RE: S.C.R. No. 83

Honorable Ronald D. Kouchi  
President of the Senate  
Twenty-Eighth State Legislature  
Regular Session of 2016  
State of Hawaii

Sir:

begs leave to report as follows:

The purpose and intent of this measure is to request the Access Hawaii Committee, Hawaii Information Consortium, and each state agency who currently has a partnership with the Hawaii Information Consortium to collaborate and provide the Legislature with a comprehensive progress report regarding the activities and expenses of the State's Internet portal.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services. Your Committee received comments on this measure from the Hawaii Information Consortium.

Your Committee finds that a review of the State's Internet portal's operational and financial framework will increase citizen understanding of and participation in state and local government. Your Committee supports efforts that will improve the way in which citizens interact with government and identify future Internet services that will expand the level of government information and

services that are delivered to citizens with innovative and practical technologies, applications, and funding models.

As affirmed by the record of votes of the members of your Committee on Economic Development, Environment, and Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 83 and recommends that it be referred to your Committee on Ways and Means.

Respectfully submitted on  
behalf of the members of the  
Committee on Economic  
Development, Environment, and  
Technology,

---
