
SENATE RESOLUTION

REQUESTING A STUDY ON THE PER-PUPIL FUNDING SYSTEM FOR PUBLIC CHARTER SCHOOLS TO DETERMINE WHETHER THE SYSTEM FULFILLS ITS STATUTORY PURPOSE OF EQUALIZING OPERATIONAL FUNDING AMONG PUBLIC SCHOOLS.

1 WHEREAS, Hawaii's public charter schools are a part of the
2 state public education system and contribute to that system as a
3 whole by providing alternative educational options and modeling
4 innovative practices; and

5
6 WHEREAS, each public charter school is a single state
7 entity, self-governed by a volunteer governing board,
8 independently managed, and primarily dependent on state funding
9 in order to operate; and

10
11 WHEREAS, charter schools receive the majority of their
12 funding through general fund appropriations based on a general
13 fund per-pupil allotment, which is based on a formula that adds
14 up the total funding allocated to certain programs within the
15 Department of Education and then distributes monies based on
16 reasonable projected enrollment figures for each public charter
17 school; and

18
19 WHEREAS, section 302D-28, Hawaii Revised Statutes, mandates
20 that the non-facility general fund per-pupil funding for public
21 charter school students be the same as the general fund per-
22 pupil amount provided to the Department of Education in its most
23 recently approved executive budget; and

24
25 WHEREAS, questions have been raised about whether the per-
26 pupil funding system equalizes funding for public charter
27 schools as intended; and

28
29 WHEREAS, public charter schools must also meet other
30 expenses, including facility costs; and

31

1 WHEREAS, the State Public Charter School Commission has
2 warned in its annual reports that financial data from the public
3 charter schools reveal both short-term financial strain as well
4 as long-term operational sustainability challenges; now,
5 therefore,

6
7 BE IT RESOLVED by the Senate of the Twenty-eighth
8 Legislature of the State of Hawaii, Regular Session of 2016,
9 that the Legislative Reference Bureau is requested to conduct a
10 study on the per-pupil funding system to determine whether the
11 system fulfills its statutory purpose of equalizing operational
12 funding among public schools; and

13
14 BE IT FURTHER RESOLVED that by June 30, 2016, the
15 Department of Education and State Public Charter School
16 Commission are requested to provide specific data to the
17 Legislative Reference Bureau detailing what the present system
18 of funding is comprised of within the statutory allocation, to
19 permit the Bureau to target its study and complete it in a
20 timely manner; and

21
22 BE IT FURTHER RESOLVED that the State Public Charter School
23 Commission, Hawaii Public Charter School Network, Hawaii
24 Educational Policy Center, and other stakeholder agencies are
25 requested to provide other information and assistance as
26 requested by the Legislative Reference Bureau; and

27
28 BE IT FURTHER RESOLVED that the Legislative Reference
29 Bureau is requested to submit a report of its findings and
30 recommendations, including any proposed legislation, to the
31 Legislature no later than twenty days prior to the convening of
32 the Regular Session of 2017; and

33
34 BE IT FURTHER RESOLVED that certified copies of this
35 Resolution be transmitted to the Director of the Legislative
36 Reference Bureau, Chairperson of the Board of Education,
37 Superintendent of Education, Chairperson of the State Public
38 Charter School Commission, Executive Director of the State
39 Public Charter School Commission, Executive Director of the
40 Hawaii Public Charter School Network, and Director of the Hawaii
41 Educational Policy Center.
