

Testimony for
Committee on Water, Land, and Agriculture
Monday, February 01, 2016, 2:45 p.m. Room 224

Senator Mike Gabbard, Chair
Senator Clarence K. Nishihara, Vice Chair

SB2788 Relating to the Molokai Irrigation System Water Users Advisory Board

Dear Chair Gabbard and Members of the Committee:

This testimony is in SUPPORT of SB2788 to provide allow the Molokai irrigation system users who are members of the Advisory Board to designate their agents, officers, or employees participate on the Board. It also removes the requirement for having a GET license.

I am Lynn McCrory, Senior Vice President of Government Affairs for Pulama Lanai. I am also a commission member of the Molokai – Lanai Soil and Water Conservation District, representing the island of Lanai. Pulama Lanai is the entity that was set up by Larry Ellison to work with the community and government as we move the island of Lanai toward sustainability.

This change to ACT 154, Section 167-23 willlll by providing an opportunity allow the advisory board to include an agent, or other knowledgeable person attend the meetings should the member not be able to attend. It will allow alternative attendees who have the most information on a specific subject attend the relevant meetings.

We humbly ask that you support SB2788. Mahalo!

Me ke aloha pumehana
With warm aloha,

Lynn P. McCrory
Senior Vice President of Government Affairs

TESTIMONY ON SB 2788
RELATING TO THE MOLOKAI IRRIGATION SYSTEM WATER USERS ADVISORY BOARD

STRONG SUPPORT of SB 2788

Aloha Honorable Chair Gabbard, Vice Chair Nishihara and Respected Committee Members:

On behalf the all the names listed below, we thank you for the opportunity to submit testimony.

The Molokai Irrigation System (MIS) is the only agricultural water source on Molokai. This single water source demonstrates the vital lifeline that sustains agriculture on Molokai and represents the largest economic sector of our Molokai economy.

As stated in Section 167-23 of the Hawaii Revised Statutes, it is important the MIS have a functioning Molokai Irrigation System Water Users Advisory Board to inform the Department of Agriculture.

For years our MISUAB has continued to only hold “informational” meetings - because the board is unable to establish quorum due to vacant seats, because members could not meet all of the current stated requirements.

We are asking to change this to allow more affected residents of the Molokai Irrigation System the ability to participate on this advisory board, and the opportunity to create a once again functioning board.

As officers of organizations that represents one of the seven seats that compose the Molokai Irrigation System Water Users Advisory Board (MISUAB), each of us stand in unison and in **strong support for SB 2788.**

Below are the current members of the affected organizations in support of this testimony and Bill 2788:

Mahalo for your time and consideration.

- **MISUAB member seat for Molokai-Lanai Soil & Water Conservation District (VACANT):**
Molokai-Lanai Soil and Water Conservation District (MLSWCD) board members in support:

**SENATE BILL NO. 2788
RELATING TO THE MOLOKAI IRRIGATION SYSTEM WATER USERS ADVISORY
BOARD**

Chair Gabbard and Members of the Committee:

Thank you for the opportunity to testify on Senate Bill No. 2788. The purpose of this measure is to allow listed members of the Molokai irrigation system water users' advisory board to be represented by agents, officers, or employees of their respective organizations. The Department respectfully offers the following comments.

The department respectfully recommends that the language for §167-23, HRS be amended to reflect the original language prior to the 2010 amendment. The statute was amended by inserting a new §167-23(b). The new section set criteria that members had to meet and added a seventh board member. Since the change, the department has found it difficult to recommend new board members. The board currently has two out of seven seats filled.

Thank you for the opportunity to testify on this measure.
