Re: Testimony in Support – HB 1874, HD1

My name is Michael Robinson, Vice President, Government Relations and Community Affairs at Hawai'i Pacific Health (HPH). Hawai'i Pacific Health is a not-for-profit health care system, and the state's largest health care provider and non-governmental employer. Hawai'i Pacific Health is committed to providing the highest quality medical care and service to the people of Hawai'i and the Pacific Region through its four hospitals, more than 50 outpatient clinics and service sites, and over 1,600 affiliated physicians. Hawai'i Pacific Health's hospitals are Kapi'olani Medical Center for Women & Children, Pali Momi Medical Center, Straub Clinic & Hospital and Wilcox Memorial Hospital.

HPH is writing in **support** of HB 1874 which makes an emergency appropriation for for a 24 hour, 7 days a week rapid response emergency services unit for the County of Kauai. Timely access to life-saving health care is essential for all communities. The availability of ambulances and emergency medical personnel are critical components to making sure patients are transported to hospitals as quickly as possible and greatly improves outcomes. The appropriation provided in this measure will enhance the delivery of emergency medical services and remove some of the barriers to obtaining needed services.

Thank you for the opportunity to testify.
