**Testimony COMMENTING on HB2708
RELATING TO MEDICAL MARIJUANA**

REPRESENTATIVE DELLA AU BELATTI, CHAIR
HOUSE COMMITTEE ON HEALTH
REPRESENTATIVE KARL RHOADS, CHAIR
HOUSE COMMITTEE ON JUDICIARY

Hearing Date: Friday, February 12, 2016

Room Number: 329

1 **Fiscal Implications:** None

2 **Department Testimony:** Thank you allowing the department to COMMENT on this measure.

3 The department believes that Chapter 329D, Hawaii Revised Statutes, and the interim
4 administrative rules, Chapter 11-850-17, identify persons who are subject to background checks.
5 Absent from this list are qualifying patients, primary caregivers, and governmental officials or
6 employees acting in an official capacity.

7 Nevertheless, this bill provides extra clarity and definitive guidance to the department on
8 who is not subject to background checks.

9 Thank you for the opportunity to provide comment on this measure.

10 **Offered Amendments:** None.

Hawaii's Voice for Sensible, Compassionate, and Just Drug Policy

TO: HOUSE COMMITTEES ON HEALTH & JUDICIARY

FROM: PAMELA LICHTY, M.P.H., PRESIDENT

DATE: FEBRUARY 12, 2016, 9:30 a.m., ROOM 329

RE: H.B. 2708 RELATING TO MEDICAL MARIJUANA – **IN SUPPORT**

Good morning, Chairs Belatti, Chair Rhoads; Vice Chairs Creagan and San Buenaventura, and members of the Committees. My name is Pam Lichty and I'm President of the Drug Policy Action Group (DPAG), the government affairs arm of the Drug Policy Forum of Hawaii.

DPAG is in strong support of HB 2708 which is essentially a housekeeping bill clarifying who must be subject to background checks when entering and spending time in a medical marijuana facility.

Clearly, this was never intended for people who were visiting to obtain medicine for themselves or others. But if uncorrected, it could add to the stigma and nervousness which some people may already feel when entering a dispensary.

Mahalo for introducing this measure, for hearing it today, and for giving us the opportunity to testify.

TESTIMONY

**The Libertarian Party of Hawaii
c/o 1658 Liholiho St #205
Honolulu, HI 96822**

RE: HB 2708 to be heard Friday February 12, at 9:30 AM in conference room 329

SUPPORT

To the Members of the Senate Committee on Judiciary

We support the intent of this bill which will remove certain burdens placed on the medical marijuana program. There is no need for anyone involved in these activities to be subjected to background checks. The growing, processing, sale, distribution, and use of marijuana should not be regulated or in any way illegal.

Sincerely:

Tracy Ryan, Chair

ON THE FOLLOWING MEASURE:

**H.B. NO. 2708, RELATING TO MEDICAL MARIJUANA
BEFORE THE:**

HOUSE COMMITTEES ON HEALTH AND ON JUDICIARY

DATE: Friday, February 12, 2016 **TIME: 9:30 a.m.**

LOCATION: State Capitol, Conference Room 329

TESTIFIER(S): Antoinette Lilley, President, or Christopher Garth, Executive Director

Honorable Chairs Belatti and Rhoads and Members of the Committees:

On behalf of the members and stakeholders of the medical marijuana industry that we represent, the Hawai'i Dispensary Alliance (HDA) is writing in **STRONG SUPPORT** of HB 2708. The changes contained within HB 2708 are necessary because they will allow patients to access their medication regardless of their criminal background. HB 2708 will also relieve dispensary licensees of the burden of playing gatekeeper to patients and government employees alike.

HRS §329D-12 regarding background checks provides a list of people subject to background checks including "any person permitted to enter and remain in dispensary facilities pursuant to section §329D-15(a)(4) or §329D-16(a)(3)". §329D-12 limits this reference to particular subsections with identical language, requiring background checks for: "Any person previously included on a current department-approved list provided to the department by the licensee of those persons who are allowed into that dispensary's facilities for a specific purpose for that dispensary, including but not limited to construction, maintenance, repairs, legal counsel, or investors."

