Re: Testimony in Support, SCR 85, SD1

Thank you for this opportunity to testify in support of SCR 85, SD1, which would affirm the state's support of Planned Parenthood. Planned Parenthood has consistently and diligently worked towards improving health outcomes for Hawaii's residents. Planned Parenthood of Hawaii and the Greater Northwest has served thousands of residents with cancer screenings, reproductive health care, sexually transmitted infection screenings, and relationship/sexual health counseling. Yet, they are not immune to the climate of violence and fear that has been perpetrated on their colleagues on the continent.

The Commission strongly supports the work of Planned Parenthood and supports SCR 85, SD1. Thank you for the opportunity to testify in support.

**TESTIMONY IN SUPPORT OF SCR 85 SD1 AFFIRMING SUPPORT  
OF PLANNED PARENTHOOD, RECOGNIZING ITS VITAL ROLE  
IN PROVIDING HEALTH CARE, AND DENOUNCING VIOLENCE  
TOWARDS ABORTION PROVIDERS AND THEIR PATIENTS**

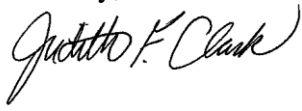

Hawaii Youth Services Network, a statewide coalition of youth-serving organizations, supports SCR 85/SR 56 Affirming Support of Planned Parenthood, Recognizing Its Vital Role in Providing Health Care, and Denouncing Violence Towards Abortion Providers and their Patients.

Planned Parenthood of the Great Northwest and Hawaiian Islands provides high quality pregnancy and sexually transmitted infection (STI) prevention education to youth statewide. This helps youth acquire the knowledge, attitudes and skills that enable them to make healthy decisions about their lives. As a result, Hawaii's youth are more likely to practice abstinence, delay onset of sexual activity, and use protection when and if they become sexually active.

Recognizing that having a trusted adult with whom to discuss sexual health issues is a strong protective factor against unplanned pregnancy and STIs, Planned Parenthood conducts training for parents that empowers them to discuss these important issues with their children. Most parents believe it is important to discuss sexual health with their children, but many feel unprepared to do it. These workshops help parents share their values and beliefs with their children and improve family communication.

Thank you for this opportunity to testify.

Sincerely,

A handwritten signature in black ink that reads "Judith F. Clark". The signature is written in a cursive style with a large, sweeping initial "J".

RE: **STRONG SUPPORT for SCR 85 – PLANNED PARENTHOOD**

Aloha Chairpersons Belatti and Morikawa, Vice Chairs Creagan and Kobayashi and fellow committee members,

I am writing in STRONG SUPPORT to Senate Concurrent Resolution 85 SD 1 on behalf of the LGBT Caucus of the Democratic Party of Hawai'i. SCR 85 SD 1 affirms the State of Hawaii's support of Planned Parenthood and their vital role in providing health care, and denouncing violence towards abortion providers and their patients.

The LGBT Caucus of the Democratic Party of Hawai'i stands with Planned Parenthood for ALL that they do - not only for women across our state but for all of us. They are more than a magnificent women's health organization they are also advocates for justice and equality for everyone that is lucky enough to call Hawai'i home.

We understand that those that fought against justice and equality for the LGBT community have now turned their sights on women and Planned Parenthood is their main target in their war on women. So this resolution is needed now more than ever to send the message that Hawai'i will stand with Planned Parenthood and we will not allow these irrational attacks against women and their rights to control their bodies to take root here in the Aloha State.

We hope that you will stand with us and support SCR 85 SD 1!

Mahalo nui loa,

Michael Golojuch, Jr.  
Chair

RE: SCR 85 Affirming support for Planned Parenthood  
Hearing: Monday, April 15, 2016, 9:00 a.m., Room 329

POSITION: Strong Support

The Hawai'i State Democratic Women's Caucus (HSDWC) is pleased to write in support of SCR 85 which affirms Hawaii's support of Planned Parenthood.

Planned Parenthood of the Great Northwest and the Hawaiian Islands (PPGNHI) is a nonprofit family planning agency that provides high-quality, affordable reproductive health care for women, men, and teens. Planned Parenthood serves many patients who have no other healthcare available to them; and also provides reproductive information and sexual health education to our community.

HSDWC appreciates the contributions that Planned Parenthood's employees, staff, and volunteers have made to advance the reproductive health and rights of the women of Hawai'i; they are an essential part of our community.

The Hawai'i State Democratic Women's Caucus is a catalyst for progressive, social, economic, and political change through action on critical issues facing Hawaii's women and girls. It is because of this mission, the Women's Caucus supports this measure.

We ask the committee to pass this measure and thank the committee for the opportunity to provide testimony.

To: Hawaii State House of Representatives Committees on Health and Human Services  
Hearing Date/Time: Friday, April 15, 2016, 9:00 a.m.  
Place: Hawaii State Capitol, Rm. 329  
Re: Testimony of Planned Parenthood of Hawaii in support of S.C.R. 85, S.D.1

Dear Chairs Belatti and Morikawa and Members of the Committees,

Planned Parenthood Votes Northwest and Hawaii (“PPVNH”) writes in support of S.C.R. 85, S.D. 1, affirming the state of Hawaii's support for Planned Parenthood, recognizing its vital role in providing health care, and denouncing violence towards abortion providers and their patients.

