S.B. 1000

RELATING TO TECHNOLOGY

Chair Wakai and members of the Committee, thank you for the opportunity to testify on S.B. 1000. The Department of Accounting and General Services (DAGS) offers the following comments on S.B. 1000.

Because the scope of S.B. 1000 impacts a cross-section of stakeholders, including the Chief Information Officer, Office of Information Management and Technology, and DAGS' Information and Communication Services Division, DAGS respectfully requests that the measure be deferred so that meaningful discussions can continue with these and other interested entities before moving forward with the merger and consolidation of these entities into a single office (the Office of Information Technology) to be placed within DAGS.

Thank you for the opportunity to testify on this matter.
