
A BILL FOR AN ACT

RELATING TO THE STATE INTEGRATED SOLID WASTE MANAGEMENT PLAN.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the State's
2 integrated solid waste management goals are to reduce the solid
3 waste stream prior to disposal through source reduction,
4 recycling, and bioconversion. The state integrated solid waste
5 management plan furthers the State's waste management goals and
6 ensures progress toward managing the State's waste. Plan
7 elements include an assessment of existing waste management
8 systems and identification of solid waste management issues.

9 The legislature further finds that section 342G-29, Hawaii
10 Revised Statutes, requires the office of solid waste management
11 to prepare revisions to the state integrated solid waste
12 management plan following the approval and review of each
13 revised county-specific plan. While each county has completed
14 its plan revisions, the revision process has been delayed due to
15 a lack of funds.

16 The purpose of this Act is to appropriate funds to support
17 the revision of the state integrated solid waste management

1 plan, thus furthering the State's waste management goals and
2 ensuring progress toward managing the State's waste.

3 SECTION 2. There is appropriated out of the general
4 revenues of the State of Hawaii the sum of \$ or so much
5 thereof as may be necessary for fiscal year 2016-2017 to support
6 the revision of the state integrated solid waste management
7 plan, based on the ultimate goal of achieving zero waste.

8 The sum appropriated shall be expended by the department of
9 health for the purposes of this Act.

10 SECTION 3. This Act shall take effect on July 1, 2030.

Report Title:

State Integrated Solid Waste Management Plan; Appropriation

Description:

Appropriates funds to the Department of Health to support the revision of the State Integrated Solid Waste Management Plan, based on the goal of achieving zero waste. (HB2237 HD2)