We commend this committee for considering this resolution in support of Planned Parenthood and its providers and patients. Its passage will demonstrate Hawaii’s high regard for women and maintain Hawaii’s status as a leader and champion of women's health and rights.

At Planned Parenthood, we take pride in our mission to ensure that everyone has access to the health care and education that they need and deserve. However, across the country, violent attacks, hateful rhetoric and political smears continue unabated against us. Even here in Hawaii, abortion opponents have become emboldened by the actions of those on the mainland, as demonstrated by their increasingly aggressive and hostile language and actions over the past year. It is imperative that we fight back against this onslaught to ensure the health of our communities and future generations.

Your support for Planned Parenthood comes at a point when our country is at a crossroads – a time when we face the real possibility that we’ll go backward to a time when abortion was unsafe and illegal, birth control was difficult to obtain and women had little or no control over their bodies and lives. By passing this resolution, Hawaii will demonstrate that it is committed to moving forward and ensuring that we all have the education and health care we need to keep ourselves healthy and safe and in charge of our lives and our futures.

For 50 years, Planned Parenthood has been working towards that goal in Hawaii and we are privileged to stand with Hawaii’s state legislature in furthering that mission.

Thank you for this opportunity to testify in support of S.C.R. 85, S.D. 1

Sincerely,  
Laurie Field  
Hawaii Legislative Director and Public Affairs Manager

To: Hawaii State House Committee on Health and Committee on Human Services  
Hearing Date/Time: Friday, April 15, 2016 (9:00 a.m.)  
Place: Hawaii State Capitol, Rm. 329  
Re: Testimony of American Association of University Women – Hawaii in **support** of S.C.R. 85 / S.R. 56, AFFIRMING THE STATE OF HAWAII'S SUPPORT OF PLANNED PARENTHOOD, RECOGNIZING ITS VITAL ROLE IN PROVIDING HEALTH CARE, AND DENOUNCING VIOLENCE TOWARDS ABORTION PROVIDERS AND THEIR PATIENTS

Dear Representative Della Au Belatti (Chair), Representative Richard P. Creagan (Vice Chair), Representative Dee Morikawa (Chair), Representative Bertrand Kobayashi (Vice Chair), and Members of the Committee,

I am grateful for this opportunity to testify in **strong support** of S.C.R. 85 / S.R. 56, affirming the State of Hawaii's support of Planned Parenthood.

My testimony is on behalf of the 442 members of the American Association of University Women (AAUW) in Hawaii, who list choice and women's reproductive health as important current concerns. My testimony is informed by my experiences at the University of Hawaii at Manoa, where I hear wonderful stories from students about the health services and education provided by Hawaii Planned Parenthood. Student conversations of this type are often prompted by their attendance in my gender violence course at UH-M, where I encourage community involvement and activism.

The surprising issue about these comments is that politicians at high levels of state and federal government in the USA do not pay attention to young people's approval of Planned Parenthood, combined with their high need of the clinical services provided by the organization. These students are the politicians and voters of the future.

In this regard, I am thankful that I live in Hawaii, where most senators and representatives are supportive of Planned Parenthood. Given, the high number of political attacks against Planned Parenthood nationally and across the states, and the increasing frequency of domestic terrorism perpetrated against mainland clinics, it is important for legislators in Hawaii to proclaim their support of Hawaii Planned Parenthood, and their intolerance of violence against the organization and its patients.

Thank you for the opportunity to testify.

Sincerely  
Susan J. Wurtzburg, Ph.D.  
Policy Chair

**RE:** OPPOSITION TO SCR85 SD1 "AFFIRMING THE STATE OF HAWAII'S SUPPORT OF PLANNED PARENTHOOD"

Hawaii Family Forum is a non-profit, pro-family education organization committed to preserving and strengthening families in Hawaii. We are committed to defending the sacredness of human life from conception to natural death. Because we are a pro-life organization, we simply cannot celebrate the abortions performed by Planned Parenthood and many people in the community agree with this position.

In this day when so many issues are establishing clear dividing lines in our community, people are looking for issues that unite rather than separate them. Resolutions, even though they are non-binding by law, send a message to everyone who lives in our beloved state. Surely a resolution celebrating all the healthcare service providers in our state may have been a better alternative.

Rather than carve out Planned Parenthood for recognition (an organization that is seen by many in the community as polarizing because they do, in fact, provide abortion services), this legislature should celebrate the good work of all health organizations in Hawai'i. Many other organizations in Hawai'i provide true "health" services and they, too, should be applauded for their good work in the community.

For example, non-profit organizations like the Aloha Pregnancy Care and Counseling Center, the Pearson Foundation of Hawai'i, Malama Pregnancy Center of Maui, Compassion Pregnancy Center, a Place for Women, House of Ruth, Hope INC, House of Ruth, the Mary Jane Home and Rachel's Vineyard may not be on this legislative radar, but hundreds of women in Hawai'i have received free services from them. We applaud them for their outstanding work in the community and their willingness to continue to provide needed services – all without government funding.

Mahalo for the opportunity to testify.

