HB2544 HD2

Measure Title: RELATING TO CONSTRUCTION CONTRACTS.

Report Title: Procurement Code; Construction; Federal

Requirements; Analysis

Requires the State Procurement Office, in

conjunction with the Department of Accounting and General Services, to conduct an analysis and review of the Hawaii Public Procurement

Description: Code, specifically with regard to the awarding

of construction contracts. Appropriates an unspecified amount of funds for the analysis

and review. (HB2544 HD2)

Companion: <u>SB2499</u>

Package: None

TESTIMONY
OF
SARAH ALLEN, ADMINISTRATOR
STATE PROCUREMENT OFFICE

TO THE SENATE COMMITTEE
ON
GOVERNMENT OPERATIONS

March 17, 2016, 1:15 PM

House Bill No. 2544 HD2 RELATING TO CONSTRUCTION CONTRACTS

Chair Kim, Vice-Chair Ihara, and members of the committee, thank you for the opportunity to submit testimony on HB 2544 HD2. The State Procurement Office (SPO) does not oppose a comprehensive analysis and review of the Hawaii public procurement code (the Code) and federal procurement laws (particularly the Federal Acquisition Regulation (the FAR)), however, the SPO would require a minimum of \$450,000 to procure for outsourcing services to achieve this analysis and would submit the following comments:

This measure will require a detailed examination and meticulous side-by-side comparison of the Hawaii procurement environment, procurement related statutes and rules with the federal code, and the challenges thereto will need to be resolved. Attached for your consideration herein is FAR Part 52.301, a matrix of all FAR solicitation and contract clauses, including their alternatives and their associated instances for mandatory inclusion in solicitation and contracts. Furthermore, any resulting recommendations to amend the Code to align with the FAR, will affect not only State agencies, but all CPO jurisdictions, who will need to do their own assessments of the logistical requirements and anticipated costs (monetarily and culturally, taking into account governance and infrastructure) of amending the Code to align with the FAR.

As important and valuable as this measure is, it must provide the resources necessary for an analysis and review of this scope and magnitude. In fact, the mere exercise in cross-walking State terminology to equivalent federal terminology will be a herculean task that will be an extensive undertaking, requiring expertise, staffing, and funding resources in order to develop any new processes, procedures, templates, contract terms and conditions, and reporting requirements compliant with the Hawaii Code and the FAR, which will require resources that the SPO does not have.

Therefore, upon receipt of the appropriated and allocated funding for the report, the SPO will first procure for the respective consulting services so that the SPO and the Department of Accounting and General Services (DAGS) will be able to initiate and complete the study by the specified timeframe.

H.B. 2544 HD2 Senate Committee on Government Operations March 17, 2016 Page 2

The SPO is committed to working with State Legislature and Agencies to develop the best policy and procedures for procurement that allow for streamlining, efficiencies, innovation, cost control, and fair and equal contracting opportunities across the State of Hawaii. The SPO recognizes the benefits of certain federal procurement laws with much of the current Hawaii Code already aligned with the Federal Code. Further, the SPO intends to continue research to determine what Code (whether it be state specific or federally aligned) would best benefit our State as a whole.

The cost of analyzing and reviewing the differences and similarities between the Hawaii Code and FAR in order to submit a report to Legislature during regular session 2018 is estimated to start at a minimum of \$450,000 for fiscal year 2016-2017.

Thank you.

52.301 Solicitation provisions and contract clauses (Matrix).

WRITTEN TESTIMONY
OF
DOUGLAS MURDOCK, COMPTROLLER
DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES
TO THE
SENATE COMMITTEE
ON
GOVERNMENT OPERATIONS
ON
MARCH 17, 2016

H.B. 2544, H.D. 2

RELATING TO CONSTRUCTION CONTRACTS.

Chair Mercado Kim and members of the Committee, thank you for the opportunity to submit written testimony on H.B. 2544, H.D. 2.

The Department of Accounting and General Services (DAGS) supports this resolution and offers the following comments for your consideration.

DAGS supports a review of federal procurement laws, particularly Federal Acquisition Regulation (FAR) Chapter 36 and comparing it to State Procurement Code to determine best practices and make recommendations for adoption. It is important to note that the FAR is a complex system that requires extensive investment in training and resources to operate.

DAGS recommends that the comparison also include review of the American Bar Association (ABA) 2000 State Model Procurement Code and Mode Procurement Regulations, which are updates to the version currently used by the state. The 2000 Model Procurement Code (MPC) addresses the full range of issues arising in the procurement of supplies, services, and construction, including emerging models for long term procurement of so-called "Public Private Partnerships".

To specifically address the procurement and policy issues that arise when design, construction, operations, maintenance, and/or finance are merged into single procurements for public infrastructure, the ABA sections sponsoring the MPC project approved the 2007 Model Code for Public Infrastructure Procurement (MC PIP), which is a condensation of the 2000 Model Procurement Code.

While it may be necessary for the state to hire expert consultants to assist with the project, DAGS believes it is critical to fund more education and training of State employees in the FAR and MPC as part of this analysis.

Finally, we recommend that any review of procurement also consider changes to project management needed to improve or implement procurement changes.

Thank you for the opportunity to submit written testimony on this matter.

H.B. 2544, H.D. 2 RELATING TO PROCUREMENT

Senate Committee on Government Operations

The DOT **supports** bill H.B. 2544, H.D. 2 that proposes to require the State Procurement Office, and the Department of Accounting and General Services, to conduct a comprehensive analysis and review of the Hawaii Public Procurement Code, particularly with regard to the awarding of construction contracts.