However, HAR §11-850-17 regarding background checks does not limit those references to a particular subsection, but rather includes the entirety of §329D-15 and §329D-16 - allowing the department to require background checks for: "Any person permitted to enter or remain in dispensary facilities pursuant to sections §329D-6, §329D-15, and §329D-16." By expanding the reach of this reference to include all of §329D-15, and §329D-16, DoH is now also allowed to require background checks for "A qualifying patient or primary caregiver of a qualifying patient; and A government employee or official acting in the person's official capacity." (§329D-15(a)(2), §329D-15(a)(3); and §329D-16(a)(2)). Further, the language gives the Department of Health jurisdiction to require background checks for patients and caregivers by including the reference to §329D-6 (not referenced at all in HRS §329D-12), which mentions patients and caregivers in subsection g (HRS §329D-6(g) among others) as being allowed into dispensaries.

Finally, under §11-850-17(d), the dispensaries themselves are responsible for "conducting and maintaining current background checks on all of the persons listed in subsection (a)" - now including patients, caregivers, and government officials. Pursuant to §11-850-17(c) background checks are to be conducted at the patient or caregiver's expense, and under §11-850-17(b), failing the background check allows DoH to permanently bar patients and caregivers from entering dispensaries to purchase their medicine. HB 2708 solves all of these potential problems by explicitly exempting patients from the background check requirements of HRS §329D-12.

For all the above-stated reasons, the Hawai'i Dispensary Alliance strongly **SUPPORTS** HB 2708.

Medical Marijuana is Good for the Public Health Recreational Marijuana is Good for the Public Safety

The War on Drugs turned out to be:

- a War on Marijuana,
- a War on Healthcare and
- a War on Public Safety

Fortunately not so much Hawaii, but on the mainland our Nation is plagued by pill popping culture of pharmaceutical abuse and flooded with waves of off shore cheap Heroin. The current Governor of NJ, a former Federal Prosecuting Attorney emptied out and shut down the jail turned it into a medical drug rehabilitation clinic and turned the Heroin epidemic around.

The Facts and the Stats:

(Total Annual Arrests by Year and Category) Although the intent of a 'War on Drugs' may have been to target drug smugglers and 'King Pins,' according to the FBI's annual Uniform Crime Reports, of the 1,561,231 arrests for drug law violations in 2014, 83.1% (1,297,383) were for mere possession of a controlled substance. Only 16.9% (263,848) were for the sale or manufacturing of a drug. Further, the majority (44.9%) of drug arrests in 2014 were for marijuana -- a total of 700,992. Of those, an estimated 619,809 arrests (39.7% of all drug arrests) were for marijuana possession alone. By contrast in 2000, a total of 734,497 Americans were arrested for marijuana offenses, of which 646,042 (40.9%) were for possession alone. –

(Effect of Medical Marijuana Legalization On Crime Rates) "In sum, these findings run counter to arguments suggesting the legalization of marijuana for medical purposes poses a danger to public health in terms of exposure to violent crime and property crimes. To be sure, medical marijuana laws were not found to have a crime exacerbating effect on any of the seven crime types. On the contrary, our findings indicated that MML precedes a reduction in homicide and assault. While it is important to remain cautious when interpreting these findings as evidence that MML reduces crime, these results do fall in line with recent evidence [29] and they conform to the longstanding notion that marijuana legalization may lead to a reduction in alcohol use due to individuals substituting marijuana for alcohol [see generally 29, 30]. Given the relationship between alcohol and violent crime [31], it may turn out that substituting marijuana for alcohol leads to minor reductions in violent crimes that can be detected at the state level. That said, it also remains possible that these associations are statistical artifacts (recall that only the homicide effect holds up when a Bonferroni correction is made)."

