Re: Testimony in Support, SCR 85/SR 56

Thank you for this opportunity to testify in support of SCR 85/SR 56, which would affirm the state's support of Planned Parenthood. Planned Parenthood has consistently and diligently worked towards improving health outcomes for Hawaii's residents. Planned Parenthood of Hawaii and the Greater Northwest has served thousands of residents with cancer screenings, reproductive health care, sexually transmitted infections screenings, and relationship/sexual health counseling. Yet, they are not immune to the climate of violence and fear that has been perpetrated on their colleagues on the continent.

The Commission strongly supports the work of Planned Parenthood and supports SCR 85/SR 56. Thank you for the opportunity to testify in support.

Dear Senator Gilbert S.C. Keith-Agaran (Chair), Senator Maile S.L. Shimabukuro
(Vice Chair), and Members of the Committee,

I am grateful for this opportunity to testify in **strong support** of S.C.R. 85 / S.R. 56, affirming the State of Hawaii's support of Planned Parenthood.

My testimony is on behalf of the 442 members of the American Association of University Women (AAUW) in Hawaii, who list choice and women's reproductive health as important current concerns. My testimony is informed by my experiences at the University of Hawaii at Manoa, where I hear wonderful stories from students about the health services and education provided by Hawaii Planned Parenthood. Student conversations of this type are often prompted by their attendance in my gender violence course at UH-M, where I encourage community involvement and activism.

The surprising issue about these comments is that politicians at high levels of state and federal government in the USA do not pay attention to young people's approval of Planned Parenthood, combined with their high need of the clinical services provided by the organization. These students are the politicians and voters of the future.

In this regard, I am thankful that I live in Hawaii, where most senators and representatives are supportive of Planned Parenthood. Given, the high number of political attacks against Planned Parenthood nationally and across the states, and the increasing frequency of domestic terrorism perpetrated against mainland clinics, it is important for legislators in Hawaii to proclaim their support of Hawaii Planned Parenthood, and their intolerance of violence against the organization and its patients.

Thank you for the opportunity to testify.

Sincerely
Susan J. Wurtzburg, Ph.D.
Policy Chair

STRONG SUPPORT FOR SCR 85/SR56 – PROTECTING WOMEN’S HEALTH

Aloha Chair Keith-Agaran, Vice Chair Shimabukuro and Members of the Committee!

My name is Kat Brady and I am the Coordinator of Community Alliance on Prisons, a community initiative promoting smart justice policies in Hawai`i for almost two decades. This testimony is respectfully offered on behalf of the 6,000 Hawai`i individuals living behind bars or under the “care and custody” of the Department of Public Safety. We are always mindful that approximately 1,400 of Hawai`i’s imprisoned people are serving their sentences abroad thousands of miles away from their loved ones, their homes and, for the disproportionate number of incarcerated Native Hawaiians, far from their ancestral lands.

Community Alliance on Prisons is in strong support of this resolution. A majority of Hawai`i’s imprisoned women are mothers. Some of these women have been having children since their teens and by the time they are in their mid-twenties, many have 4 and 5 keiki. We support education on birth control and health care to ensure that every child born in Hawai`i is loved and wanted.

Planned Parenthood has a rich history that dates its beginnings to 1916 when Margaret Sanger, her sister, and a friend open America's first birth control clinic in Brooklyn, New York. In Sanger's America, women cannot vote, sign contracts, have bank accounts, or divorce abusive husbands. They cannot control the number of children they have or obtain information about birth control, because in the 1870s a series of draconian measures, called the Comstock laws, made contraception illegal and declared information about family planning and contraception "obscene." Sanger knew first-hand the tragic toll of such ignorance. Her mother had 18 pregnancies, bore 11 children, and died in 1899 at the age of 40. Working as a nurse with immigrant families on New York's Lower East Side, Sanger witnesses the sickness, misery, and death that result from unwanted pregnancy and illegal abortion. The clinic she opens provides contraceptive advice to poor, immigrant women, some of whom line up hours before the doors open. Police raid the clinic and all three women are convicted of disseminating birth control information.

Planned Parenthood provides a vital community service and we humbly ask that the committee support this important resolution!

Mahalo for the opportunity to testify.

POSITION: **Strong Opposition** to SCR85/SR56: Affirming The State of Hawaii's Support of Planned Parenthood, Recognizing Its Vital Role in Providing Health Care, And Denouncing Violence Towards Abortion Providers and Their Patients

Mahalo for the opportunity to testify. I am Walter Yoshimitsu, the executive director of the Hawaii Catholic Conference which is the public policy voice of the Roman Catholic Church in the State of Hawaii. Given the scientific fact that a human life begins at conception, the only moral norm needed to understand the Church's opposition to abortion is the principle that each and every human life has inherent dignity, and thus must be treated with the respect due to a human person. We simply cannot celebrate an organization that promotes and profits from the taking of an innocent life.

In 2010, Planned Parenthood Federation of American (PPFA) announced that by 2013 every affiliate must have one or more clinics that perform abortions on-siteⁱ. Planned Parenthood provides 16 times more abortions than birth-oriented services.

