Application for Grants

If any item is not applicable to the request, the applicant should enter "not applicable".

I. Background and Summary

1. A brief description of the applicant's background

Arc of Maui County was established in 1954 as a grassroots organization of parents and concerned citizens to help address the unmet service needs of intellectually and developmentally disabled residents of Maui County. Arc is now the only agency in the state providing residential Intermediate Care Facility group homes services on a neighbor island. Along with our ICF group homes, Arc has owned and operated domiciliary homes for over 28 years, recently opening Molokai's first licensed group home. Arc has assisted hundreds of Maui County families and steadily expanded the level of services available to our disabled clients and their families. The agency currently provides the following services: 1) Residential Group Homes; 2) DD Waiver Services (Adult Day Health, Respite, Personal Assistance Services, Behavioral Health and Nursing Services); 3) Employment Services; and 4) Transportation Services. consistently maintained a qualified professional staff (administrators, program specialists and direct support professional) that work directly with clients and their families to ensure a consistent level of care, support and assistance appropriate to the needs of each individual's circumstances. Administratively, Arc has developed record-keeping, accounting and reporting policies, procedures and tracking systems that are aligned with Federal, State and County rules and regulations to ensure compliance with bookkeeping and reporting requirements.

2. The goals and objectives related to the request

The mission of Arc of Maui County is to promote the human rights of people with intellectual and developmental disabilities and actively support programs and services that ensure full inclusion and participation in the community throughout life. To accomplish this mission Arc has consistently expanded and enhanced the level of services available in response to the changing needs of our client base. As Maui's population has grown, the number of intellectually and developmentally disabled individuals that require the specialized services provided by Arc has significantly increased and a higher level of assistance and support is required to address the behavorial issues associated with a progressively diverse and complex range of disabilities (including cerebral palsy, down syndrome, autism spectrum disorders, ADHD, etc).

This request for FY2017 GIA funds is based on the need to adjust and enhance our service strategy to provide an appropriate level of services to a larger number of clients with a more diverse and complex range of intellectual and/or developmental disabilities. The program enhancements that will be accomplished with the proposed Initiative include: 1) Development and implementation of individualized client service plans based on behavioral analyses to ensure

an appropriate level of care and support for all existing and new clients; 2) Expansion of vocational training and employment opportunities available for Arc clients; 3) Implementation of an in-house staff training program in Crisis Prevention and Intervention to better equip direct services staff in fostering healthy, positive working (and living) environment for our clients; and 4) Expansion of Arc's capacity to meet the transportation needs of Residential Group Home clients and clients participating in Adult Day Health or other special activities in the community. All of these enhancements are aimed at providing Arc of Maui County with sufficient capacity to continue to honor our commitment to the State DOH (and other funding sources) to provide an appropriate level of high-quality services for intellectually and developmentally disabled adults residing in Maui County, which enables them to reach their highest potential as participating members of the community.

3. The public purpose and need to be served

There are currently over 250 adults in Maui County that have been identified (by the State DOH/DDD) as severely intellectually and/or developmentally disabled and require a high level of specialized support and assistance to maintain independent lifestyles. Based on the number of current service referrals and inquiries made to Arc, the number of children in Maui County diagnosed as intellectually and/or developmentally disabled has dramatically increased in recent years and as these children grow into adults and aging family members are unable to provide the level of care required, the need for specialized services is expected to escalate significantly. Nationally, I out of every 10 families is impacted by severe intellectual disabilities and diagnoses of developmental disorders such as cerebral palsy, down syndrome, autism spectrum disorders and ADHD have increased by as much as 400% over the last 10 years. These individuals require a combination and sequence of special interdisciplinary care, treatment and other services which are life-long and individually planned and coordinated to enable them to maintain independent living and realize their full potential as members of the community. As the number of intellectually and/or developmentally disabled adults residing in Maui County continues to increase and the level of service support required has become more complex and intensive, Arc has steadily expanded its resource base and initiated new service strategies to meet the supportive service and residential needs of our clients.

