
A BILL FOR AN ACT

RELATING TO AGRICULTURE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the Hawaii livestock
2 industry consistently identifies the cost of feed as the most
3 expensive component in operational costs. This concern is in
4 line with the national and global effort to reduce feed costs by
5 replacing high-cost ingredients with lower-cost alternatives.
6 Hawaii's situation is exacerbated by the lack of local feed
7 mills, which necessitates the importation of livestock feed.
8 Years of research and local workshops to encourage and support
9 the development of locally produced feed have not improved the
10 deficient feed stock situation in the State.

11 The legislature further finds that the department of
12 agriculture is committed to reducing the cost of production for
13 the State's livestock and aquaculture industries by reducing the
14 cost of feed. Hawaii has the potential ingredients for the
15 development and production of local feedstock. The department
16 of agriculture has initiated a feed development process to
17 identify, assess, and validate available local feed ingredients.

18 The purpose of this Act is to:

- 1 (1) Establish and fund a grant program for qualified feed
- 2 developers;
- 3 (2) Appropriate funds to reimburse qualified producers of
- 4 certain products for their cost of feed;
- 5 (3) Appropriate funds to reimburse feed developers for the
- 6 costs of feed development; and
- 7 (4) Require and fund the department of agriculture to
- 8 conduct a survey to identify, assess, and validate
- 9 locally sourced feed ingredients.

10 SECTION 2. Chapter 155D, Hawaii Revised Statutes, is
 11 amended by adding a new section to be appropriately designated
 12 and to read as follows:

13 "§155D- Grants; qualified feed developer. (a)
 14 Applications for grants submitted by qualified feed developers
 15 shall be submitted on a form furnished by the department and
 16 shall be filed with accompanying documentation of feed

6 the preparer of the financial statement on forms prepared by the
7 department.

8 (d) Funds shall be disbursed upon approval by the
9 department to the qualified feed developer for up to fifty per
10 cent of the development costs of feed sold to qualified
11 producers, as verified by a certified public accountant.

12 (e) In no case shall costs be reimbursed to a qualified
13 feed developer when, after evaluation and verification by the
14 department, the department determines that the amount of
15 reimbursement will result in an annual profit of more than ten
16 per cent.

17 (f) The department shall aggregate the total grant
18 applications pursuant to this section and divide and distribute
19 the available grant funds on a pro rata basis."

1 SECTION 3. Section 155D-1, Hawaii Revised Statutes, is
2 amended by adding a new definition to be appropriately inserted

1 fiscal year. The financial statements shall be certified as
2 accurate by the applicant and the preparer of the financial
