
A BILL FOR AN ACT

RELATING TO WATER MANAGEMENT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Section 174C-31, Hawaii Revised Statutes, is
2 amended by amending subsection (d) to read as follows:
3 "(d) The water resource protection plan shall include, but
4 not be limited to:
5 (1) Nature and occurrence of water resources in the State;
6 (2) Hydrologic units and their characteristics, including
7 the quantity and quality of available resource,
8 requirements for beneficial instream uses and
9 environmental protection, desirable uses worthy of
10 preservation by permit, and undesirable uses for which
11 permits may be denied;
12 (3) Existing and contemplated uses of water, as identified
13 in the water use and development plans of the State
14 and the counties, their impact on the resource, and
15 their consistency with objectives and policies
16 established in the water resource protection and water
17 quality plans;

1 (4) Programs to conserve, augment, and protect the water
2 resource [→], including plans for storm water
3 management, reuse, reclamation, and remediation; and

4 (5) Other elements necessary or desirable for inclusion in
5 the plan.

6 Thereafter, the commission, in coordination with the
7 counties and the department of health, shall formulate an
8 integrated coordinated program for the protection, conservation,
9 and management of the waters in each county based on the above
10 studies. This program, with such amendments, supplements, and
11 additions as may be necessary, shall be known as the water
12 resource protection and water quality plans.

13 Thereafter, each county shall prepare a water use and
14 development plan and the appropriate state agency shall prepare
15 the state water projects plan."

16 SECTION 2. Statutory material to be repealed is bracketed
17 and stricken. New statutory material is underscored.

18 SECTION 3. This Act shall take effect on July 1, 2030.
