

GOV. MSG. NO. 785

Steve Skladanek

President

Lockheed Martin Commercial Launch Services

Steve leads the Lockheed Martin Commercial Launch Services team to provide customized space-lift solutions to international commercial and institutional customers on the Atlas and Athena launch systems. Steve joined the Atlas program 15 years ago as the manager of Government Relations for Atlas Launch Operations. Most recently, Steve served as the Lockheed Martin Commercial Launch Services Vice President for Business Development.

Steve has over thirty years of experience in the aerospace industry, including: launch operations for both manned and expendable systems; launch systems design, manufacture, test and integration; public policy and government relations; launch sales and marketing.

Steve earned a bachelor degree in chemical engineering from the University of South Florida, Tampa, Florida [REDACTED], and has attended post-graduate courses at the Kellogg School of Management. His organizational participation includes membership of the American Institute of Aeronautics and Astronautics, and a gubernatorial appointment to the Hawaii Aerospace Advisory Council.
