

**BEVERLY JEAN WITHINGTON**

I have served for four years on PABEA and would like to continue for another term. The issues relevant to elderly affairs are numerous and complicated. It is important to have members of PABEA who have an understanding of the multitude of concerns facing the elderly, their families and the community. I have been a resident of Hawai'i for forty four years. I am a retired registered nurse and attorney at law. I believe that these life experiences make me well suited for PABEA.