Describe the target population to be served

Arc programs and services target children and adults residing in Maui County with intellectual and/or developmental disabilities that require specialized support and assistance to maintain independent lifestyles and realize their full potential as members of the community. Intellectual disabilities are classified as "mild, moderate or severe" and 85% of the adults identified as intellectually disabled in Hawaii (by State DOH) are considered "mild" and can acquire academic skills up to 5-6th grade level and may work independently with minimal support. Nearly 50% of these disabled adults live with family members (compared to national average of 33%), which reflects the critical need for additional residential programs to accommodate this population as family members age and are unable to provide a sufficient level of care. A number of specific conditions are classified as developmental disabilities (i.e. cerebral palsy, down syndrome, autism spectrum disorders, ADHD, etc.) with the common feature being a severe chronic disability attributable to mental and/or physical impairment that is likely to continue indefinitely.

5. Describe the geographic coverage.

Arc of Maui County provides a comprehensive range of services throughout Maui County, including the remote rural communities of Hana and Molokai. In addition to operating an Adult Day Health Program in central Wailuku on an ongoing basis, Arc currently owns and operates 6 Residential Group Homes in located in Waiehu, Kihei, Lahaina and Maunaloa (Molokai) and two (2) in Kahului.

II. Service Summary and Outcomes

1. Describe the scope of work, tasks and responsibilities

The proposed Program Enhancement Initiative is based on an updated assessment of Arc's service delivery strategies which focused on identifying the resources needed to effectively address the increasingly diverse and complex needs of the agency's growing client base (intellectually and developmentally disabled adults residing in Maui County) to ensure an appropriate level of care and support that will result in a consistent, stable funding stream from our primary sources of support (Medicaid Home and Community Based Services and HUD). Each component of the Initiative will address specific service gaps associated with the growing number of Maui County residents in need of services and the increased diversity and complexity of the intellectual and developmental disabilities that are now referred to our agency. The Initiative will support program enhancements in 4 key service areas:

- 1) Client Assessment/Care Plan A Board-certified Behavioral Analyst will be retained to develop and implement individualized client service plans based on detailed, individualized behavioral analyses to ensure an appropriate level of care and support for all existing and new clients;
- 2) Vocational Training/Employment A qualified Vocational Training/Employment Specialist will be retained to develop and implement expanded vocational training and employment opportunities for clients participating in the Adult Day Health and Residential Group Home programs;
- 3) Staff Development 3 Arc staff members will participate in training for Certification as Crisis Prevention/Intervention (CPI) Instructors and implement an in-house training program in Crisis Prevention and Intervention to better equip direct services staff in fostering healthy, positive working (and living) environment for our clients; and
- 4) Client Transportation Two 12 passenger vans will be acquired to expand Arc's capacity to meet the transportation needs of Residential Group Home clients and clients participating in Adult Day Health or other special activities in the community.

The CEO, with support and assistance from the Program Director, will be responsible for coordinating the implementation of each component of the Initiative, including the selection and supervision of the Behavioral Analyst and Vocational Training/Employment Specialist, who will be retained as independent contractors for one year term.

The Program Director will work closely with the contracted Behavioral Analyst to establish standardized policies and procedures for the development of improved client care plans based on a detailed behavioral analysis of each individual client. The Behavioral Analyst will schedule a series of meetings with staff, clients and their families, caregivers and other service providers to develop an analysis of each client's characteristics and personal circumstances with the objective of determining appropriate service strategies to effectively address their specific physical, intellectual and emotional needs. The knowledge and expertise of a Board Certified Behavioral Analyst will equip Arc to effectively respond to the increasingly complex behavioral issues associated with a wide spectrum of intellectual and developmental disabilities. The Behavioral Analyst will also provide specialized training and support for staff assigned to the group home program and adult day health program to help them better meet the service needs of our clients.

Arc will retain a qualified Vocational Training/Employment Specialist with current experience in vocational training, employment preparation and employment placement (including supported employment opportunities). The Program Director will work closely with the consultant to establish specific objectives and benchmarks relative to the expansion of Arc's existing Vocational Programs. The Vocational Training/Employment Specialist will be responsible for developing training curriculum, implementing in-house employment preparation activities and networking to expand employment opportunities in the community (including supported employment) for persons with disabilities. In response to the relatively low rate of employment among disabled persons in Hawaii (compared to national average), the State of Hawaii has recently prioritized vocational training and employment placement as essential components of programs serving individuals with intellectual and developmental disabilities. The Vocational Coordinator will enable Arc to expand and improve the level of vocational and employment services available to assist our clients work in the community and lead more fulfilling, independent lives. It is important that Arc continues to maintain standards and service strategies that are consistent with State DOH/DDD priorities since the State Home and Community-based Services Program is a primary source of funding support for our programs and services.

