Nancy Redfeather	Hawaii Island School Garden Network	Support	No

Comments: Extension funding and services have been dwindling away for many many years. I can remember a time when Hawai'i Island alone had 9 Extension Agents in the 4-H Program alone! It is critical that we keep local services for farmers in the face of mounting pressure of invasive species and climate change, difficult economic realities for farming and ranching, and building the core support for farmers and ranchers and maintaining that presence in the community that brings agricultural issues and opportunities to the forefront at our CTAHR stations. Mahalo

Comments: I support this bill as long as those hired are not GMO proponents like Dr. Maria Gallo at UH Tropical Ag. We need a more balanced representation within the University system. I was afraid for the University when she was hired because universities are supposed to gather together all ideas.
