Re: Oppose HB 620 Relating to Environmental Protection. **This bill is totally unnecessary and a waste of time and money.** We the people as consumers do not need to be protected from false or fraudulent advertising which this bill claims to be essential. Such initiatives are being promoted by overzealous environmentalist. This bill will not best serve our community.

I would like to humbly remind you that you **serve** the people. God has given us dominion over all creatures. This bill will impact businesses that provide plastic products to consumers. It is difficult enough to conduct business in Hawaii, why make it more difficult.

This is totally unnecessary and a waste of time and money.

We the citizens of the state of Hawaii reject government to interfere in our lives and take away our freedom of conducting business. We are good citizens that care about our environment and I am sure we are not causing the problem to the environment.

I urge you not to pass this bill. Thank you for allowing me to voice my concern.
