HB2035

Submitted on: 3/17/2016

Testimony for HWN/WLA/EET on Mar 18, 2016 15:00PM in Conference Room 224

Submitted By	Organization	Testifier Position	Present at Hearing
Davianna McGregor	Individual	Support	No

Comments: Chairpersons Shimabukuro and Gabbard and members of the committees on Hawaiian Affairs and Water, Land and Agriculture. Aloha. My name is Dr. Davianna Pomaika'i McGregor. I am a professor at the University of Hawai'i Manoa and a member of the Protect Kaho'olawe 'Ohana. I am in full support of HB 2035. It is imperative that the Kaho'olawe Island Reserve Commission transition away from the use of fossil fuels and promote the use of photovoltaic desalinization for the island, beginning at Honokanai'a. This will help to reduce the costs of operations on the island, at a critical moment in the management of the island when financial resources are minimal. The transition of operations from fossil fuel to a combination of alternate energy sources is one of the priorities of the I OLA KANALOA - LIFE TO KANALOA 2026 strategic plan. Mahalo nui loa for your support.

Please note that testimony submitted less than 24 hours prior to the hearing, improperly identified, or directed to the incorrect office, may not be posted online or distributed to the committee prior to the convening of the public hearing.
