
A BILL FOR AN ACT

RELATING TO DOMESTIC VIOLENCE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that data reporting of
2 domestic violence crime has not been well-documented, especially
3 for situations where the offense is not termed "domestic
4 violence," yet the cause of the wrongdoing is rooted in domestic
5 violence. The woefully few statistics that are available to
6 document and describe the occurrences of domestic violence
7 creates an obstacle for law enforcement and lawmakers who seek
8 to address the issues and take appropriate preventive measures.

9 At the law enforcement level, the identification of
10 criminal acts among household or family members by the use of a
11 domestic violence-specific tag or code would be an invaluable
12 step to achieve an understanding of the breadth of domestic
13 violence in the State. To be effective, it is imperative that
14 the identification of domestic violence acts not be limited to
15 the statute that prohibits abuse between family or household
16 members, section 709-906, Hawaii Revised Statutes. After

1 incidents are identified as domestic violence-related, data
2 compilation and analysis can be conducted.

3 The purpose of this Act is to:

4 (1) Require the use of a domestic violence identification
5 code on all incident and arrest reports where an
6 offense was committed or attempted between family or
7 household members; and

8 (2) Require the reporting of the coded information.

9 SECTION 2. Chapter 846, Hawaii Revised Statutes, is
10 amended by adding a new section to be appropriately designated
11 and to read as follows:

12 "§846- Identification and reporting of incidents of
13 domestic violence. (a) The chiefs of police of the counties of
14 the State and agencies of state and county governments having
15 power of arrest shall use a domestic violence identification
16 code or other measurable indicator, as specified by the
17 department of the attorney general, on all incident reports and
18 arrest reports to denote any instance where a crime was
19 committed or attempted between family or household members.

20 (b) Statistical information of all instances of domestic
21 violence identified by the chiefs of police or agencies that

H.B. NO. 2493

1 occurred within the month shall be reported to the attorney
 2 general within thirty days after the last day of the month. The
 3 information shall be reported in the manner and form prescribed
 4 by the attorney general.

5 The attorney general may audit the reporting entities to
 6 determine the accuracy of the reports and other information
 7 required by this subsection.

8 (c) The entities required to report under this section
 9 shall make the statistical information available to the public
 10 and post the information on their respective websites.

11 (d) As used in this section, "family or household members"
 12 shall have the same meaning as in section 709-906."

13 SECTION 3. New statutory material is underscored.

14 SECTION 4. This Act shall take effect upon its approval.

15

INTRODUCED BY: _____

JAN 26 2016

H.B. NO. 2493

Report Title:

Domestic Violence

Description:

Requires the use of a domestic violence identification code for violent crimes between family or household members. Requires the number of domestic violence incidents to be reported monthly to the Attorney General, posted to the counties' and agencies' websites, and made available to the public.

The summary description of legislation appearing on this page is for informational purposes only and is not legislation or evidence of legislative intent.
