1 SECTION 1. Section 88-74.7, Hawaii Revised Statutes, is
2 amended to read as follows:

3 "§88-74.7 Commencement of benefits on required beginning
4 date. (a) The purpose of this section is to provide for
5 distribution of benefits in accordance with a reasonable and
6 good faith interpretation of section 401(a)(9) of the Internal
7 Revenue Code. Section 401(a)(9) of the Internal Revenue Code
8 requires that the "entire interest" of a member be distributed
9 or that distribution of the member's benefits begin no later
10 than the member's "required beginning date".

11 (b) For purposes of this section, "required beginning
12 date" means April 1 of the calendar year following the calendar
13 year in which a member terminates service or attains age seventy
14 and one-half, whichever is later.

15 (c) [A] Subject to the suspension and forfeiture
16 provisions of this section and sections 88-96 and 88-341, a
17 member or former member's accumulated contributions or
18 hypothetical account balance, as defined in section 88-311,

1 shall be paid to the member or former member, or payment of the
2 benefits payable under part II, VII, or VIII of this chapter
3 shall commence, no later than the member's or former member's
4 required beginning date. The payment or payments shall be made
5 on, or beginning no later than, the member's or former member's
6 required beginning date even if the member or former member does
7 not apply for payment or file a retirement application.

8 (d) ~~[H]~~ Subject to the suspension and forfeiture
9 provisions of this section and sections 88-96 and 88-341, if by
10 a member's or former member's required beginning date:

11 (1) The ~~[member]~~ member's or former member's accumulated
12 contributions or hypothetical account balance, as
13 defined in section 88-311, are not paid to the member

19 II, VII, or VIII of this chapter, as applicable,
20 retroactive to the member's or former member's
21 required beginning date with regular interest.

22 (e) If the system does not receive a written election from
23 the member or former member under section 88-83, 88-283, or 88-

1 333, as applicable, prior to the later of the member's or former
2 member's required beginning date or sixty days following the
3 receipt by the member or former member of notice from the system
4 that the member or former member is required to make an
5 election, the following election shall be deemed to have been
6 made as of the [~~member~~] member's or former member's required
7 beginning date:

- 8 (1) If the member or former member is unmarried or has no
9 reciprocal beneficiary, the member or former member
10 shall be deemed to have elected the maximum retirement
11 allowance; or
- 12 (2) If the member or former member is married or has a
13 reciprocal beneficiary, the member or former member
14 shall be deemed to have elected option 3 under section
15 88-83, or option A under section 88-283, as
16 applicable, and to have designated the member's or
17 former member's spouse or reciprocal beneficiary as
18 the member's or former member's beneficiary; provided
19 that if the system receives the written election after
20 the member's or former member's required beginning
21 date, but within sixty days following receipt by the
22 member or former member of notice from the system that
23 the member or former member is required to make the

1 election, the written election shall apply, and the
2 member's or former member's retirement benefit shall
3 be recomputed, based on the written election,
4 retroactive to the [~~member~~] member's or former
5 member's required beginning date. The amount of any
6 underpayment resulting from recomputing the benefit
7 shall bear regular interest. If recomputing the
8 benefit results in an overpayment, payments shall be
9 adjusted so that the actuarial equivalent of the
10 benefit to which the member or former member was
11 correctly entitled shall be paid.

12 (f) If the system does not have current information about
13 the member's or former member's marital or reciprocal
14 beneficiary status at the time of a deemed election, the
15 following presumptions shall apply:

16 (1) If the member or former member was married or had a
17 reciprocal beneficiary at the time the member or
18 former member last provided information to the system
19 about the member's or former member's marital or
20 reciprocal beneficiary status, it shall be presumed
21 that the member or former member is still married to
22 the same spouse or is in the same reciprocal
23 beneficiary relationship. If the system does not have

1 information as to the age of the spouse or reciprocal
2 beneficiary, the spouse or reciprocal beneficiary
3 shall be presumed to be forty years younger than the
4 member or former member for purposes of computing the
5 member's or former member's benefit; and

6 (2) If the member or former member was unmarried and did
7 not have a reciprocal beneficiary at the time the
8 member or former member last provided information to
9 the system about the [~~member~~] member's or former
10 member's marital or reciprocal beneficiary status, it
11 shall be presumed that the member or former member is
12 married and that the spouse of the member or former
13 member is forty years younger than the member or
14 former member.

