
A BILL FOR AN ACT

RELATING TO THE GENERAL EXCISE TAX.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaiian loko i'a
2 (fishponds) are unique aquacultural systems that are an integral
3 part of Hawaiian culture. Loko i'a are environmentally
4 sustainable aquacultural enterprises, which also provide
5 cultural benefits to Hawaii, employment opportunities, and
6 fishstock enhancement. Fishpond production provides a highly
7 desirable food source for local communities and offers income
8 for the fishpond operator. While fishpond production is
9 potentially profitable, profit margins are small.

10 The legislature further finds that products produced by
11 Hawaiian loko i'a should be taxed at the wholesale rate of one-
12 half of one per cent to help promote the cultivation of loko i'a.

13 SECTION 2. Chapter 237, Hawaii Revised Statutes, is
14 amended by adding a new section to be appropriately designated
15 and to read as follows:

16 "§237- Products produced by Hawaiian loko i'a; wholesale
17 rate. (a) The wholesale rate of per cent shall apply to

1 all of the gross proceeds of sale or gross income arising from
2 the sale of all products produced from Hawaiian loko i'a.

3 (b) For purposes of this section, "Hawaiian loko i'a" shall
4 have the same meaning as "Hawaiian fishponds" as defined in
5 section 183B-1."

6 SECTION 3. New statutory material is underscored.

7 SECTION 4. This Act shall take effect on December 24,
8 2088.

Report Title:

General Excise Tax; Loko i'a; Hawaiian Fishpond

Description:

Establishes a general excise tax at the wholesale rate of an unspecified per cent for the gross proceeds or income from all products produced by Hawaiian loko i'a. (HB2458 HD2)
