Aloha

My name is Levie Yamazaki-Gray. I live in Kaunakakai, on Molokai. I urge you to support SB2579 and create a protected area to reduce the impacts of overfishing on Molokai. I moved here in 2003 and for the first two years lived on my boat. So I spent a lot of time on the water. I definitely believe that the waters around Molokai are being overfished- often by larger commercial fisherman who are not from Molokai. This is not pono and I urge you to take action to reduce this overwhelming impact on Molokai.

Please support bill SB2579

Mahalo for your time and consideration!

Aloha

Comments: Aloha Mai Kākou! 'O Trinette Furtado ko'u inoa. No Hamakualoa mai au ma ka mokupuni o Maui. I am writing in SUPPORT of SB2579 which would create a subsistence fishing zone for the north shore of Moloka'i from Kalaupapa to Halawa, 2 miles out from the coast. Our kūpuna were able to adequately manage nearshore fisheries to ensure sustained populations of specific marine species used as common foodstuffs. With commercial overfishing, there are scant few leftovers for those who are subsistence fishermen trying to feed their 'ohana. We MUST look to proven traditional ways of managing these areas so that the people of Molokai can continue to feed generations to come. I support this bill because it is strongly supported by 'ohana who have very special ties to these areas. Please consider the impacts commercial overfishing has had in areas where people practice subsistence fishing and vote to SUPPORT SB2579. Mahalo for your time.