ROMAN CATHOLIC CHURCH IN THE STATE OF HAWAII

**FROM:** Walter Yoshimitsu, Executive Director – Hawaii Catholic Conference

**POSITION:** **Strong Opposition** to SCR85 SD1 Planned Parenthood Resolution

Mahalo for the opportunity to testify. I am Walter Yoshimitsu, the executive director of the Hawaii Catholic Conference which is the public policy voice of the Roman Catholic Church in the State of Hawaii. Given the scientific fact that a human life begins at conception, the only moral norm needed to understand the Church's opposition to abortion is the principle that each and every human life has inherent dignity, and thus must be treated with the respect due to a human person. We simply cannot celebrate an organization that promotes and profits from the taking of an innocent life.

In 2010, Planned Parenthood Federation of American (PPFA) announced that by 2013 every affiliate must have one or more clinics that perform abortions on-site<sup>i</sup>. Planned Parenthood provides 16 times more abortions than birth-oriented services.

While PPFA says abortions make up only 3% of its services, this is misleading. PPFA's annual report for 2014-2015 indicates that it served 2.7 million patients (women and men) and performed 327,653 abortions, indicating that 12% of everyone entering a Planned Parenthood clinic receives an abortion. And PPFA provided only 18,684 "prenatal services" and 1,880 referrals for adoptions at other agencies. So 94% of its services for pregnant women are abortions, outnumbering other options 16 to 1<sup>ii</sup>.

Promoting life from conception until natural death is the foundation for the Church's social doctrine, including its teachings on war, the use of capital punishment, euthanasia, health care, poverty and immigration. Please defer this resolution. Mahalo for the opportunity to testify.

**RE: Testimony in **opposition to SCR85****

1. The measure states, “WHEREAS, since 1993, there have been eleven murders of individuals associated with abortion care. . .” My heart is saddened by the loss of each one of these 11 individuals. Each life had value. Each of those 11 persons had a future ahead of them that was cut off, terminated. I am thankful to hear that Planned Parenthood values the lives of these 11 individuals.

Every year, Planned Parenthood performs 300,000+ abortions. My heart is saddened by the loss of each one of these 300,000+ individuals (approx. 6,500,000+ since 1993). Each life had value. Each of those 6,500,000+ persons had a future ahead of them that was cut off, terminated.

Why isn't Planned Parenthood (and our State legislature) denouncing the violence against the staggering number of keiki destroyed through abortion every year? Abortion is extreme violence as a child is torn limb from limb and sucked out of his/her Mom's womb. Let all of us apply a consistent standard to the value of every life. Your life, my life, the lives of the 11 individuals murdered, lives of the unborn, because all of these lives began inside of a Mother's womb.

Taking the lives of innocent keiki does not sound like “providing high-quality, affordable health care in Hawaii.” Why would we “celebrate Planned Parenthood?” Why would our great State affirm Planned Parenthood?

2. The measure states, “WHEREAS, Planned Parenthood offers cancer screenings, pregnancy testing and counseling, testing and treatment for sexually transmitted infections, comprehensive sexual health education, preventive health care services, birth control for men and women, emergency contraception, and abortion services; and. . .” I am thankful for any care that Planned Parenthood does provide. When you take time to research Planned Parenthood what you largely find, is the opposite. Planned Parenthood is driven by the multi-billion dollar abortion industry. The services they provide are paid for in dollars, either from the government or payment for the service itself. Abby Johnson, who used to work for Planned Parenthood and even was named the Planned Parenthood worker of the year, validates what I am saying here. Read any of her material online.

Comprehensive Sex Education (CSE) is what Planned Parenthood has pushed into our Hawai'i D.O.E. schools. Four of the five B.O.E. approved sex ed curriculums are CSE based. CSE has proven to sexualize our keiki, encourage them to become more sexually active, begin experiencing sex at an earlier age and more. All of these consequences put our keiki at greater physical, psychological, emotional, relational, and spiritual risk. This is “sexual health education” that our great State should not affirm. We need to recognize that Planned Parenthood pushes CSE because it will fuel their “services” and make them more money. Violence for the cause of greed.

Please watch the following video which goes into a whole lot more detail about Comprehensive Sex Education. <http://www.comprehensivesexualityeducation.org/videos/the-war-on-children-the-comprehensive-sexuality-education-agenda/>

Mahalo for your time and working together for the best welfare of our keiki!

Aloha,

Dave Willweber

**FROM:** Fern Mossman, President, Hawaii Federation of Republican Women

**RE:** Opposition to SR56 and SCR85 Regarding Planned Parenthood

We oppose these resolutions because they misrepresent Planned Parenthood as a “trusted health care provider”. Planned Parenthood is the nation’s largest abortion provider and has been plagued by scandal and abuse. Although it advertises itself as an organization promoting health for women and families, this politically well-connected abortion industry invests much of its resources in obtaining tax dollars to support their number one product: abortion, not health services. SCR 85 and SR 56 rightly denounces the violence towards abortion providers but fails to mention the atrocity of a death toll of over 3,000 babies killed daily by abortion and over 57 million since 1973.

Planned Parenthood preys on women when they are fragile and destroys young human life using inhumane procedures. If more people viewed an abortion, they would be writing the legislature demanding the end of this barbaric practice. The violence of the abortion procedure is what must be abhorred and discontinued. Planned Parenthood of Hawaii should be closed, rather than honored.