15 (g) The presumptions of subsection (f) shall cease to
16 apply when the member or former member provides the system with
17 current information as to the member's or former member's
18 marital or reciprocal beneficiary status and the age of the
19 [~~member~~] member's or former member's spouse or reciprocal
20 beneficiary, if any, on the member's or former member's required
21 beginning date. The information shall be provided in a form
22 satisfactory to the system. At that time, the member's or
23 former member's retirement allowance shall be recomputed,

1 retroactive to the member's or former member's required
2 beginning date, based on the updated information; provided that,
3 except as provided in subsection (e), the member or former
4 member shall not be permitted to change the member's or former
5 member's retirement allowance option election or beneficiary;
6 provided further that the benefit being paid to any member or
7 former member who, on the member's or former member's required
8 beginning date, was unmarried and did not have a reciprocal
9 beneficiary, but who was deemed to elect option 3 or option A
10 with an assumed spouse or reciprocal beneficiary, shall be
11 converted to the maximum retirement allowance retroactive to the
12 member's or former member's required beginning date. The amount
13 of any underpayment resulting from recomputing the benefit shall
14 bear regular interest. If recomputing the benefit results in an
15 overpayment, payments shall be adjusted so that the actuarial
16 equivalent of the benefit to which the member or former member
17 was correctly entitled shall be paid.

18 (h) If the system cannot locate the member or former
19 member, ~~[the member's or former member's benefit shall be~~
20 ~~payable only until the end of the member's or former member's~~
21 ~~life expectancy, as determined at the member's or former~~
22 ~~member's required beginning date. If the member or former~~
23 ~~member has not by that time made a claim for benefits, the~~

1 ~~member or former member shall be deemed to be deceased at that~~
2 ~~time. Interest under subsection (d) shall cease on benefits~~
3 ~~presumed to be abandoned property, pursuant to part I of chapter~~
4 ~~523A, upon payment of the property to the administrator under~~
5 ~~part I of chapter 523A] by April 1 of the year following the~~
6 member's or former member's required beginning date, the
7 member's or former member's benefit, including accumulated
8 contributions, hypothetical account balance, and payment of the
9 benefits payable under part II, VII, or VIII of this chapter, if
10 any, shall be forfeited to the system and shall not escheat
11 under the laws of any state; provided that the benefit forfeited
12 shall be restored if the member or former member makes a proper
13 application to the system for restoration of the benefit. Any
14 benefit that is restored shall be without interest, earnings, or
15 losses for the time period that the benefit was forfeited. All
16 applications for restoration of a forfeited benefit shall be in
17 a form satisfactory to the system.

18 (i) If after commencing the payment of benefits payable
19 under part II, VII, or VIII of this chapter, the system cannot
20 locate the retirant, beneficiary, or other person or entity
21 entitled to payment of those benefits, the further payment of
22 those benefits shall be forfeited to the system and shall not
23 escheat under the laws of any state; provided that the benefit

1 forfeited shall be restored if the retirant, beneficiary, or
2 other person or entity entitled to payment of the forfeited
3 benefit makes a proper application to the system for restoration
4 of the benefit. Any benefit that is restored shall be without
5 interest, earnings, or losses for the time period that the
6 benefit was forfeited. All applications for restoration of a
7 forfeited benefit shall be in a form satisfactory to the system.

8 [~~i~~] (j) Rules necessary for the purposes of this section
9 shall be adopted as provided in section 88-22.5."

1 (1) If the member becomes an employee again within fifteen
2 calendar days from the date the member ceased to be an
3 employee; or

4 (2) If, at the time the application for return of
5 accumulated contributions is received by the board,
6 the member has become an employee again.