Robert G. Morris, Michael TenEyck, JC Barnes, and Tomislav V. Kovandzic, "The Effect of Medical Marijuana Laws On Crime: Evidence From State Panel Data, 1990-2006," *PLoS ONE* 9(3): e92816. March 2014. doi: 10.1371/journal.pone.0092816
<http://www.plosone.org/article/info%3Adoi%2F10.1371%2Fjournal.pone.00928...>

(*Marijuana Use and Violent Behavior*) "Laboratory studies also find no link between THC intoxication and violence. Most people who ingest THC before performing a competitive task in the laboratory do not show more aggression than people who receive placebos; occasionally they show decreased hostility. Numerous scientific panels sponsored by various governments invariably report that marijuana does not lead to violence.(751)"

Sociopolitical Research

(1972 National Commission on Marihuana and Drug Abuse) "Rather than inducing violent or aggressive behavior through its purported effects of lowering inhibitions, weakening impulse control and heightening aggressive tendencies, marihuana was usually found to inhibit the expression of aggressive impulses by pacifying the user, interfering with muscular coordination, reducing psychomotor activities and generally producing states of drowsiness lethargy, timidity and passivity."

Not only Studies and Reports

**But also REAL WROLD CRIME STATISTICS
Demonstrate a REDUCTION in Violent Crimes following
the Legalization of Recreational Marijuana.**

Status Report:

Marijuana Legalization in Colorado After One Year of Retail Sales and Two Years of Decriminalization

Since the first retail marijuana stores opened on January 1st, 2014, the state of Colorado has benefitted from a decrease in crime rates, a decrease in traffic fatalities, an increase in tax revenue and economic output from retail marijuana sales, and an increase in jobs.

Arrests and Judicial Savings

According to data from the Colorado Court System, marijuana possession arrests have dropped 84% since 2010. In 2010, 9,011 people were arrested for marijuana possession. Using the same data we are projecting 1,464 possession arrests for 2014. Given that arrests such as these cost roughly \$300 to adjudicate, it is reasonable to infer that the state is saving millions in adjudicatory costs for possession cases alone in 2014 compared to 2010. Over the same period, arrests for cultivating and distributing marijuana have also dropped by more than 90%.

Decrease in Crime Rates

According to data released by the city of Denver, violent crime and property crime in Denver decreased in 2014.ⁱ Violent crime in Denver went down by 2.2% in the first 11 months of 2014, compared with the first 11 months of 2013. In the same period, burglaries in Denver decreased by 9.5% and overall property crime decreased by 8.9%.

Tax Revenue

Data released by the state Department of Revenue reveal that tax revenue from retail marijuana sales amounted to \$40.9 million between January 2014 and October 2014, not including revenue from medical marijuana and licenses and fees.ⁱⁱ

Of the marijuana tax revenue already collected, the Colorado joint budget committee set aside \$2.5 million to increase the number of health professionals in Colorado public schools.ⁱⁱⁱ In November 2014, the state awarded the first \$975,000 in grants to Colorado schools to be used to hire health professionals.^{iv} The funds help fill a critical gap in Colorado school districts, which suffer from a shortage of school health workers due to 2011 budget cuts.^v Many of the newly hired health workers, including nurses and social workers, will focus on mental health support and on programs to educate students about drug use.^{vi}

Decrease in Traffic Fatalities

Traffic fatalities went down in 2014, according to data released by the Colorado Department of Transportation,^{vii} challenging claims that the legalization of marijuana would lead to an increase in traffic fatalities.

In the first 11 months of 2014, the state had 436 traffic fatalities, a 3% drop from the 449 fatalities in the first 11 months of 2013. The decline in fatalities in 2014 marks a continuation of a 12-year long downward trend in traffic fatalities in the state of Colorado.^{viii}

Economic Benefits

Colorado has the fastest growing economy in the United States,^{ix} and Colorado's unemployment rate is at a six-year low.^x

According to the Department of Revenue, 16,000 people were licensed to work in the marijuana industry as of December 31, 2014,^{xi} though not all those with licenses may be actively working in the industry.

