
A BILL FOR AN ACT

RELATING TO TAXATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that tobacco use is the
2 single most preventable cause of disease, disability, and death
3 in the United States. Tobacco use continues to be a problem in
4 Hawaii, causing approximately 1,400 deaths per year among
5 adults. An estimated 21,000 children in Hawaii currently under
6 the age of eighteen will ultimately die prematurely from
7 smoking. Tobacco use poses a heavy burden on Hawaii's health
8 care system and economy. Each year, smoking costs approximately
9 \$526,000,000 in direct health care expenditures and \$387,300,000
10 in lost productivity in the State.

11 The legislature further finds that tobacco products are
12 addictive and inherently dangerous, causing many different types
13 of cancer, heart disease, and other serious illnesses. Hawaii
14 has a substantial interest in reducing the number of individuals
15 of all ages who use tobacco products, and a particular interest
16 in protecting adolescents from tobacco dependence and the
17 illnesses and premature death associated with tobacco use.

1 The legislature additionally finds that the United States
2 Food and Drug Administration recently issued a proposed deeming
3 regulation that will eventually bring all tobacco products,
4 including nicotine derived from tobacco and any product
5 containing tobacco, under its authority. An amendment to the
6 definition of "tobacco products" in chapter 245, Hawaii Revised
7 Statutes, is therefore needed to include nicotine derived from
8 tobacco within the definition of tobacco products.

9 The legislature also finds that taxes on tobacco products
10 should be similar to the tax rates already imposed on
11 cigarettes. Tobacco products other than cigarettes are
12 currently taxed at a lower rate than cigarettes, even though
13 their use carries similar health risks. Research has shown that
14 either a tax on cigarettes or cigarette price increases have the
15 propensity to reduce the rate of smoking by adult and youth
16 smokers. However, the legislature is concerned that as the
17 price of cigarettes increases, smokers may be tempted to
18 purchase less expensive tobacco products, including loose or
19 roll-your-own tobacco.

20 Finally, the legislature concludes that there should not be
21 a lower-priced tobacco alternative to cigarettes in Hawaii;

1 therefore a similar tax rate for cigarettes and tobacco products
2 that acts as a deterrent for all forms of tobacco use is needed.
3 Higher tobacco product prices will encourage tobacco users to
4 quit, sustain cessation, prevent youth initiation, and reduce
5 consumption among those who continue to use tobacco.

6 It is the legislature's intent for loose and roll-your-own
7 tobacco to be considered a tobacco product subject to the excise
8 tax under this Act.

9 The purpose of this Act is to:

- 10 (1) Expand the definition of "tobacco products" to include
11 any product containing nicotine, but not containing
12 tobacco;
- 13 (2) Impose an excise tax equal to eighty per cent of the
14 wholesale price of any tobacco product, other than
15 large cigars, sold by a wholesaler or dealer on and
16 after January 1, 2016, whether or not sold at
17 wholesale, or if not sold then at the same rate upon
18 the use by the wholesaler or dealer; and
- 19 (3) Require the moneys collected under the increased
20 excise tax rate to be deposited to the credit of the
21 Hawaii cancer research special fund.

1 SECTION 2. Section 245-1, Hawaii Revised Statutes, is
2 amended by amending the definition of "tobacco products" to read
3 as follows:

4 "Tobacco products" means [~~tobacco~~]:

5 (1) Tobacco in any form, other than cigarettes or little
6 cigars, that is prepared or intended for consumption
7 or for personal use by humans, including large cigars
8 and any substitutes thereof other than cigarettes that
9 bear the semblance thereof, snuff, chewing or
10 smokeless tobacco, and smoking or pipe tobacco[-]; or

11 (2) Any product containing nicotine, but not containing
12 tobacco, that is intended for human consumption,
13 whether chewed, smoked, absorbed, dissolved, inhaled,
14 snorted, sniffed, or ingested by any other means.

15 "Tobacco products" does not include any product
16 specifically approved by the United States Food and Drug
17 Administration for legal sale as a tobacco cessation product
18 that is being marketed and sold solely for that approved
19 purpose."

20 SECTION 3. Section 245-3, Hawaii Revised Statutes, is
21 amended by amending subsection (a) to read as follows:

1 "(a) Every wholesaler or dealer, in addition to any other
2 taxes provided by law, shall pay for the privilege of conducting
3 business and other activities in the State:

4 (1) An excise tax equal to 5.00 cents for each cigarette