7 Regular interest shall be credited to the former employee's
8 account until the former employee's accumulated contributions
9 are returned to the former employee; provided that the former
10 employee's membership shall not continue after the fourth full
11 year following the calendar year in which the individual's
12 employment terminates. Upon termination of the former
13 employee's membership, the former employee's credited service
14 shall be forfeited and, if the former employee's accumulated
15 contributions are \$1,000 or less at the time of distribution,
16 the system shall return the former employee's contributions to
17 the former employee. If the former employee does not become an
18 employee again and if the former employee's accumulated

15 interest shall cease to be credited to the former employee's
16 account. If the system cannot locate the former employee by
17 April 1 of the calendar year following the calendar year in
18 which the system's obligation to return the accumulated
19 contributions was suspended, the accumulated contributions and
20 interest on the former employee's account shall be forfeited to
21 the system; provided that the accumulated contributions and
22 interest forfeited shall be restored if the former employee
23 makes a proper application to the system for restoration of the

1 benefit. Any contributions and interest that are restored under
2 this subsection shall be without interest, earnings, or losses
3 for the time period that the contributions and interest were
4 forfeited. All applications for restoration shall be in a form
5 satisfactory to the system.

6 (d) In the case of the death after the termination of
7 service and prior to retirement of a former member who has not
8 withdrawn the former member's contributions, the former member's
9 accumulated contributions shall upon application be paid to the

Report Title:

Employees' Retirement System; Unclaimed Property

Description:

Preserves the Employees' Retirement System's use and control of unclaimed member contributions and benefit payments.

The summary description of legislation appearing on this page is for informational purposes only and is not legislation or evidence of legislative intent.

JUSTIFICATION SHEET

DEPARTMENT: DEPARTMENT OF BUDGET AND FINANCE

TITLE: A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM

PURPOSE: To preserve the use and control by the Employees' Retirement System (ERS) of unclaimed member benefits and contributions that would otherwise be paid to the State's Unclaimed Property Program or escheated to other states.

MEANS: Amend sections 88-74.7, 88-96, and 88-341, Hawaii Revised Statutes (HRS).

JUSTIFICATION: Under sections 88-74.7, 88-96, and 88-341, the ERS is required to return member contributions and to commence the payment of benefits to members, former members, beneficiaries, or other persons or entities at certain required distribution dates. Despite a reasonably diligent search, the ERS sometimes cannot locate the member, former member, beneficiary, person or entity to be paid by or at the required distribution dates. In addition, after the ERS has started paying benefits to a retired member or beneficiary, the ERS sometimes ceases to be able to locate and make payments to them, e.g., checks or electronic payments are returned without a forwarding address. Under the State's Uniform Unclaimed Property Act, the unclaimed member contributions and benefit payments are presumed abandoned after a period of time and are required to be paid to the State's Unclaimed Property Program. See part I of HRS chapter 523A. If the person or entity to be paid is under the jurisdiction of another state, the unclaimed member contributions and benefit payments may have to be paid to that state. See HRS § 523A-14.

This bill would preserve the ERS's use and control of unclaimed member contributions and benefit payments by suspending and forfeiting them to the ERS prior to the time that they would be required to be paid to the State's Unclaimed Property Program or escheated to another state. In addition, the bill preserves the ability of the member, former member, beneficiary, or other person or entity to recover the forfeited contributions or benefit payments by providing a means for those persons or entities to apply to the ERS for recovery of those forfeited contributions and benefit payments.

The bill would also ease the ERS's administrative burdens of complying with the Uniform Unclaimed Property Act, which can be complicated when long term monthly benefit payments are involved.

Impact on the public: None.

Impact on the department and other agencies: Would eliminate the ERS's payment of unclaimed member contributions and benefits to the State's Unclaimed Property Program.

GENERAL FUND: None.

OTHER FUNDS: Would reduce amounts paid by the ERS to the State's unclaimed property trust fund.

PPBS PROGRAM DESIGNATION: BUF-141/Retirement.

OTHER AFFECTED AGENCIES: Unclaimed Property Program in the Department of Budget and Finance.

EFFECTIVE DATE: Upon approval.