The staff development component of the proposed Program Enhancement Initiative for Special Needs Children and Adults in Maui County will involve the participation of 3 Arc staff members in an intensive 4 day Non-Violent Crisis Intervention Instructor Certification Program conducted by Crisis Prevention Institute (CPI), an international training organization committed to best practices and safe behavior management methods that focus on crisis prevention. CPI was established in 1980 by human service professionals to address the need for training in safe, respectful, noninvasive methods for managing disruptive and assaultive behavior in a way that is compatible with staff's duty to provide the best possible care. With a core philosophy of providing for the Care, Welfare, Safety, and Security of everyone involved in a crisis situation,

the program's proven strategies give human service providers the skills to safely and effectively respond to anxious, hostile, or violent behavior while balancing the responsibilities of care. The principals and techniques of the Non-Violent Crisis Intervention approach are directly applicable to addressing behavioral issues associated with intellectual and developmental disabilities and this training will enable Arc to better deal with the characteristics and needs of each individual participating in our programs. The CEO will schedule the participation of 3 Arc staff members in the training program and upon completion of the 4 day Instructor Certification Program, these staff members will develop and implement an in-house non-violent crisis intervention training program based on the CPI model and tailored to address the specific needs of clients participating in Arc programs.

The CEO will be responsible for the acquisition of two new 12 passenger vans (1 w/handicap lift) through a competitive procurement process that complies with all State requirements (at least 3 verifiable bids). The new vans will be placed into service to provide transportation services for clients residing on Maui and participating in the Residential Group Home and/or Adult Health Care programs. The new vans will enable Arc to initiate transportation services for disabled clients residing on Molokai (one vehicle from our current fleet can be shipped to Molokai), which will help meet the needs of clients being placed in the Residential Group Home recently opened in Maunaloa, Molokai.

2. Provide a projected annual timeline for accomplishing the results or outcomes of the service

3. <u>Describe its quality assurance and evaluation plans for the request. Specify how the applicant plans to monitor, evaluate, and improve their results</u>

The success of the proposed Initiative will be evaluated on the basis of achieving specific performance benchmarks associated with each component of the Initiative. Each of these benchmarks will be aligned with accomplishing the overall objective of enhancing the level of services provided to ensure the continuation of primary funding from the Medicaid Home and Community-Based Services and HUD. Specifically:

- Client Assessment/Care Plans The Behavioral Analyst will be required to submit regular reports indicating the number of analyses completed, number of individualized client care plans developed and implemented, service improvements resulting from improved care plans and details of all staff consultations/trainings. The Program Director and/or CEO will conduct regular meetings with the Behavioral Analyst to discuss progress in accomplishing objectives and identify strategies to improve the results of the program.
- Vocational Training/Employment Services The Vocational Training/Employment Specialist will be required to submit regular reports indicating progress in developing and implementing enhanced services including data on number of clients assisted, type of assistance provided, number of new training and/or employment opportunities made available to clients, number of employment-related contacts made in the community and number of clients successfully placed in appropriate vocational training and employment (including supported employment).
- Staff Development The 3 Arc staff members that participate in and complete CPI Instructor Certification will work as a team to develop an in-house CPI training program and will submit regular reports indicating their progress in developing curriculum and implementing training for Arc program staff. The number of training sessions conducted and number of staff members participating will be tracked to gauge the success of this program component.
- Transportation Services Detailed logs on the usage of all Arc vehicles are maintained to
 document the specific type of transportation services provided (i.e. Transport clients
 between home and Adult Day Health Programs, medical and dental appointments,
 community outings and events) and ensure that vans are used only for the authorized
 purpose of meeting the transportation needs of direct service clients. The impact of 2
 new vans will be indicated by the increased number of transports provided to clients
 when they are placed into service.
 - 4. <u>List the measure(s) of effectiveness that will be reported to the State agency through which grant funds are appropriated (the expending agency). The measure(s) will provide a standard and objective way for the State to assess the program's achievement or accomplishment. Please note that if the level of appropriation differs from the amount included in this application that the</u>

6

measure(s) of effectiveness will need to be updated and transmitted to the expending agency.

