Comments: Aloha, this is commonsense legislation that will make development safer, less prone to lawsuits, and will help protect coastlines from encroachment and loss of beach. mahalo for your support.

Comments: We are overdue to prepare for the now unavoidable rise in sea level due to ice melting brought about by climate change. Sea level rise will affect all aspects of life in Hawaii, including our number one income earner, tourism.

Comments: We need to plan for climate change by increasing the setback for new buildings on the shoreline. 60 feet back sounds reasonable.

Comments: Sorry - I may have put the wrong testimony. Let's preserve the little coastline we have left. Too many walls and gates ~ no ocean access or view. Mahalo
