

DANIEL J. EINEKER

Objective Seeking opportunity in financial management which will offer additional career challenges and growth prospects.

Work experience 1992 - Present Hawaii Department of Health/WIC Branch
Accountant

- My responsibilities for federal grant financial management include budgeting, financial reporting, procurement and vouchers payable for the Hawaii WIC Agency which serves an average of 35,000 clients per month.

1991 - 1991 Hawaii Department of Education, Honolulu, HI
Accountant

- I performed management analysis of accounting procedures and controls for the centralized payroll, vouchering and inventory units of the department. I completed a study of manual payroll procedures and developed computer driven spreadsheets for calculating Workers' Compensation journal entries.

1987 - 1988 GTE Hawaiian Tel, Honolulu, HI
Accountant

- I worked on implementing a managerial cost allocation system to comply with FCC regulatory requirements. I developed materials and presented training to professional staff in how to conduct time studies and report time and effort to comply with FCC regulations. I completed R&D of financial data in coordination with other regional GTE subsidiaries operating in the US.

1986 - 1987 Queen's Medical Center, Honolulu, HI
Reimbursement Specialist

- I compiled computer assisted statistical billing and medical records data to manage the pricing function for the organization. I also monitored the contractual write off and presented monthly and annual variance analysis to the Chief Financial Officer.

1981 - 1986 Lovelace Medical Center, Albuquerque, NM

Financial Analyst

- I developed reporting systems to control labor costs in a multi-specialty medical center. I coordinated various financial management and planning projects (e.g. financial models, annual budgets professional compensation plans, cost allocation systems, annual audit reviews, etc.)

1980 -1981 Lovelace Medical Center, Albuquerque, NM

Assistant to Director of Patient Accounting

- I developed and implemented a new credit policy emphasizing prompt payment to improve collection of patient accounts. I also coordinated a department management engineering study which resulted in reorganizing the staff of approximately 80, and significantly improving productivity.

1978 - 1979 University of New Mexico Children's Psychiatric Center Albuquerque, NM

Accountant

- I worked on budgeting and program development as well as traditional accounting functions (purchasing, payroll, inventory, financial reporting) for a 60 bed inpatient treatment program.

Education

██████████ University of New Mexico Albuquerque, NM
MBA

- Major in General Management with concentration in finance.

██████████ Wharton School, University of Pennsylvania Philadelphia, PA

B.S. in Economics

- Major in finance with concentration (15 credit hours) in Accounting.

Community activities

I previously served as Treasurer and later President on the Board of Directors for United Self Help, a community service organization. While in New Mexico I served on the Board of Directors as Treasurer for the Campfire Council.

Other experience

- I have served as controller or financial consultant for a number of small businesses located in New Mexico and Hawaii involved in light manufacturing, marketing, food distribution, and food and beverage industries.

- I served as graduate assistant at the New Mexico School of Banking which operated under the auspices of UNM while attending graduate school.
- I attended the HUD sponsored Urban Institute in Newark, NJ on full scholarship during junior year of undergraduate studies. I worked on administrative projects in the City Department of Finance in a full year work study program.