Arc of Maui County will utilize measures of effectiveness specific to each separate component of the proposed Initiative to provide reports to the State that will enable an assessment of the program's achievements and accomplishments:

Client Assessment/Care Plans – During the one year grant term, the Behavioral Analyst will conduct comprehensive behavioral analyses and develop individualized client care plans for at least 30 intellectually and/or developmentally disabled adults participating in Arc's Residential Group Home and/or Adult Day Health Programs.

Vocational/Employment Services – During the one year grant term, the Vocational Training/ Employment Specialist will work directly with at least 20 clients to place them in a vocational training and/or employment opportunity appropriate to their needs and abilities, AND implement at least 1 new in-house vocational training or employment placement program for Arc clients.

Staff Development – During the one year grant term, 3 Arc staff members will complete CPI training and become certified as CPI Instructors and implement an in-house program that will provide CPI training to at least 40 Arc caregivers/program staff members.

Transportation Services - During the first year that the 2 new vans are in service, the total mileage logged by Arc vehicles while providing client transportation will increase by at least 50% (compared to past year with existing fleet).

III. Financial

Budget

- 1. The applicant shall submit a budget utilizing the enclosed budget forms as applicable, to detail the cost of the request. SEE ATTACHED
- 2. The applicant shall provide its anticipated quarterly funding requests for the fiscal year 2017.

Quarter 1	Quarter 2	Quarter 3	Quarter 4	Total Grant
\$132,000	\$20,000	\$20,000	\$20,000	\$192,000

3. The applicant shall provide a listing of all other sources of funding that they are seeking for fiscal year 2017. — Budget for FY2017 has not been approved. Please see copy of approved operating budget for FY2016 which lists all sources of funding projected for FY2016. The sources of funding projected for FY2017 are anticipated to continue at the same approximate level.

- 4. The applicant shall provide a listing of all state and federal tax credits it has been granted within the prior three years. Additionally, the applicant shall provide a listing of all state and federal tax credits they have applied for or anticipate applying for pertaining to any capital project, if applicable. NOT APPLICABLE
- 5. The applicant shall provide a listing of all federal, state, and county government contracts and grants it has been and will be receiving for program funding. <u>SEE ATTACHED FY2016 APPROVED OPERATING BUDGET (which lists all federal, state and county government contracts and grants projected for FY2016.</u>
- 6. The applicant shall provide the balance of its unrestricted current assets as of December 31, 2015. SEE BALANCE SHEET ATTACHED

IV. Experience and Capability

A. Necessary Skills and Experience

Arc of Maui County has 62 years of services to hundreds of families throughout Maui County and continue to expanded the level of services available to our clients with intellectual and developmental disabilities. The agency currently provides the following services:

- 1) Residential Group Homes Arc owns and operates 6 group homes that are licensed by the State Department of Health and provide round the clock supportive services (24/7) by trained Arc staff to meet the individual needs of each residents.
- 2) Medicaid Home and Community Based Services Arc provides a full variety of programs that include: Adult Day Health Program (8am-2pm Mon-Fri); Personal Assistant Services 1&2; Respite Programs; Behavioral Health and Nursing Services. Services are provided on Maui including rural Hana; on Molokai and Lanai.
- 3) Employment Services Pre-Vocational and Supported Employment. Arc holds a Special Minimum Wage Certificate by the State Department of Labor for our "Helping Hands" pre-vocational work program. We produce items that are for sale in more than twenty stores on Maui.
- 4) Transportation Services Arc provides all transportation needs for clients within our programs. Transportation services are essential for everyone, especially those with limited mobility, restriciting those to opportunitites to particiate in community outings such as adaptive kayaking with Maui County, visits to the lavendar farm or programs at Maui Arts and Cultural Center.

As Maui's population has grown, the number of intellectually and developmentally disabled individuals that require the specialized services provided by Arc has significantly increased and a higher level of assistance and support is required to address the behaviorial issues associated with a progressively diverse and complex range of disabilities (including cerebral palsy, down

syndrome, autism spectrum disorders, ADHD, etc). Arc has responded to the increased need for services by gradually enlarging our core direct service programs, which currently serve 72 disabled children, adults and their families; and expanding our Residential Group Home program to provide community living opportunities in the community to as many as 29 severely disabled adults whose families are unable to provide the necessary level of care. Arc is currently in the process of occupying 2 new group home facilities (Central Maui, Molokai) and based on a commitment to prioritizing those with the greatest need for services, it is anticipated that the residents of these new facilities will include individuals with intellectual and/or developmental disabilities that are associated with significant behavioral issues which require a high level of specialized service support.