Jack Strauss, an economist at the University of Denver, assessed the economic impact of two dispensaries in Denver, Evergreen Apothecary and Colorado Harvest Company.^{xii} Workers at the two dispensaries receive an average wage of \$17 per hour. Strauss found that the economic impact of the two dispensaries amounted to 280 jobs and \$30 million in total economic output between January 1, 2014 and June 30, 2014, and that the two dispensaries contribute 10 times the tax revenue of either a typical restaurant or retail store.

Youth Prevention Efforts

The state has allocated more than \$8 million in retail marijuana tax revenue for youth prevention and education, mental health and community-based developmental programs.^{xiii} In addition to the \$2.5 million allocated to fund health workers in Colorado schools, \$2 million of marijuana tax revenue has been allocated to help fund community-based youth services programs that offer mentoring and focus on drug prevention and school retention, and over \$4.3 million will fund school-based outreach programs for students using marijuana.

Support HB1808 with modifications

Delete:

12 ... shall not be visible from any street or
13 road used by the public nor visible to adjoining landowners.

This limitation does not serve any legitimate purpose and merely limits suitable locations for no good reason.

Better to require the Oath of Office and Apply the Rule of Lenity.

A few years ago the Supreme Court of the State of Hawaii ordered broad based medical marijuana reform. The minority opinion was that the lack of access to medical marijuana was an ABSURDITY. And last session the Legislature moved forward the first legislation giving patients access to medical marijuana through dispensaries.

The Constitution empowers the State to protect and promote the public health. The 3 A's of "availability, accessibility and affordability" of health care set the public health standards. The dispensaries provide for the availability of some kind of product but may fall short of availability, accessibility and affordability of Pharmaceutical Quality medicine. The lack of an effective competition and stifling the free market will harm consumers in all aspects

However the majority opinion on Medical Marijuana Reform has not been addressed. The Majority Opinion of the Court found that the Medical Marijuana Laws were IRRECONSIABLY CONFLICTED. The Court ruled that conflicts in the statutes would be resolved under THE RULE OF LENITY. [The Rule of Lenity: in construing an ambiguous criminal statute, a court should resolve the ambiguity in favor of the defendant.] The Court declared that any conflict in the law would be resolved in favor of the defendant ordering an acquittal.

The Rule of Lenity: in construing an ambiguous criminal statute, a court should resolve the ambiguity in favor of the defendant. A court may also look at: the common usage of a word, case law, dictionaries, parallel reasoning, and punctuation.

In a similar fashion the Legislature should avoid wasting Judiciary Resources, Police Resources and Individual Lives and due their due diligence and apply the Rule of Lenity.

The first conflict to look at is HRS 329-14 Schedule 1 (20) marijuana and HRS 329 Part IX Medical Marijuana beginning at HRS 329-121.

HRS 329 part IX holds that medical marijuana is a necessary, appropriate and relatively safe medicine whereas Schedule 1 is for the most dangerous substances.

Clearly one medicine cannot be both a necessary, appropriate and relatively safe medicine and one of most dangerous substances. The irreconcilable conflict created in the statutes under the

Rule of Lenity the courts should resolve this ambiguity in favor of the defendant and order an acquittal. The Legislature should avoid irreconcilable conflicts and absurdity in making law.

HRS 329-14 Schedule 1 (20) marijuana under the Rule of Lenity is **inferior** to the Medical use of marijuana where marijuana is declared as being a necessary, appropriate and relatively safe medicine

HRS 329-14 Schedule 1 (20) marijuana should be deleted from the books-

Then like a house of cards all the criminal code on marijuana falls again without the support of Schedule 1.

The Legislature should not waste judicial and police resources by maintaining irreconcilable conflicts in the statutes. The responsible act is to streamline the law and eliminate irreconcilable conflicts.

If we examine these irreconcilable conflicts we see that there are two sides,

1. the law enforcement side and
2. The medical need patient side.

The Rule of Lenity favors the medical need patient side. Therefore the law enforcement side must be deleted under the Rule of Lenity.