Planned Parenthood as a so-called “non-profit” giant receives over \$500 million annually from taxpayers and has used much of these dollars to offset enormous

***Inspired Women Uniting Hawaii***

salaries, campaign and advocacy efforts. This non-profit managed to have excess funds of \$127 million in 2014 with audit reports and admissions by former employees detailing a pattern of misuse of funds by some State Planned Parenthood affiliates. Polls also report that 72 percent of Americans do not want their tax dollars to support abortion, the taking of innocent, unborn babies.

There are plenty of facilities that can provide healthcare to women. We neither need nor want Planned Parenthood in our State and we especially don't want our tax dollars funding this organization.

Planned Parenthood isn't about healthcare [it is about abortion and profit](#). The recent videos that exposed Planned Parenthood's [harvesting and selling of aborted baby](#) parts were shameful and should result in the prosecution of senior Planned Parenthood leadership.

Women are led to believe that contraceptives that may be provided by Planned Parenthood will enable them to have sexual relations without consequences. However, these contraceptives often fail. Many women who have an unplanned pregnancy [were using a contraceptive](#). Individuals who use [condoms distributed by Planned Parenthood should know that Planned Parenthood condoms were found to have the highest failure rate](#). Women and men who use Planned Parenthood products should beware.

Planned Parenthood prescribes oral contraceptives even though it is well known that oral contraceptives have been found to be a [Class 1 carcinogen](#) and there are [dangerous side effects](#). Other carcinogens such as tobacco products are discouraged and sometimes banned. It is time to alert women that many products advocated by Planned Parenthood actually endanger their health. Study after study shows that abortion is closely linked to the presence of breast cancer. Numerous studies validate this cancer link which should be compelling enough to end the practice of this harmful procedure.

Resolutions SCR 85 & SR 56 is an affront to human rights and women's dignity.

**Vote NO for both SR56 and SCR85.**

Date: Tuesday, April 12, 2016  
Re: Testimony of Planned Parenthood of Hawaii in support of S.C.R. 85

Dear Chair Baker and Members of the Committee,

I am writing in favor of SCR 85 supporting Planned Parenthood. As a social worker, with 10 plus years in the field, I have encountered many different situations in which Planned Parenthood has provided options for those in difficult situations. While supervising a residential treatment center for youth, I worked with young girls engaging in risky sexual behavior. Planned Parenthood provided an open, honest and safe environment for education and prevention. These girls did not need someone to judge them; they needed information on how to protect themselves.

Not only does Planned Parenthood provide opportunities to enhance women's safety through prevention, but also allows for counseling when faced with making important choices and decisions. Without Planned Parenthood, women's reproductive options are severely limited. Health services are not limited to abortions, which in itself are valuable procedures. Planned Parenthood also offers life-saving services such as pelvic exams and cancer screenings.

Lastly, women deserve the right to make their own choices. The government should not control a woman's body and life. There are numerous situations that lead women to Planned Parenthood and they should have access to education and health care regardless of that situation. We cannot regress to a society where women are silenced and without basic rights. We need to empower our women and girls.

Mahalo,  
Christian Stettler  
MSW Candidate – UH - Manoa

Hawaii House of Representatives Committee on Health HI

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing this resolution, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights.

Peggy Latare, MD

Please support SCR 85. Thank you for your consideration!

Sincerely,

Peggy Latare

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing this resolution, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights.

As I moved from city to city, I could always rely on Planned parenthood to help me with my health care needs. A few years ago, it was a doctor at PP who discovered that I had a pre cancer condition. Fortunately she discovered it and I was able to get the proper care. She probably saved my life.

Please support SCR 85. Thank you for your consideration!

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing this resolution, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights.

Clinicians who provide abortions now face so much discrimination within their field and within society itself. They put their reputation and well-being on the line every day by providing a legal service that helps women out of difficult situations. This should not be the case.

They help their communities and people reprimand them for doing so. It is not right.

Please allow these providers the freedom to perform their job without risk of violence against them and support SCR.

Thank you,  
Arielle

Apr 13, 2016

Hawaii House of Representatives Committee on Health HI

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing this resolution, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights. A recent article (which I cannot find!) described the impression of three women from England visiting this country to look at health care. They were absolutely dismayed at violence observed outside several abortion clinics Arkansas. This type of behavior is crude and cruel. We need to take a stand against it.

Thank you

Please support SCR 85. Thank you for your consideration!

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing this resolution, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights.

Please support SCR 85. Thank you for your consideration!

Sincerely,

Jan Turner

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

Planned Parenthood does not force anyone to use their services. It offers choices to clients who are choosing ways to have a healthy life.

Hawaii is a better place if protects this right to choice.

Please support SCR 85. Thank you for your consideration!

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

Frankly, I'm appalled that we have to continue to beg for services such as those provided by Planned Parenthood. The millions of us for whom Planned Parenthood has been an absolute life-saving provider of care, should not have to beg!!! Stop back-stepping and evolve. Over-population is a real global threat. Access to both birth-control and the many health-screening services provided by PP should go unquestioned in perpetuity. The US should be a global leader in this area. Period.

Please support SCR 85. Thank you for your consideration!

Apr 13, 2016

Hawaii House of Representatives Committee on Health HI

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing this resolution, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights. Planned parenthood has helped millions of women avoid an abortion decision and millions of teenagers avoid pregnancy.

Please support SCR 85. Thank you for your consideration!