B. Facilities

The applicant shall provide a description of its facilities and demonstrate its adequacy in relation to the request. If facilities are not presently available, describe plans to secure facilities.

Arc of Maui County currently leases approximately 4,400 s.f. in the J. Walter Cameron Center community service facility to provide appropriate space for programs (Adult Day Health Program) and offices for Arc staff. Arc also own and operates 6 large Residential Group Homes that are located throughout Maui County (Waiehu, Lahaina, Kihei, Maunaloa (Molokai) and 2 (two) in Kahului).

V. Personnel: Project Organization and Staffing

A. Proposed Staffing, Staff Qualifications, Supervision and Training

The applicant shall describe the proposed staffing pattern and proposed service capacity appropriate for the viability of the request. The applicant shall provide the qualifications and experience of personnel for the request and shall describe its ability to supervise, train and provide administrative direction relative to the request.

All aspects of the proposed Initiative will be coordinated by the Arc management team, which consists of the CEO, CFO and Program Director.

The CEO (Rob Lane) is responsible for managing all aspects of agency operation, community networking and serving as a liaison with the Arc Board of Directors. Rob Lane has over 20 years of executive level experience in the administration and management of programs and projects serving special needs individuals. His experience includes providing the leadership and management for several successful large service provider agencies, coordinating various capital projects (i.e.- property acquisition, facility development, rehabilitation/improvements) and managing multiple public and private funding sources to support service programs.

The CFO (Nancy Segundo) is responsible for all accounting, record-keeping and reporting functions associated with the Arc programs and projects. Nancy has been with Arc since 1997 which has provided extensive experience in administering the financial and record-keeping activities for public and private grant programs including the State DOH Home and Community-based Services Program, Federal Medicaid programs and County of Maui Line-Item, Affordable Housing Fund and CDBG funds.

The Program Director (Valerie Sly) works closely with the CEO to assist with the coordination of all programs and services associated with the Residential Group Home Program and serves as a direct liaison with the current residents of each group home to ensure their needs and service expectations are being met on an ongoing basis. Valerie is also responsible for the hiring, training and direct supervision of employees, development and implementation of policies, procedures and service strategies. Valerie has worked with intellectually and developmentally disabled individuals in various professional capacities for over 25 years and her knowledge, experience and dedication are tremendous assets to Arc and the clients we serve.

The Arc administrative staff has extensive experience in managing public funds, including State DOH Home & Community-based Services Program, HUD Section 202, HUD Section 8 Rental Assistance, Medicaid payments and County of Maui CDBG program funds.

B. Organization Chart

The applicant shall illustrate the position of each staff and line of responsibility/supervision. If the request is part of a large, multi-purpose organization, include an organization chart that illustrates the placement of this request.

The organization chart showing staff and lines of authority for Arc of Maui County is attached. This request involves program enhancements that will supplement and improve the staff resources already in place at the agency.

C. Compensation

The applicant shall provide the annual salaries paid by the applicant to the three highest paid officers, directors, or employees of the organization by position.

CEO - \$82,090 CFO - \$76,949 Program Director - \$60,890

VI. Other

A. Litigation

The applicant shall disclose any pending litigation to which they are a party, including the disclosure of any outstanding judgement. If applicable, please explain.

Arc of Maui County is not a party in or subject to any pending litigation or outstanding judgements.

B. Licensure or Accreditation

The applicant shall specify any special qualifications, including but not limited to licensure or accreditation that the applicant possesses relevant to this request. Arc of Maui County currently operates 3 licensed Intermediate Care Facilities (Hale Kanaloa, Hale Kihei, Mana Ola Na Keanuenue), 2 licensed Domiciliary Home Facilities (Hale Lahaina, Hale Maunaloa) and 1 additional Domiciliary Home in the process of licensing (Hale Malaihi).

