A BILL FOR AN ACT

RELATING TO THE STATE INTEGRATED SOLID WASTE MANAGEMENT PLAN.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the State's
2 integrated solid waste management goals are to reduce the solid
3 waste stream prior to disposal through source reduction,
4 recycling, and bioconversion. The state integrated solid waste
5 management plan furthers the State's waste management goals and
6 ensures progress toward managing the State's waste. Plan
7 elements include but are not limited to an assessment of
8 existing waste management systems and identification of solid
9 waste management issues.

10 The legislature further finds that section 342G-29, Hawaii
11 Revised Statutes, requires the office of solid waste management
12 to prepare revisions to the state integrated solid waste
13 management plan following the approval and review of each
14 revised county-specific plan. While each county has completed
15 its plan revisions, the revision process has been delayed due to
16 a lack of funds.

1 The purpose of this Act is to appropriate funds to support
 2 the revision of the state integrated solid waste management
 3 plan, thus furthering the State's waste management goals and
 4 ensuring progress toward managing the State's waste.

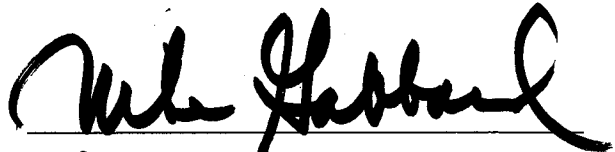

5 SECTION 2. There is appropriated out of the general
 6 revenues of the State of Hawaii the sum of \$350,000 or so much
 7 thereof as may be necessary for fiscal year 2015-2016 and the
 8 same sum or so much thereof as may be necessary for fiscal year
 9 2016-2017 to support the revision of the state integrated solid
 10 waste management plan.

11 The sums appropriated shall be expended by the department
 12 of health for the purposes of this Act.

13 SECTION 3. This Act shall take effect on July 1, 2015.