Sincerely,

Lon Polk

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

I was at the demonstrations to legalize abortions in Hawai`i in 1969 and did not anticipate having to continue to fight for reproductive health almost 50 years later! I urge you to stand with Planned Parenthood, one of the few places women can go to obtain women's health services in a friendly and safe environment. I also urge you to condemn any attacks on Planned Parenthood and other women's health care providers across the U.S. That in 2016 we're constantly hearing hateful vitriol and threats against women by people in power (or seeking power) is appalling. Hawai`i took a strong stand for women's rights in Hawai`i. I urge you to continue by supporting SCR 85.

Please support SCR 85. Thank you for your consideration!

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing this resolution, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights.

Please support SCR 85. Thank you for your consideration!

Sincerely,

Kaylin Muramoto

Apr 13, 2016

Hawaii House of Representatives Committee on Health HI

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing this resolution, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights.

We need Planned Parenthood, because it provides essential public health to women.

Many of us, as teens, took it for granted that we could access information about birth control and abortion, through Planned Parenthood. For women of all ages, regardless of their income level and how much education they have, Planned Parenthood is crucial. Please be sure to keep this essential nonprofit open to all women and teens of all legal ages.

Thank you.

Please support SCR 85. Thank you for your consideration!

Sincerely,

Ping Collis

Hawaii House of Representatives Committee on Health HI

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing this resolution, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights.

It is really incomprehensible to me that after all these years it has come to this...that women must step forward to insist that they be "allowed" to manage their own bodies and determine the nature of their own reproductive responsibilities ~ be they pregnancy protection or, unfortunately, the hard decision of a necessary abortion.

Honestly, it is nobody's business how women take care of themselves.

There is no such thing as attacking men's healthcare system. PLEASE support our complete and total right to manage our own reproductive decisions without exception. If not, then the legislators who interfere with these basic human rights will have to be replaced.

Thank you for your service.

Dear Committee on Health,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

I am a nurse, and I can tell you from first-hand experience that access to healthcare professionals is limited. It is limited by a shortage of doctors, wait times for appointments and if and what kind of insurance the patient has. Planned Parenthood has open doors to all women who seek breast and cervical cancer screening and family planning (birth control) services. They provide a vital service to our community and to women. Please do not reduce Hawaii's funding of this vital organization. There is nothing that could replace what they do for the large numbers of women that they help.

Please support SCR 85. Thank you for your consideration!

Sincerely,

Please support Senate Concurrent Resolution 85, a resolution to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing this resolution in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing this resolution, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights.

\*\*When I was a young woman, before I had health insurance, I relied on Planned Parenthood for birth control as well as yearly examination. I went there as a teen because I was too shy to talk to my pediatrician - who had known me as long as I could remember, and who would ask me about her son in my art class. I continued to rely on Planned Parenthood because I trusted their confidential and quality service.

They have a crucial program, designed to help educate and prevent illness and unintended pregnancy, but also support. A friend of mine worked there as a group leader for teen moms. Planned Parenthood provides essential proactive measures, and is a necessary advocate for women's health care.

Please support SCR 85. Thank you for your consideration!

Sincerely,

Colleen Chapman

To Whom It May Concern:

My name is Nathalie Ruelas and I am a second-year, social work graduate student at the University of Hawaii at Manoa. As a woman and a person of color, I strongly urge you to publicly support the great efforts exercised by Planned Parenthood to provide women essential and necessary health services and education on human sexuality; consequently, condemning violence towards health care providers and those seeking services.. I believe that having non-profit organizations like Planned Parenthood available for everyone, especially those who belong to underprivileged, minority communities that might not be able to otherwise afford it, is promoting social justice.

Please, I encourage you to consider passing this bill into law.

Very respectfully,

Nathalie Ruelas

RE: SCR 85, SD1. Affirming support of Planned Parenthood,  
  
Recognizing its vital role in providing health care, and  
  
denouncing violence towards abortion providers and their  
  
patients. - SUPPORT

Hearing Date and Time: 4/15/2016 9:00 am  
Hearing Room: 329

I am testifying in support of SCR 85, SD1.

I am currently pursuing a bachelor's degree in Social Work at the Myron B. Thompson School of Social; UH Manoa and am very concerned for the wellbeing of all people. I completely support Planned Parenthood and the services they put forth, as a young adult, I know many individuals who have benefited from their services. The fact that Planned Parenthood is being frowned upon with such hatred is really shocking and concerning.

The amount of people that Planned Parenthood has assisted through serious health issues or stressful moments in their life is remarkable. Planned Parenthood helps meet the needs of individuals who are in need such as low-income people who may not be able to access these services if it weren't for them.

Illnesses such as STD's are a huge concern and Planned Parenthood has helped many patients treat such illnesses, which is incredible. Planned Parenthood has helped save lives and should not have to receive such hostility.

Not to mention, as an individual who is concerned in child welfare and as an intern who works with foster children, in some cases abortions are necessary. Many children in the foster care system go through neglect, abuse, and experience a number of serious mental health issues that may follow them throughout life. For some individuals who do not have the intentions of becoming pregnant and are in situations that are not suitable for a child, abortion is the way to go. I believe that it is better to abort the child so he or she does not have to go through adverse

childhood experiences which can lead to great risk of that child becoming victim to suicide, alcoholism, drug abuse, etc.

