manager and one full-time Program Assistant will be needed to carry out the objectives of NVNG in this next year.

Alexander Santiago will continue as Program Manager for NVNG, overseeing the program's goals and objectives to ensure they are met in a timely manner, communicating with key community members and organizations, supervising NVNG staff, increasing voter engagement, and conducting trainings to newly registered voters. Mr. Santiago has ten years of experience working in the Legislature and teaches an advanced Graduate course in the field of Social Work concentrating on Policy analysis and civic engagement. In addition, Mr. Santiago started and led PHOCUSED (Protecting Hawaii's Ohana Children Under Served Elderly and Disabled), a coalition of social service agencies advocating for social change for Hawaii's disadvantaged populations.

We will need to hire a full-time Program Assistant to coordinate voter registration efforts throughout the State and facilitate direct contact with voters and potential voters. The Program Assistant will be responsible for recruiting and training volunteers, organizing voter registration events, updating the NVNG website and social media platforms, and maintaining correspondence via phone, email, and other means.

PIDF officers will oversee the NVNG project, providing fiscal management and administrative support. PIDF has 17 years of experience managing a wide range of programs serving the Native Hawaiian community through private, State, and Federal grants.