In addition the Oath of Office requires Legislators and others to support and defend the Constitution of the United States, and the Constitution of the State of Hawaii, and that I will faithfully discharge my duties as to best of my ability.

The Constitution of the United States, and the Constitution of the State of Hawaii, both support and protect health care. The Right of Privacy has a purpose in this situation. Add to support and protection for the Public Health and Public Safety and the way or Marijuana reform is clear.

Three other States already have Legalized Recreational Marijuana; we need equal protection under the Law.

Law Enforcement testimony must comply with the Oath of Office and protect and promote medical marijuana and health care delivery or they should be sanctioned by the legislature.

Under the court ordered marijuana reform, the State should get busy promulgating law for the legalization and regulation of marijuana and the development of Hawaii in this multi-Billion dollar business.

Complaint against Oath of Office Holders

The Legislature has conveniently exempted themselves from criminal acts while performing their duties as a Legislator. It is not surprising that there isn't any Law that citizens can rely upon to have the Oath of Office enforced and Oath violators removed. We are a Nation of Laws except for Oath holders. Although this Constitutional requirement is for the protection of the People, the Oath holders themselves have been derelict in their duties so as to protect bad people in Government including police officers and prominent government officials.

The Marijuana Laws are for the protection and promotion of Organized Crime and fail to meet the health care needs of the State.

Hawaii Supreme Court has opined that marijuana is a medicine and that lack of access to medical marijuana was an Absurdity. The Court also opined that any conflict in Law would be resolved in favor of the defendant. Any conflict with the Constitution would also be resolved in favor of the Constitution and the defendant's rights to health care.

1. The Right of Privacy is established; we do not need to establish it again.
2. Medical Marijuana is a medicine under HRS 329 Part IX as established by law; we do not need to establish it again.
3. All medicine, all health care, is protected by law and is protected under the Constitution by the Right of Privacy.
4. Due to bad Jurisprudence the Right of Privacy has been by law enforcement and the courts by establishing the Commerce Clause as superior to the Right of Privacy, not in harmony with the Rule of Lenity and subsequently caused the various states to lose their Commerce Clause.
5. The Right of Privacy is absolute; no power is no power.
6. Any and all restrictions on health care delivery by government are violations of the Right of Privacy and a violation of the Oath.
7. Violating the Oath shall result in sanctions.

The State is required to protect and promote the public health including medical marijuana health care. The State is required to apply the Right of Privacy not just with abortions but with all medical care. The State of Hawaii lacks a Commerce clause. The State of Hawaii has failed to provide any scientific or medical evidence that suggests that marijuana is a dangerous drug. We get nothing but a law enforcement web of lies and bad law.

The Rule of Lenity: in construing an ambiguous criminal statute, a court should resolve the ambiguity in favor of the defendant. A court may also look at: the common usage of a word, case law, dictionaries, parallel reasoning, and punctuation.

Although the law states in part under HRS § 329-125, which requires that "the qualifying patient . . . strictly complied with the requirements of [Chapter 329, Part IX].", it should also be known that the law must also strictly comply with both Constitutions and the Right of Privacy.

At the time of my arrest it was Federal Department of Justice policy was to NOT ARREST CANCER PATIENTS GROWING MARIJUANA IN THEIR BACK YARD AS MEDICINE. Arresting and prosecuting a Cancer patient in violation of Department of Justice policy and protocols is not being a person of good moral character. IMHO all violations of Naturopathic Medicine is a Color of Law Crime and a Crime against Humanity for profiteering by corporate America, Big Pharma, AMA and the Insurance industry.

A person of good moral character would protect and promote the public health including Medical Marijuana healthcare.

Currently under Federal Law the State's Rights to promulgate Medical Marijuana laws are recognized and protected under the Budget Law. This is endorsed and supported by the Justice Department. However this law must comply with both the State and Federal Constitution.

A person of good moral character would respect and protect our State and Federal Constitutions and my Right of Privacy. A person of good moral character would respect and protect my right to take care of my own medical needs in harmony with Traditional Naturopathic Medical principles and practices.

