CHIEF NEGOTIATOR, OFFICE OF COLLECTIVE BARGAINING

**Senate Bill No. 1011, S.D. 1, H.D. 1
Relating to Collective Bargaining**

CHAIRPERSON RHOADS, VICE CHAIR SAN BUENAVENTURA AND MEMBERS OF
THE HOUSE COMMITTEE ON JUDICIARY:

S.B. No. 1011, S.D.1, H.D.1 would amend Chapter 89, HRS to repeal the statutory language providing that arbitration shall not be available to resolve disputes regarding EUTF contributions by the State and Counties. The measure, as currently drafted, also amends the process for selecting the neutral member of the arbitration panel should the parties fail to timely select the neutral member by requiring that the Hawaii Labor Relations Board maintain a list of arbitrators that includes arbitrators from the State, and from such list provide names of arbitrators for the parties' consideration.

The Office of Collective Bargaining (OCB) **HAS CONCERNS** regarding this bill.

Allowing an arbitration panel to determine the amount of the employers' contribution toward employees' EUTF premiums through binding arbitration would

constitute a major change in the negotiations impasse resolution process. Expanding the scope of arbitration to include EUTF contributions may have significant unintended consequences, including the potential for substantially increasing the funding required to implement the panel's arbitration award.

It is believed that the inclusion of arbitrators from the State on the list of potential neutral panelists will offer a more balanced approach to the arbitration decision-making process, which if amended as proposed would include EUTF contributions. The existing statutory language requiring that selection of the third party neutral be made from a list provided by the American Arbitration Association has typically resulted in arbitrators from outside of the State serving as the neutral. The proposed new approach to selection of the neutral panelist to include arbitrators from the State (and which would not preclude arbitrators from the American Arbitration Association) will likely aid in the arbitration process and the arbitration panel's deliberations, particularly with regard to the potential economic impact of the panel's decision. It is therefore urged that if the Legislature is inclined to include EUTF contributions as a subject of arbitration, that the Legislature also require the HLRB to maintain and provide a list of potential neutral arbitrators that includes arbitrators from the State.

Thank you for the opportunity to testify on this important measure.

TO THE HOUSE COMMITTEE ON JUDICIARY
ON
SENATE BILL NO. 1011, S.D. 1, H.D. 1

March 24, 2015

RELATING TO COLLECTIVE BARGAINING

Senate Bill No. 1011, S.D. 1, H.D. 1, repeals the prohibition of using arbitration to resolve impasses or disputes relating to State and county Hawaii Employer-Union Health Benefits Trust Fund (EUTF) contributions and authorizes arbitration panels to decide on EUTF contributions. The bill also repeals the prohibition on the right to strike over EUTF contributions.

The Department of Budget and Finance (B&F) strongly opposes this bill. B&F believes the best way to maintain control of EUTF costs is to leave the final decision for EUTF contributions in the hands of the Legislature if the parties are unable to reach an agreement. While arbitration panels are tasked to consider the employer's ability to pay and overall economic conditions, panels often fail to grasp the complexities of the State budget.

While recent fiscal conditions have made it challenging to reach resolution in collective bargaining negotiations, altering the current process by allowing binding arbitration would take this critical decision out of the hands of elected leaders and put it in the hands of unelected and unaccountable arbitrators. While the Legislature would still have the authority to reject an arbitration award, it appears all cost items would be rejected, not just EUTF contributions. The end result of this bill could result in giving the Legislature a choice of fully conceding control of this significant portion of the budget to arbitration panels or risk unending collective bargaining negotiations.

SB 1011, SD 1, HD 1, Relating to Collective Bargaining.

Dear Chairperson Rhoads and Committee Members:

The University of Hawaii Professional Assembly (UHPA) has long advocated for changes in the Hawaii bargaining statute that would allow EUTF contributions to be subject to impasse procedures including arbitration or strike as provided for each respective public sector bargaining unit.

The current amended measure has placed language within that would remove the American Arbitration Association (AAA) as the party that conducts the process for selection of a neutral third party when arbitration is sought. The AAA is a long established organization known for its integrity in working through a process which there can be difficulty for all parties. The current amendment, which replaces AAA with Hawaii Labor Relations Board (HLRB) contains no standards for selection and impartiality. When arbitration is needed it may require expertise and skills not necessarily found in the state. The amendment may, in fact, diminish the quality and fairness of the arbitration process.

UHPA encourages the Committee to return to the original SB 1011 proposed measure that maintains the current statutory provisions that require use of the American Arbitration Association.

Respectively submitted,

RE: S.B. 1011, S.D. 1, H.D. 1 - RELATING TO COLLECTIVE BARGAINING

PERSON TESTIFYING: WIL OKABE, PRESIDENT
HAWAII STATE TEACHERS ASSOCIATION

The Honorable Chair Karl Rhoads, Honorable Vice Chair Joy San Buenaventura and Members of the Committee:

The Hawaii State Teachers Association (HSTA) **strongly supports S.B. 1011, S.D. 1, H.D. 1**, relating to collective bargaining, which repeals the provision providing that arbitration shall not be available to resolve disputes regarding the employer – Union Health Benefits Trust Fund (EUTF).