While PPFA says abortions make up only 3% of its services, this is misleading. PPFA's annual report for 2014-2015 indicates that it served 2.7 million patients (women and men) and performed 327,653 abortions, indicating that 12% of everyone entering a Planned Parenthood clinic receives an abortion. And PPFA provided only 18,684 "prenatal services" and 1,880 referrals for adoptions at other agencies. So 94% of its services for pregnant women are abortions, outnumbering other options 16 to 1ⁱⁱ.

Promoting life from conception until natural death is the foundation for the Church's social doctrine, including its teachings on war, the use of capital punishment, euthanasia, health care, poverty and immigration. We simply cannot support the celebration and promotion of an organization that has such a callous disregard for human life. Please defer these resolutions. Mahalo for the opportunity to testify.

RE: OPPOSITION TO SCR85/SR56 "AFFIRMING THE STATE OF HAWAII'S SUPPORT OF PLANNED PARENTHOOD"

Hawaii Family Forum is a non-profit, pro-family education organization committed to preserving and strengthening families in Hawaii. We are committed to defending the sacredness of human life from conception to natural death. Because we are a pro-life organization, we simply cannot celebrate the abortions performed by Planned Parenthood.

In this day when so many issues are establishing clear dividing lines in our community, people in our community are looking for issues that unite them. Resolutions, even though they are non-binding by law, send a message to everyone who lives in our beloved state. Surely a resolution celebrating all the healthcare service providers in our state may have been a better alternative.

Rather than carve out Planned Parenthood for recognition (an organization that is seen by many in the community as polarizing because they do, in fact, provide abortion services), this legislature should celebrate the good work of all health organizations in Hawai'i. Many other organizations in Hawai'i provide "health" services and they, too, should be applauded for their good work in the community.

Finally, non-profit organizations like the Aloha Pregnancy Care and Counseling Center, the Pearson Foundation of Hawai'i, Malama Pregnancy Center of Maui, Compassion Pregnancy Center, a Place for Women, House of Ruth, Hope INC, House of Ruth, the Mary Jane Home and Rachel's Vineyard may not be on this legislative radar, but hundreds of women in Hawai'i have received free services from them. We applaud them for their outstanding work in the community and their willingness to continue to provide needed services – all without government funding.

Mahalo for the opportunity to testify.

**TESTIMONY IN SUPPORT OF SCR 85/SR 56 AFFIRMING THE
STATE OF HAWAII'S SUPPORT OF PLANNED PARENTHOOD,
RECOGNIZING ITS VITAL ROLE IN PROVIDING HEALTH
CARE, AND DENOUNCING VIOLENCE TOWARDS ABORTION
PROVIDERS AND THEIR PATIENTS**

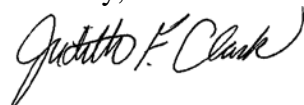

Hawaii Youth Services Network, a statewide coalition of youth-serving organizations, supports SCR 85/SR 56 Affirming the State of Hawaii's Support of Planned Parenthood, Recognizing Its Vital Role in Providing Health Care, and Denouncing Violence Towards Abortion Providers and their Patients.

Planned Parenthood of the Great Northwest and Hawaiian Islands provides high quality pregnancy and sexually transmitted infection (STI) prevention education to youth statewide. This helps youth acquire the knowledge, attitudes and skills that enable them to make healthy decisions about their lives. As a result, Hawaii's youth are more likely to practice abstinence, delay onset of sexual activity, and use protection when and if they become sexually active.

Recognizing that having a trusted adult with whom to discuss sexual health issues is a strong protective factor against unplanned pregnancy and STIs, Planned Parenthood conducts training for parents that empowers them to discuss these important issues with their children. Most parents believe it is important to discuss sexual health with their children, but many feel unprepared to do it. These workshops help parents share their values and beliefs with their children and improve family communication.

Thank you for this opportunity to testify.

RE: **STRONG SUPPORT for SCR 85 / SR 56** – PLANNED PARENTHOOD

Aloha Chairperson Keith-Agaran, Vice Chair Shimabukuro and fellow committee members,

I am writing in STRONG SUPPORT to Senate Concurrent Resolution 85 and Senate Resolution 56 on behalf of the LGBT Caucus of the Democratic Party of Hawai'i. SCR 85 and SR56 affirms the State of Hawaii's support of Planned Parenthood and their vital role in providing health care, and denouncing violence towards abortion providers and their patients.

The LGBT Caucus of the Democratic Party of Hawai'i stands with Planned Parenthood for ALL that they do - not only for women across our state but for all of us. They are more than a magnificent women's health organization they are also advocates for justice and equality for everyone that is lucky enough to call Hawai'i home.

We understand that those that fought against justice and equality for the LGBT community have now turned their sights on women and Planned Parenthood is their main target in their war on women. So this resolution is needed now more than ever to send the message that Hawai'i will stand with Planned Parenthood and we will not allow these irrational attacks against women and their rights to control their bodies to take root here in the Aloha State.

We hope that you will stand with us and support both SCR 85 and SR 56!