Planned Parenthood should be glorified for their valuable work and the thousands of individuals who they have provided services to.

I am in support of SCR 85, SD1 and would like to thank you for the opportunity to testify.

Sincerely,

Sophia Schmitt-Daskalos

RE: SCR 85, SD1

HEARING: April 15, 2016, 9:00am, Conference Room 329

I strongly oppose SCR 85, SD1 for the following reasons:

- 1) It is contrary to the views and beliefs of many of your constituents who believe that life begins at conception and the Legislature should not be presumptuous in presuming that Planned Parenthood merits praise simply because it offers "health care services". Abortion, listed as one of these services cannot, in any way, be considered a service that is beneficial to the health of a woman or her baby.
- 2) It implies that people who protest the actions of abortions clinics, such as Planned Parenthood, condone violence. While the Legislature rightly denounces violence towards abortion providers and their patients it fails to recognize the violence against innocent, defenseless babies in their mothers' wombs. We know you support Hawaii's keiki, but this resolution does not reflect care for unborn children, rather, it supports destruction.
- 3) The Legislature is praising and celebrating an organization that kills babies. Surely, this should not be supported by a governing body which is supposed to represent all the people. You each have the freedom to support Planned Parenthood personally. That is what you should do, not pass a resolution that speaks for all of Hawaii.
- 4) This concurrent resolution mentions important health care services, but those services do not negate the horrible action of abortion. Abortion should not be listed under the guise of health care services. The aftereffects of an abortion affect the mother, father and families for years to come.

This resolution should not be passed because support for an organization that performs abortions is not a cause to celebrate nor praise. It shows much concern for violence against providers, but no regard for the value of human life. Instead, it reminds us of the violence that is brought upon an innocent child.

Thank you for your consideration of my testimony.

Dear Senators,

I cannot understand why our Hawaii government would want to celebrate Planned Parenthood with this resolution. Planned Parenthood is in the baby killing business. Why would you want to celebrate that? Abortion kills over 1.2 million babies each year in America; 58 million since Roe vs Wade. Over 3,500 babies are being killed in Hawaii each year, and Planned Parenthood is the main abortion provider here. Planned Parenthood makes 1.2 Billion dollars a year – 86% of that total is made from abortions. Planned Parenthood is not helping women – it is hurting women, leaving them with a lifetime of regret and shame. Many women are never able to have children after an abortion. They are not even warned of the high rate of breast cancer in those who have had an abortion.

This resolution you are voting on has many falsehoods in it, such as the claim that the undercover videos of Planned Parenthood are manipulated and misleading. The videos have been proven to be accurate and the Federal Government and 13 States are currently investigating Planned Parenthood for the illegal selling of baby body parts. Has anyone on this committee even bothered to watch the videos? Instead of praising Planned Parenthood in Hawaii, you should be doing what the rest of the country is doing: investigating them, seeing if they are involved in the illegal selling of baby body parts. Ten States have already defunded Planned Parenthood. How our Hawaii government can create this resolution to celebrate Planned Parenthood when they are the biggest killer of babies in the womb, is beyond my comprehension.

Why is this slaughterhouse being praised and our government's time and resources being wasted in promoting this resolution? Why aren't you praising and celebrating Crisis Pregnancy Centers that are saving these precious babies from being killed at Planned Parenthood? Why aren't you praising and celebrating real health clinics that provide women with real health care? The killing of innocent babies in the womb cannot be construed as health care in any stretch of the imagination. Planned Parenthood should be shut down, not receiving our government's accolades. I urge you to vote NO on this proposed resolution. Thank you.

TESTIMONY to House Committee on Health and House Committee on Human Services

SCR85/SD1

Friday, April 15, 2016  
9:00 AM-State Capitol Conference Room 329

Submitted in OPPOSITION by Susan Duffy, Ewa Beach, HI 96706

Dear Committee Chairs and Committee Members,

Thank you for the opportunity to testify. Please vote NO to any resolution that supports and affirms Planned Parenthood.

SCR 85/SD1 also suggests that Planned Parenthood has been subjected to numerous investigations “that have failed to reveal any wrongdoing by Planned Parenthood.” While it is true that Planned Parenthood has been under increased scrutiny by state and federal authorities that since the release of the Center for Medical Progress videos, to suggest that they are innocent of any wrongdoing is simply not true. This is just another Planned Parenthood talking point that bears little resemblance to the brutal reality of what they do. Since the video expose’, Planned Parenthood has [broken the law or been fined in 8 states](#).

Instead of affirming and supporting Planned Parenthood, there should be legislation to redirect taxpayer funds to health care groups that provide comprehensive care to families. American taxpayers must not be forced to fund Planned Parenthood’s abortion empire and its many abuses, including the illegal profiting from the sale of baby body parts and the horrific practice of allowing infants that are born alive to die so that their organs can be harvested.

In conclusion, please vote NO on any resolution that supports Planned Parenthood.

Sincerely,

Susan Duffy  
Ewa Beach, HI

April 15, 2016

To: Chairman Della Au Bellati and Committee Members

From: Lois Young

Regarding: SCR85

Postion: Strongly Oppose the resolution in support of Planned Parenthood

I am in strong OPPOSITION to SCR 85 supporting Planned Parenthood on the grounds that Planned Parenthood continues to break the law by selling baby parts.

