EXPERIENCE

- 2006 – Today** **Director, Honolulu Field Office, The Boeing Company, HI**
The Boeing Company interface with the US Military, National Guard, and Coast Guard in Hawaii to assist them in determining current and future requirements and possible Boeing solutions. Complete access to key Boeing leadership for Boeing Military Aircraft, Network & Space Systems, Global Services & Support, Advanced Products and Boeing Commercial Aircraft.
- 2005 – 2006** **Strategic Analyst, General Dynamics Information Technology, VA**
Strategic analyst providing airpower insights to USAF wargaming in the Asia-Pacific region.
- 2004 – 2005** **Chief, USAF Support Team, National Geospatial-Intelligence Agency, VA**
Supervised 15 agency personnel focused on satisfying the USAF, DoD, and Intelligence Community requirements for geospatial intelligence products and services. Advised the Director of NGA and flag-level USAF officials of resource prioritization, programming, and planning recommendations. Provided inputs to the strategic direction of USAF geospatial intelligence requirements.
- 2002-2004** **Chief, International Affairs, Headquarters Pacific Air Forces, HI**
Principal political-military advisor to the Commander of Pacific Air Forces directly supervising 44 personnel in 5 foreign nations promoting US military security cooperation policies in the Asia-Pacific.
- 2000-2001** **Commander, Johnston Atoll Air Base**
Base Commander of 1250 personnel ensuring cohesive integration of functions in base support operations, aviation operations, environmental programs and chemical weapons disposal. Oversight of \$45 million annual base operations support contract resulted in \$2.1 million savings. Spearheaded both a \$144M environmental remediation plan and a \$26M demolition plan. Articulate and politically astute skills enabled him to satisfy EPA and US Fish & Wildlife concerns.

- 1999 -2000** **Commander, Manpower and Innovation, HQ Pacific Air Forces, HI**
Directed 34 headquarters personnel resolving command-wide resource management challenges through process reengineering, competitive sourcing, strategic planning, and performance measurement. Chaired steering group responsible for converting the Air Mobility Operations Control Center from a military to a contract operation--on time and under budget. Supervised teams writing Statements of Work and evaluating Requests for Proposals on six competitive sourcing initiatives resulting in \$84 million savings to the Air Force.
- 1997-1999** **Chief, Legislative Liaison, HQ US Atlantic Command, VA**
Directed and coordinated command congressional matters including commanders testimony to Congress, congressional support for command programs, and visits by members of Congress.
- 1996-1997** **Deputy Chief, Nations Assistance, HQ US Atlantic Command, VA**
Supervised 28 member staff at the headquarters and in the US Embassies in the Caribbean, influencing the leadership of a 900 person headquarters and managing a \$12 million nations assistance budget
- 1993 - 1996** **Director, International Officer School, Maxwell AFB, AL**
Directed 18 personnel leading international programs at Air University, managing \$3.2M budget and an annual enrollment of 270 international officers from over 70 countries. Provided educational and support services to officers and their families
- 1992 – 1993** **Commander, 7th Maintenance Squadron, Carswell AFB, TX**
Recognized as top squadron commander of 15, commanding over 400 USAF military personnel with top security clearances and evaluated daily through a personnel reliability program, maintaining USAF's largest stockpile of nuclear cruise missiles. Transferred stockpile and personnel two months ahead of scheduled BRAC closure timeline
- 1989 - 1992** **7th Bomb Wing Operations Chief, TX**
Directed unit operations planning and training for two bomb squadrons and one tanker squadron of over 325 personnel to include daily operations and three deployments to austere airfields.
- 1984 - 1988** **Deputy Director Plans & Programs, Inspector General, HQ SAC, NE**
Lead scheduler and resource advisor for the SAC Inspector General..
- 1977 - 1984** **Instructor/Stan Eval Navigator/Radar Navigator, B-52G,H**
Aviator with 3,000 flying hours, at Grand Forks AFB, ND and Barksdale AFB, LA.
