

1 of all pesticides in compliance with the following disclosure
2 and notification requirements:

3 (1) Provide public posting of warning signs in the area in
4 which pesticides are to be applied a minimum of
5 twenty-four hours prior to the outdoor application of
6 any pesticide. The warning signs shall remain posted
7 during the outdoor application of any pesticide and
8 until expiration of the applicable restricted-entry
9 interval established by the Environmental Protection
10 Agency for the particular pesticide. The posting of
11 warning signs during and after the outdoor application
12 of any pesticide shall conform to the worker
13 protection standard established by the Environmental
14 Protection Agency. The pesticide warning signs shall
15 contain but not be limited to the following
16 information:

- 17 (A) The trade name of the pesticide to be applied;
- 18 (B) The name of the active ingredient or ingredients
19 of the pesticide to be applied;

- 1 (C) The potential hazards to humans and domestic
- 2 animals as listed in the precautionary statements
- 3 of the pesticide's label; and
- 4 (D) Emergency telephone numbers to call in case of
- 5 poisoning from the pesticide.
- 6 (2) Provide pre-application written notification to any
- 7 entity or person within feet of the property
- 8 line where the pesticide is anticipated to be applied
- 9 outdoors a minimum of twenty-four hours prior to the
- 10 outdoor application of any pesticide. The pre-
- 11 application written notifications shall contain but
- 12 not be limited to the following information:
- 13 (A) The trade name of the pesticide to be applied;
- 14 (B) The name of the active ingredient or ingredients
- 15 of the pesticide to be applied;
- 16 (C) The potential hazards to humans and domestic
- 17 animals as listed in the precautionary statements
- 18 of the pesticide's label; and
- 19 (D) Emergency telephone numbers to call in case of
- 20 poisoning from the pesticide.

1 (3) No later than sixty days following the end of each
2 calendar year, any entity or person subject to this
3 section shall provide annual public reports of all
4 pesticides used in outdoor applications during the
5 prior calendar year to the department of health and
6 department of agriculture. The annual public reports
7 shall be posted online on each of the departments'
8 websites. The annual public reports shall contain but
9 not be limited to the following information:

- 10 (A) A listing of all pesticides used in outdoor
11 applications by federal and state registrations
12 or permit numbers, commercial product names, and
13 active ingredients;
- 14 (B) The total quantities used for each pesticide; and
- 15 (C) A general description of the geographic location,
16 including at minimum the tax map key and ahupuaa
17 where the pesticides were used."

18 SECTION 2. The department of health shall adopt rules,
19 pursuant to chapter 91, Hawaii Revised Statutes, necessary for
20 the purposes of this Act.

S.B. NO. 799

Report Title:

Pesticide; Disclosure; Notification

Description:

Establishes notice and reporting requirements for any entity or person that uses pesticides under certain circumstances.