The amendments in Senate Bill 1011 clarify negotiations relating to contributions to the EUTF which maybe be subject to the impasse procures as stated in chapter 89, Hawaii Revised Status.

HSTA believes in its commitment to its employees and its need for improvements for prepaid health, dental care, vision, and drug plans for bargaining unit members and their dependents.

As such, the amendments support actions to allow a negotiated resolution for affected employees to address the Employee and Employer share of the contributions to medical rate to be made inclusively - similarly to any other negotiated item - resolved through an impasse procedure and subsequently by either interest arbitration or strike depending upon the bargaining unit.

Thank you for the opportunity to testify in **strong support of S.B. 1011, S.D. 1, H.D. 1**.

S.B. 1011, S.D. 1, H.D. 1 – RELATING TO
COLLECTIVE BARGAINING

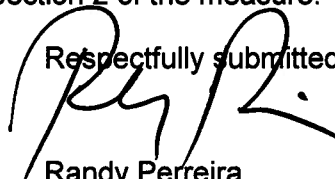

The Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO **strongly supports the purpose and intent of S.B. 1011, S.D. 1; however, we firmly oppose to the amendments made to the measure in the H.D. 1.** The original intent of S.B. 1011 clarified that negotiations relating to the contributions to the Hawaii Employer-Union Health Benefits Trust Fund (EUTF) shall be subject to the impasse procedure as delineated in Ch. 89, Hawaii Revised Statutes.

As currently written, Ch. 89, HRS lacks a dispute resolution mechanism to address the Employee and Employer share of the contributions to medical premiums in the EUTF. If the Employer and the Exclusive Representative cannot agree on the contribution amount, then the pro-rata share shall be determined by the Legislature, while all other negotiable items can proceed to impasse. The amendments contained in S.B. 1101 allow for the dispute over contributions to be inclusively – similarly to any other negotiable item – resolved via the impasse procedure and subsequently by either interest arbitration or strike, depending upon the bargaining unit. Adoption of this language increases conformity between public-sector and private-sector employee bargaining, as both parties can fully utilize their dispute resolution mechanisms for all negotiable items, and also allows for consideration of a full benefits and compensation package.

Our opposition to the current H.D. 1 strictly concerns the amendment to Ch. 89-11(e) which deletes the provision of selecting a neutral third member of the arbitration panel from a list provided by the American Arbitration Association (AAA) and allows for any arbitrator in the state to be selected. Existing statute does not preclude both the Employer and the Exclusive Representative from mutually agreeing upon any neutral third member of the panel, AAA-qualified or not. However, in the case that the parties do not agree, a list of five AAA arbitrators is furnished from the Hawaii Labor Relations Board. In order to be certified by the AAA, an arbitrator must exceed stringent qualifications and uphold a high standard of ethics. Additionally, AAA arbitrators must have extensive subject-matter expertise and experience in resolving large-scale interest arbitration disputes. We are pleased that there are Hawaii-based arbitrators who meet the AAA standards.

Thank you for the opportunity to testify in strong support of S.B. 1011, S.D. 1, H.D. 1, with the request to delete the amendments made in Section 2 of the measure.

Respectfully submitted,

Randy Perreira
Executive Director

Testimony by
Hawaii Fire Fighters Association

S.B. 1011 HD1 Relating to Collective Bargaining

My name is Robert H. Lee and I am the President of the Hawaii Fire Fighters Association (HFFA), Local 1463, AFL-CIO. HFFA represents approximately 2,100 active-duty professional fire fighters throughout the State. HFFA offers the following comments on S.B. 1011 HD1 relating to Collective Bargaining.

HFFA supports Section 1 in its entirety and the proposal made in Section 2 amending subsection (g) of Chapter 89-11, H.R.S., in SB. 1011 HD1. These two amendments provide for the resolution of disputes regarding EUTF contributions in the arbitration process. This measure designates the responsibility of reaching a resolution on EUTF contributions on both the employee organizations and employers. The contribution amount will become inclusive in the terms and conditions of employment of the final agreement.

HFFA, however, does not support the proposed amendments made to subsection (e) of Chapter 89-11, H.R.S as offered in Section 2 by deleting the requirement to request from the American Arbitration Association (AAA) a list of five qualified arbitrators and instead, placing the responsibility with the Hawaii Labor Relations Board to furnish the list. HFFA has been extremely impressed with the prompt response from AAA and the quality of the list of arbitrators it provides, both from within the state and out-of-state. AAA Arbitrators are “well screened expert neutrals who undergo continuous training” and follow the “AAA’s Rules and Procedures that govern” the alternative resolution process. In addition, the HLRB is already currently understaffed and an additional charge to their responsibilities is a disservice to the employers and unions.

Thank you for the opportunity to testify.