An analysis of construction procurement within the existing Procurement Code is consistent with the interests underlying the Procurement Code. The interests underlying the Procurement Code can be found at HRS § 103D-101(a). The DOT is to, "[a]ct only in the public interest¹... [i]dentify and maximize efficiencies in the public procurement process² ... [e]ncourage economic competition by (A) Ensuring that all persons are afforded an equal opportunity to compete in a fair and open environment; and (B) Researching innovative goods and services to meet the public's needs..."³

The current Procurement Code provides the foundational framework for construction contracting. A paradigm for which both contractors and the procuring agency can rely on to be consistent in its application. However, providing a comprehensive assessment on its efficiency and whether it still hits the mark with the legislative purpose as our purchasing needs have evolved is important to ensure that the construction playing field is in fact a level playing field.

Thank you for the opportunity to provide testimony.

¹ HRS § 103D-101(a)(3).

² HRS § 103D-101(a)(5).

³ HRS § 103D-101(a)(6).

Testimony to the Senate Committee on Government Operations Thursday, March 17, 2016 at 1:15 P.M. Conference Room 414, State Capitol

RE: HOUSE BILL 2544 HD 2 RELATING TO CONSTRUCTION CONTRACTS

Chair Kim, Vice Chair Ihara, and Members of the Committee:

The Chamber of Commerce Hawaii ("The Chamber") **supports** H.B. 2544 HD 2, which would require the State Procurement Office, in conjunction with the Department of Accounting and General Services, to conduct an analysis and review of the Hawaii Public Procurement Code, specifically with regard to the awarding of construction contracts.

The Chamber is Hawaii's leading statewide business advocacy organization, representing about 1,000 businesses. Approximately 80% of our members are small businesses with less than 20 employees. As the "Voice of Business" in Hawaii, the organization works on behalf of members and the entire business community to improve the state's economic climate and to foster positive action on issues of common concern.

The procurement process is in need of improvement. Business and the public want an open, competitive and transparent procurement process. The procurement process must also be timely in the selection and payment for goods and services. In addition, the State is looking for the best value, not necessarily the lowest price.

We know of many small businesses in Hawaii that do not pursue work from the State of Hawaii because of the uncertainty and delays caused by the current procurement process.

We respectfully suggest that the proposed amendment include not only construction contracts but also contracts for planning and design services be issued pursuant to federal procurement laws. We support the proposed bill with our proposed amendments to include planning and design services with construction contracts.

We appreciate the opportunity to express our support for H.B. 2544 HD 2.

March 17, 2016

TO: HONORABLE DONNA MERCADO KIM, CHAIR, HONORABLE LES IHARA,

VICE CHAIR, SENATE COMMITTEE ON GOVERNMENT OPERATIONS

SUBJECT: SUPPORT OF H.B. 2544, HD2, RELATING TO CONSTRUCTION CONTRACTS.

Requires the State Procurement Office, in conjunction with the Department of Accounting and General Services, to conduct an analysis and review of the Hawaii Public Procurement Code, specifically with regard to the awarding of construction contracts. Appropriates an unspecified amount of funds for the

analysis and review. (HB2544 HD2)

HEARING

DATE: Thursday, March 17, 2016

TIME: 1:15 p.m.

PLACE: Conference Room 414

Dear Chair Mercado Kim and Vice Chair Ihara and Members,

The General Contractors Association of Hawaii (GCA) is an organization comprised of over five hundred seventy general contractors, subcontractors, and construction related firms. The GCA was established in 1932 and is the largest construction association in the State of Hawaii. GCA's mission is to represent its members in all matters related to the construction industry, while improving the quality of construction and protecting the public interest.

GCA <u>supports</u> H.B. 2544, HD2, Relating to Construction Contracts, which would require the State Procurement Office in conjunction with the Department of Accounting and General Services to conduct a comprehensive analysis and review of the Hawaii Public Procurement Code and its similarities to the federal procurement laws and regulations with regard to construction contracts. GCA has been actively working with agencies that administer public works contracts to improve the efficiency and delivery of public works along with safeguarding the funds of taxpayers. GCA believes the additional time to study this matter by the SPO and DAGS would allow a sufficient analysis to be conducted.

Recent Procurement Related Legislative Initiatives

In 2013 this body initiated a Procurement Task Force pursuant to Senate Concurrent Resolution 92 (2013) which was tasked to study the State Procurement Code and identify amendments that would increase economy, efficiency, effectiveness and impartiality in the procurement of public works construction. The Department of Accounting and General Services recently issued the Task Force's Report on which identified four areas of concern that was addressed by participants including: Preferences, Protests, Subcontractor Listing and Identifying and Addressing Bad Contractors. In 2015 pursuant to Act 182 (2015) this body extended the 2013 Procurement Task Force to specifically identify and propose amendments, if any, to the procurement code affecting public works construction projects, specifically regarding statewide past performance standards and procedures. However, the Act 182 (2015) Task Force did not meet during the interim to address these issues and instead has just initiated meetings last month.

Senate Committee on Government Operations March 17, 2016 Page 2

This bill's proposal to further study Hawaii's Procurement Code and conduct a comprehensive analysis and review of the Code and its correlation to the federal procurement laws and regulations will be a good continuation of the work already done. GCA supports the State Procurement Office's study and is willing to assist, if necessary. It will be important for the State Procurement Office to gather input directly from the departments and agencies administering public works construction to identify areas of improvement and concern.

We respectfully request the Committee pass this measure. Thank you for the opportunity to share our support of H.B. 2544, HD2.