C. Private Educational Institutions

The applicant shall specify whether the grant will be used to support or benefit a sectarian or non-sectarian private educational institution. Please see Article X, Section 1, of the State Constitution for the relevance of this question. NOT APPLICABLE

D. Future Sustainability Plan

The applicant shall provide a plan for sustaining after fiscal year 2016-17 the activity funded by the grant if the grant of this application is:

- (1) Received by the applicant for fiscal year 2016-17, but
- (2) Not received by the applicant thereafter.

Arc of Maui County is dedicated to providing a comprehensive range of support and assistance for intellectually and/or developmentally disabled children and adults, Arc has established a solid track record in service delivery that has enabled the agency to consistently secure the funding resources necessary to support its operations. Arc currently supports an annual operating budget of over \$4.3 million with 93% of total funding derived from 3 sources (Medicaid Home and Community-based Services Program – 48%; Medicaid Long-term Care – 40%; and HUD Tenant Assistance Program – 5%). Arc works closely with representatives of DOH/DDD, Medicaid and HUD to ensure compliance with all requirements and performance standards and it is anticipated that these funding sources will continue to provide primary support for Arc over the long-term. The GIA funds requested in this proposal will supplement our primary funding sources to help

Arc expand our capacity to address the changing needs of our client base and respond to shifts in State policies and priorities. This Program Enhancement Initiative represents a proactive step towards positioning Arc to maintain a stable funding stream from our primary sources of support which will enable Arc sustain long-term viability.

E. Certificate of Good Standing (If the Applicant is an Organization)

If the applicant is an organization, the applicant shall submit one (1) copy of a certificate of good standing from the Director of Commerce and Consumer Affairs that is dated no earlier than December 1, 2015.

PLEASE SEE ATTACHMENT

DECLARATION STATEMENT OF APPLICANTS FOR GRANTS PURSUANT TO CHAPTER 42F, HAWAI'I REVISED STATUTES

The undersigned authorized representative of the applicant certifies the following:

- 1) The applicant meets and will comply with all of the following standards for the award of grants pursuant to Section 42F-103, Hawai'i Revised Statutes:
 - a) Is licensed or accredited, in accordance with federal, state, or county statutes, rules, or ordinances, to conduct the activities or provide the services for which a grant is awarded;
 - b) Complies with all applicable federal and state laws prohibiting discrimination against any person on the basis of race, color, national origin, religion, creed, sex, age, sexual orientation, or disability;
 - c) Agrees not to use state funds for entertainment or lobbying activities; and
 - d) Allows the state agency to which funds for the grant were appropriated for expenditure, legislative committees and their staff, and the auditor full access to their records, reports, files, and other related documents and information for purposes of monitoring, measuring the effectiveness, and ensuring the proper expenditure of the grant.
- 2) If the applicant is an organization, the applicant meets the following requirements pursuant to Section 42F-103, Hawai'i Revised Statutes:
 - a) Is incorporated under the laws of the State; and
 - b) Has bylaws or policies that describe the manner in which the activities or services for which a grant is awarded shall be conducted or provided.
- 3) If the applicant is a non-profit organization, it meets the following requirements pursuant to Section 42F-103, Hawai'i Revised Statutes:
 - a) Is determined and designated to be a non-profit organization by the Internal Revenue Service; and
 - b) Has a governing board whose members have no material conflict of interest and serve without compensation.

Pursuant to Section 42F-103, Hawai'i Revised Statutes, for grants used for the acquisition of land, when the organization discontinues the activities or services on the land acquired for which the grant was awarded and disposes of the land in fee simple or by lease, the organization shall negotiate with the expending agency for a lump sum or installment repayment to the State of the amount of the grant used for the acquisition of the land.

Further, the undersigned authorized representative certifies that this statement is true and correct to the best of the applicant's knowledge.

Department of Commerce and Consumer Affairs

CERTIFICATE OF GOOD STANDING

I, the undersigned Director of Commerce and Consumer Affairs of the State of Hawaii, do hereby certify that

ARC OF MAUI COUNTY

was incorporated under the laws of Hawaii on 08/24/1960; that it is an existing nonprofit corporation; and that, as far as the records of this Department reveal, has complied with all of the provisions of the Hawaii Nonprofit Corporations Act, regulating domestic nonprofit corporations.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Department of Commerce and Consumer Affairs, at Honolulu, Hawaii.

Dated: January 11, 2016

Director of Commerce and Consumer Affairs