*"Federal law purportedly prohibits the sale of body parts of aborted babies. In fact, the sale or purchase of human fetal tissue a federal felony punishable by up to 10 years in prison and a fine of up to \$500,000 (42 U.S.C. 289g-2). On the surface, that seems pretty straightforward and Planned Parenthood is breaking federal law by selling body parts from babies victimized by abortions."* LifeNews July 14, 2015

<http://www.lifenews.com/2015/07/14/planned-parenthood-was-exposed-selling-body-parts-of-aborted-babies-how-can-that-be-legal/>

In view of the telling videos, it is undeniable that Planned Parenthood is selling baby parts, tissue and even full heads for the "valued" brain.

<http://www.lifenews.com/2015/09/01/9th-shocking-video-planned-parenthood-sells-intact-aborted-babies-one-just-fell-out-of-the-womb/>

We the people of Hawaii have entrusted you to oversee our state with lawful legislation. How is this legislation lawful when in fact it is UNLAWFUL. Planned Parenthood is not absolved of these charges so let's wait til they are cleared.

Our state motto,

the life of the land is perpetuated in righteousness,

needs to be upheld. This resolution is unrighteous, NOT PONO.

I'm also deeply concerned regarding the language that insinuates that the opposition is "violent" towards the abortionists and patients, when in fact they have been more than civil. I also feel that other non-profit clinics ie A Place for Women in Waipio, Aloha Pregnancy Care and Counselling who also help with womens and/or family issues be mentioned as they are an integral part of our community and in fact support a humane approach to women's health.

I urge you to protect your office and for the children, unborn and born of Hawaii,

DO NOT PASS SCR 85.

To the Honorable Representatives on the Committee on Health and Human Services,

I would like to submit my testimony against SCR 85 SD1.

Planned Parenthood is currently the largest abortion provider in the United States performing over 300,000 abortions annually. The great majority of these are not done for the health of the mother or rape/incest. They are done because it inconveniences the mother/father. I believe that all life is precious and this great travesty against the unborn should not be celebrated or condoned. I think it is quite sad that this legislative body is trying to find a way to celebrate death.

I would ask that you would please vote no on this Resolution and look for ways to reduce the number of abortions in the future.

Thank you,

Ben Tamamoto

94-387 Hamau St.

Re: Strong Opposition to SCR 85 affirming support of Planned Parenthood

Hearing: Friday, April 15, 2016 at 9:00 a.m., State Capitol, Room 329

I am a mother, grandmother, registered nurse and health advocate. I strongly oppose SCR 85 SD1. This resolution appears to misrepresent Planned Parenthood as a “trusted health care provider”. Planned Parenthood is the nation’s largest abortion provider and has been plagued by scandal and abuse. Although it advertises itself as an organization promoting health for women and families, this politically well-connected abortion industry invests much of its resources in obtaining tax dollars to support their number one product: abortion, not health services. SCR 85 rightly denounces the violence towards abortion providers, but fails to mention the atrocity of a death toll of over 3,000 babies killed daily by abortion and over 57 million since 1973.

SCR 85 suggests that the “series of manipulated and misleading videos” along with “politically motivated and misguided investigations have failed to reveal any wrongdoing by Planned Parenthood”. Yet, a diligent review of these investigations has revealed several human rights violations that surfaced uncovering Planned Parenthood’s baby body parts trafficking. It has been well known over the years that a standard practice of this worldwide abortion industry is the harvesting of baby body parts because of the demand for fetal tissue for research, for cosmetics and beauty treatments and even harvesting fetal cells for vaccines. The recent media exposure of this atrocity has caused lawmakers in several states across the country to eliminate funding for Planned Parenthood, yet Hawaii lawmakers desire to affirm and support it.

Planned Parenthood, as a so-called “non-profit” giant, receives over \$500 million annually from taxpayers and has used much of these dollars to offset enormous salaries, campaign and advocacy efforts. This non-profit managed to have excess funds of \$127 million in 2014 with audit reports and admissions by former employees detailing a pattern of misuse of funds by some State Planned Parenthood affiliates. Polls also report that 72 percent of Americans do not want their tax dollars to support abortion, the taking of innocent, unborn babies.

Women have other options for seeking primary care, contraception, STI testing and cancer screening. Thousands of doctors, hospitals and over 13,000 community health centers in the United States provide this care. Many of these life promoting centers provide mammograms, ultrasounds, prenatal care and counseling, courses on parenting and pro-life options. Yet, these centers don’t receive the recognition, support and financial resources from our government like Planned Parenthood does.

Life begins at conception. Respecting and defending the sanctity of life in the womb is lacking at Planned Parenthood facilities across the country. The fundamental human right for a chance at life, a life sentence instead of a death sentence, must be protected. Yet, this resolution SCR 85 promotes unnecessary, misleading, favored recognition and support to Planned Parenthood whose “health services” are predominantly abortions. Please oppose SCR 85 and do not allow it to pass out of your committee.

COMMITTEE ON HEALTH

Rep. Della Au Belatti, Chair  
Rep. Richard P. Creagan, Vice Chair  
and committee members

COMMITTEE ON HUMAN SERVICES

Rep. Dee Morikawa, Chair  
Rep. Bertrand Kobayashi, Vice Chair

Re: SR56 SCR85 ... Affirming the State of Hawaii's support of Planned Parenthood, recognizing its vital role in providing healthcare, and denouncing violence towards abortion providers and their patients.