Now that the Federal law both recognizes and protects the Right of the various States to promulgate law that for the medical use of Marijuana as a medicine, a clear conflict is established in law concerning medical marijuana not being a medicine.

Again under The Rule of Lenity: in construing an ambiguous criminal statute, a court should resolve the ambiguity in favor of the defendant.

In the past despite the State of Hawaii breaking away from the now illegal federal prohibition of marijuana, law enforcement has demanded violations of the Right of Privacy due to Federal "color of law" crimes against the medical use of marijuana. Now, under the new Budget Law, those days are done. Marijuana as a medicine in the various States is recognized and protected under Federal Law. This is accepted by the Department of Justice policy although not by all of law enforcement. There isn't any reason why medical marijuana shouldn't be protected as a medicine under the Right of Privacy. There isn't any reason why the State of Hawaii should fail to protect and promote the public health including medical marijuana.

In the State of Hawaii, by law, medical marijuana is relatively safe non-prescription drug, although currently grow your own, although soon to be OTC for registered users. The therapeutic benefit of medical marijuana is not based upon the recommendation to use medical marijuana but the medicinal qualities of the herb. The recreational use of marijuana is still therapeutic; there is no reason to deny the general public the public health and public safety benefits of marijuana.

Merely requiring a patient to register with the State is a violation of the Right of Privacy.

Isn't the State requiring strict compliance with an absurd law and unconstitutional law even more absurd?

Bottom line neither the State nor the Federal Government has demonstrated any relative risk concerning marijuana compared to other medicines. Currently the new drug craze is to vape OTC DM cough medicine for out of body experiences. Aspirin is more medically hazardous than medical marijuana on a relative basis.

Bottom line by law Marijuana is a necessary, appropriate and reasonably safe medicine.

Respect it and protect it.

Mr. President

Pardon Me

Honestly, I am a
Very Good Medicine

Oath of Office enforced by FBI on State and Federal Level.

Members of the Legislature, Government the police departments that have taken an Oath of Office must not advocate commission of acts of force or violence to prevent others from exercising their rights under the Constitution or laws of the United States or of any State.

Medical Marijuana is a legal medicine under the Laws of the State of Hawaii.

The Federal Budget Law 2015 and 2016 has recognized and protected the State Right to promulgate Medical Marijuana Laws.

Although DEA still classifies marijuana as having no medical use, these new law recognizing and protecting the State Right to declare marijuana is a medicine and provide for its medical use for patients means that Federal Law also recognizes and protects marijuana as a medicine. The Rule of Lenity requires resolution of this conflict to find that in fact marijuana is a medicine and subject to Constitutional Protections. Persons advocating acts of force or violence to prevent others from exercising their rights under the Constitution or laws of the United States or of any State are in violation of Executive Order 10450.

Advocating violations of the Right of Privacy by

- prohibiting, restricting medical marijuana health care delivery or
- advocating criminal penalties for persons accessing medical marijuana healthcare or
- restricting availability, accessibility or affordability of medical marijuana healthcare or
- not protecting and promoting the public health [Article IX of the Hawaii State Constitution] by not providing availability, accessibility or affordability of medical marijuana healthcare or
- not actively protecting the Constitutional Rights to access affordable health care on a timely basis

Are all violations of the Oath of Office which shall be enforced by the FBI on both a Federal and State level.

Executive Order 10450--Security requirements for Government employment

Source: The provisions of Executive Order 10450 of Apr. 27, 1953, appear at 18 FR 2489, 3 CFR, 1949-1953 Comp., p. 936, unless otherwise noted.

