RELATING TO THE PACIFIC INTERNATIONAL SPACE CENTER FOR EXPLORATION SYSTEMS :
February 16, 2016 at 1:18 p.m.

WRITTEN TESTIMONY ON SENATE BILL NO. 2825 - BY: Russell Honma, APEC HAWAII:

Good afternoon Senators, for the record my name is Russell Honma, author of the APEC Master Plan. Whereas, the S.B. No. 2825 relates to Pacific International Space Center for Exploration Systems (PISCES) and eliminating the Ex-Official member status for National Aerospace and Space Administration (NASA) representing from PISCES Board of Directors members, effective July 1, 2016.

First and foremost as you know NASA plays a major role in the Space Exploration Systems for the World Space Program and for the Research & Development (R&D) for the Hawaii PISCES. The expertise of NASA for the training programs for Mars Mission & Lunar Moon Base Camp Development is very vital for the space exploration systems and for the State of Hawaii.

Whereas, having an ideal landscape and it's terrain in Big Island, Hawaii for the Mars Mission & Lunar Moon Base Camp Development is very acknowledgeable and gifted for State of Hawaii. Whereas, also educating the young future explores and space aviators, NASA expertise and knowledge is very vital and critical for United States and Hawaii. Having University of Hawaii Space & Aerospace Department engaging with NASA and it's research & development (R&D) programs is vital for University of Hawaii.

For those above reasons we shall keep NASA as an Ex-Official Member for the PISCES. If you have any questions please contact me at:Russellhonma@yahoo.com or call at;(808) 265-5261. Thank you for giving me the opportunity to testify on this matter.

Best regards & Mahalo nui loa !

Very truly yours,

Russell Honma