Hearing Friday, April 15<sup>th</sup>. 2016

I find it distressing that you continue to push this resolution through even though I happen to know that the majority of the people are against it.

I am not talking about special interest, I am referring to the good people of Hawaii, those that you asked to trust you and yet ignore.

The following facts do not support this resolution:

- ✓ Failure to report criminal child sexual abuse ...
- ✓ Failure to comply with parental involvement laws ...
- ✓ Assisting those engaged in prostitution and/or sex trafficking,
- ✓ Dangerous misuse of the abortion drug RU-486,
- ✓ Willingness to provide women with inaccurate and misleading information,
- ✓ Misinformation about so-called "emergency contraception," including ella,
- ✓✓ Willingness to refer to substandard clinics ... *let us not forget the infamous Kermit Gosnell's house of horrors which sadly is not an isolated case as some would like us to believe. .*

Then of course as I pointed out before, their involvement in other questionable projects such as Pono Choices, Comprehensive Sex Education all designed to introduce our young children into a world of perversion.

And apparently you have overlooked their involvement with the "University of Hawaii Recruits 14-Year-Olds for Grisly Late-Term Abortion Experiments" incident that came out early 2015, and without parental consent?

Again, there is no honor when it comes to Planned Parenthood. They do not need our support; they do not deserve our money, nor do they deserve special protection or honor, if anything they should be shut down for good.

Respectfully submitted

This testimony is to strongly condemn the activity of Planned Parenthood and those who support, endorse, encourage, protect celebrate the barbaric slaughter and disregard for human life. Science and technology has proven that life begin at conception we are no longer in the "Dark Ages" regarding this subject. Science has also proven that due to the separate DNA of the child, the life within the mother is in fact unique as an individual and not a part of the mother, this is scientific evidence! If this is in fact true, the parent or parents of the child, those who provide this service is in fact committing "MURDER" and murders should go to jail. In fact the Greek word for "fetus" is the "unborn human being." Many are aware of the "partial birth" procedure where the developed child is not fully delivered, the brain stem is severed and brain sucked out before delivering a dead child, how hideous is this?

If I were to see a young child on the street being victimized, abused, and harmed and not render aid, I would be an accomplice to a crime. Daily in our state we are allowing the same activity to take place. This brutal organization has been caught in the very act of their purpose and agenda but we continue to support and even celebrate their mission of selling body parts. The planner of Planned Parenthood Margret Sanger a racist, and evil individual who outlined the depopulation of minorities. It was planned to keep the African Americans under 12% of the U.S. population and they have accomplished this mission through abortion.

In a 1921 article in the Birth Control Review, Sanger wrote, "The most urgent problem today is how to limit and discourage the over-fertility of the mentally and physically defective." Reviewers of one of her 1919 articles interpreted her objectives as "More children from the fit, less from the unfit." Again, the question of who decides fitness is important, and it was an issue that Sanger only partly addressed. "The undeniably feeble-minded should indeed, not only be discouraged but prevented from propagating their kind," she wrote.

Sanger advocated the mandatory sterilization of the insane and feeble-minded." Although this does not diminish her legacy as the key force in the birth control movement, it raises questions much like those now being raised about our nation's slaveholding founders. How do we judge historical figures? How are their contributions placed in context?

It is easy to see why there is some antipathy toward Sanger among people of color, considering that, given our nation's history, we are the people most frequently described as "unfit" and "feeble-minded."

In the age of information no one should blindly sign off, endorse, and celebrate such a bloody and barbaric organization. Our tax dollars should not go to this organization when other organizations can provide care for those who need it. People are waiting to adopt children instead

of throwing them in the dumpster. I do agree with the theory of family planning with our youth for healthy families and communities but the agenda of Planned Parenthood has a dark side and history.

I met a girl at work and she confided in me as she was planning to have an abortion. I was able to encourage her not to. She was concerned that she would not be able to provide for the child. I told her to have faith in God and things would work out. She had the child and things did work out. She introduced me to the child and joy filled my heart that I was instrumental in saving a life. I'm just an informed citizen, working and raising children, our law makers are paid to know the issues and make informed decisions for the health of our community and not just tow the party line on these issues. You getting paid to be knowledgeable and truly represent the people who elected you.

The State Motto is on display in front of the capitol building and we all know it. This state does not have "life" because of unrighteousness. This land is morally bankrupt, corrupt and guilty of crimes when kills the innocent. Anyone who signs on to such activity will one day stand before the great judge and give an account of the blood and silent cries of thousands of Keiki's who were snuffed out by Planned Parenthood. Planned Parenthood doors should be shut and at least our tax dollars should not go to these procedures. If any of our tax dollars goes to fund this organization it should only go towards education only. Please do not endorse, celebrate, fund, encourage this evil organization.

Many thousands of women have been traumatized by their abortion, I don't believe that Planned Parenthood, being the largest abortion provider in the country, should be honored for the good they do for women and families.

Many other organizations such as the Waikiki Health Center and their affiliates or Catholic Charities would better deserve this honor. They do much more to serve the people of Hawaii and do so without regard to what people are able to pay.

I ask that this not pass.