<http://www.archives.gov/federal-register/codification/executive-order/10450.html>

WHEREAS the interests of the national security require that all persons privileged to be employed in the departments and agencies of the Government, shall be reliable, trustworthy, of good conduct and character, and of complete and unswerving loyalty to the United States; and

WHEREAS the American tradition that all persons should receive fair, impartial, and equitable treatment at the hands of the Government requires that all persons seeking the privilege of employment or privileged to be employed in the departments and agencies of the Government be adjudged by mutually consistent and no less than minimum standards and procedures among the departments and agencies governing the employment and retention in employment of persons in the Federal service:

NOW, THEREFORE,...

Sec. 8. (a)

(5) Knowing membership with the specific intent of furthering the aims of, or adherence to and active participation in, any foreign or domestic organization, association, movement, group, or combination of persons (hereinafter referred to as organizations) which unlawfully advocates or practices the commission of acts of force or violence to prevent others from exercising their rights under the Constitution or laws of the United States or of any State, or which seeks to overthrow the Government of the United States or any State or subdivision thereof by unlawful means.

(d) There shall be referred promptly to the Federal Bureau of Investigation all investigations being conducted by any other agencies which develop information indicating that an individual may have been subjected to coercion, influence, or pressure to act contrary to the interests of the national security, or information relating to any of the matters described in subdivisions (2) through (8) of subsection (a) of this section. In cases so referred to it, the Federal Bureau of Investigation shall make a full field investigation.

Sec. 8. (a) 5 (d) by the use of the word "shall" requires the FBI to make a full field investigation...of any Oath Holder... which unlawfully advocates or practices the commission of acts of force or violence to prevent others from exercising their rights under the Constitution or laws of the United States or of any State.

Since Marijuana has been declared **KOSHER** under Jewish Law, as a minimum, we would greatly appreciate inserting a RELIGIOUS EXEMPTION that would provide for the free exercise of the Jewish Faith in healthcare and keeping kosher.

Rabbi Menachem Genack, said:

“Judaism prioritizes health and encourages the use of medicine designed to improve one’s health or reduce pain.

Using medical cannabis products recommended by a physician should not be regarded as a chet, a sinful act, but rather as a **mitzvah, an imperative, a commandment.**”

Medical Marijuana is a **MITZVAH**. Medical Marijuana is both **KOSHER** and a **COMMANDMENT FROM GOD**, a religious duty, an act of human kindness and the fulfillment of that religious duty.

The Primary meaning of mitzvah is "**commandment**", referring to precepts and commandments commanded by God. In its secondary meaning, Hebrew mitzvah, as with English "commandment", refers to **a moral deed performed as a religious duty**. As such, the term mitzvah has also come to express an **act of human kindness**. The tertiary meaning of mitzvah also refers to the fulfillment of a mitzvah.

Medical Marijuana is proven to be Good for the Public Health
Medical Marijuana is a safe and effective natural medicine that treats many diseases safer, more effectively and cheaper than standard prescription drugs. Side effects are minimal and easily treated. Marijuana feeds the endocannabinol system that maintains health and balance of the cells, tissues, organs and glands.

Recreational Marijuana is proven to be Good for the Public Safety.
After the Legalization of Recreational Marijuana in the State of Colorado the violent crime rate dropped for homicide and assault.

1. **Protect the Public Health and Public Safety!**
2. **Increase the General Fund by tens of millions of dollars!**
3. **Put the Black Mark out of business by Capturing the Revenue Stream!**
4. **Provide for a Blanket Religious Exemption for Jewish People from religious persecution and criminal prosecution under the marijuana laws.**

Honorable Hawaii State Legislators

PLEASE INCLUDE LANGUAGE THAT SUPPORTS AND PROTECTS RELIGIOUS FREEDOMS IN HEALTHCARE

The largest Orthodox Jewish Kosher union has certified a variety of commercial medical marijuana products as Kosher to be sold in the State of NY.

Please inform yourself and your staff that Medical Marijuana is considered Kosher in the Jewish Religion. The Rabbi tells me that in the Bible God says essentially that you should take good care of yourself. The Rabbi says that some people should be encouraged to use medical marijuana and some people should be discouraged from using marijuana. Hopefully something as easy as this should be easy to understand. The difficult part which is not the State's responsibility is to advise individual patients on their health care needs. Individual health care decisions are protected under the Right of Privacy. The State responsibility is to protect and promote the public health by doing their best to make Medical Marijuana health care available, accessible and affordable.

In addition to the Right of Privacy, since medical marijuana is Kosher, please apply both the Right of Privacy and the Freedom of Religion to all HRS laws and rules. After reviewing the HRS and applying the Rule of Lenity as ordered by the Hawaii Supreme Court, submit your findings for approval to the Governor and then to both the Supreme Court for a declaratory

decision and to the Legislature to repair the irreconcilably conflicted law. This will avoid wasting Police, Judicial, and Health Care Resources and tax payer money while protecting both the public health and public safety.

Please Do Not Allow any further violations of the Oath of Office concerning Medical Marijuana.

Medical Marijuana has always been Kosher in the Jewish Religion. Israel is one of the world leaders in Medical Marijuana research, development and application because it is both Kosher and an Adaptogen and Polycrest. As an Adaptogen, Cannabis balances the cells, tissues and organ functions. Cannabis protects the brain and nervous system from injury, trauma and cell death. As a Polycrest, Cannabis treats many diseases. Because it is Kosher, Marijuana is Holy.

Of course there is Kosher Marijuana in Israel. Kosher marijuana is also sold in Colorado. Now the largest Orthodox Jewish Kosher union has certified a variety of commercial medical marijuana products as Kosher to be sold in the State of NY.

Medical Marijuana is not only **KOSHER** it is a **COMMANDMENT FROM GOD**

Mitzvah

In its primary meaning, the Hebrew word *mitzvah* (/ˈmɪtsvə/^[1] meaning "commandment", מצוה, [*mits'va*], Biblical: *mišwah*; plural מצוות *mitzvot* [*mits'vot*], Biblical: *mišwoth*; from צוה *šivwah* "command") refers to precepts and commandments commanded by God.

It is used in **rabbinical Judaism** to refer to the **613 commandments** given in the **Torah** at **biblical Mount Sinai** and the **seven rabbinic commandments** instituted later for a total of 620. The 613 commandments are divided into two categories: 365 negative commandments and 248 positive commandments. According to the **Talmud**, all **moral laws** are, or are derived from, **divine commandments**.

In its secondary meaning, Hebrew *mitzvah*, as with English "commandment", refers to a moral deed performed as a religious duty. As such, the term *mitzvah* has also come to express an act of human kindness. The tertiary meaning of *mitzvah* also refers to the fulfillment of a *mitzvah*.

ORTHODOX UNION CERTIFIES MEDICAL MARIJUANA PRODUCTS, DEEM THEIR USE A 'MITZVAH'

A first in kosher pain relief

By [Jonathan Zalman](#)

December 30, 2015

In July 2014, [five companies were awarded licenses by the New York State Health Department](#) to grow and sell marijuana in the state, and in New York City. One of them, a Minneapolis-based company called [Vireo Health](#), which produces “pharmaceutical-grade cannabis-derived medicine,” announced Wednesday that all of its products had received kosher certification from the Orthodox Union. Vireo’s pot products—intended [by law](#) for use by patients who suffer from a variety of serious illnesses, including cancer, Parkinson’s disease, epilepsy, and HIV/AIDS, among [many others](#)—are apparently the first to have the “OU” trademark attached to it.

That kief, intended to alleviate pain and suffering? It’s kosher. Apparently it’s a mitzvah, too:

In Vireo’s announcement, the CEO of [OU Kosher](#), Rabbi Menachem Genack, said: “Judaism prioritizes health and encourages the use of medicine designed to improve one’s health or reduce pain. Using medical cannabis products recommended by a physician should not be regarded as a *chet*, a sinful act, but rather as a mitzvah, an imperative, a commandment.”

Vireo will operate four dispensaries in New York—in White Plains, Queens, Binghamton, and Albany—all of which are scheduled to open in January 2016. (New York will be [taxing](#) it, of course.)