Re: Testimony of Planned Parenthood of Hawaii in support of S.C.R. 85/ S.R. 56

Dear Chair Keith-Agaran and Members of the Committee,

Planned Parenthood Votes Northwest and Hawaii (“PPVNH”) writes in support of S.C.R. 85/S.R. 56, affirming the state of Hawaii's support for Planned Parenthood, recognizing its vital role in providing health care, and denouncing violence towards abortion providers and their patients.

We commend this committee for considering these resolutions in support of Planned Parenthood and its providers and patients and urge their passage to demonstrate Hawaii’s high regard for women's health and to maintain its status as a leader and champion of women's health and rights.

At Planned Parenthood, we take pride in our mission to ensure that everyone has access to the health care and education that they need and deserve. However, across the country, violent attacks, hateful rhetoric and political smears continue unabated against us. Even here in Hawaii, abortion opponents have become emboldened by the actions of those on the mainland, as demonstrated by their increasingly aggressive and hostile language and actions over the past year. It is imperative that we fight back against this onslaught to ensure the health of our communities and future generations.

Your support for Planned Parenthood comes at a point when our country is at a crossroads – a time when we face the real possibility that we’ll go backward to a time when abortion was unsafe and illegal, birth control was difficult to obtain and women had little or no control over their bodies and lives. By passing these resolutions, Hawaii will demonstrate that it is committed to moving forward and working with us to ensure that we all have the education and health care we need to keep ourselves healthy and safe and in charge of our lives and our futures.

For 50 years, Planned Parenthood has been working towards that goal in Hawaii and we are privileged to stand with Hawaii’s state legislature in furthering that mission.

Thank you for this opportunity to testify in support of S.C.R. 85/S.R. 56.

Sincerely,
Laurie Field

Many years ago I was a very conservative young woman that went to church every Sunday. I waited until my wedding night to have sex. I was in a monogamous marriage and my husband and I would need fertility treatments to have children. I believed that anyone that used Planned Parenthood to be of questionable character. Then I found myself needing Planned Parenthood.

I was working a full time minimum wage job and had no health insurance. Every month for the first two days of my cycle I was bed-ridden from the debilitating symptoms that accompanied my period. Even the most understanding boss and health care system would not excuse two sick days every month. I needed help and didn't know where to go. A friend sent me to Planned Parenthood.

I was given excellent care and the medication I desperately needed to get those two days of my life back every month. I also received my annual well women exam, and at an affordable cost.

The women of America need Planned Parenthood.

Mahalo nui for your help and support. Planned Parenthood is essential in our community to provide a safe, compassionate place for accurate education, birth control, testing and so much more. The unplanned pregnancy rates are dropping, partly as a result of Planned Parenthood's excellent work. The privacy and confidentiality helps people in need seek the assistance they might otherwise avoid.

With "conversion therapy" still legal in Hawaii, Planned Parenthood also offers a safe place to receive necessary healthcare and education, without interference.

As someone who has worked with teens, abused women and in other vulnerable situations, I know that Planned Parenthood has helped to save lives and helped their clients in so many ways. Safety and compassion are crucial.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing these resolutions in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

By passing these resolutions, this Committee will demonstrate that the state of Hawaii is committed to maintaining its status as a leader and champion of women's health and rights.

Please support SCR 85 and SR 56. Thank you for your consideration!

Dear Judiciary and Labor Committee,

We were stationed in Hawaii from 2009 to 2012. My daughter attended Mid-Pac, one of the elite private schools on the island. The schools sex education policy was to teach abstinence with a little factual information thrown in for good measure. We were blessed with wonderful health care at Tripler Army X Medical Center. My daughter was enrolled in their young persons' health care system and her needs were met with efficiency and discretion. Not all her friends were in the same position. My daughter often drove her friends to Planned Parenthood in her car. We later found out that this meant any sightings could be attributed to her attendance, not theirs. These girls were invariably honor roll students, hard working, responsible and headed for outstanding colleges. They were taking their first steps to adulthood in a responsible way. At Planned Parenthood each girl received free, confidential advice and treatment. Not one went for a termination. Four years later, I know of at least 5 girls who are now graduating from university with good degree, good educations and great prospects. Not one has had an unwanted pregnancy. Not one termination. Not one life ruined.

Planned Parenthood in Hawaii is absolutely crucial for girls like these. If funding were cut many many lives would be ruined. Social research shows that teenagers today are more responsible than their parents' generation. There are fewer drug problems, more college attendance and teenage pregnancy rates are lower. Let's not throw a whole generation back into the dark ages. I suspect your services have saved many of your opponents' families much grief. . In fact, knowing who these girls were, I know so!!!

Please support SCR 85 and SR 56. Thank you for your consideration!

Comments: Planned Parenthood has always offered vital health care to women in Hawai'i. Myself, and jist about every woman that I know here has used their services at one point in time or another. Whether it was for emergency contraception, annual pap smears, birth control, cancer screenings, and yes, abortion. It is incredibly important that we continue to support our Planned Parenthood clinics. A lot of low income women need these clinics. They are important. Thank you.

Re: Strong Opposition to SCR 85 and SR 56 supporting Planned Parenthood

Hearing: Monday, April 4, 2016 at 8:35 a.m., State Capitol, Room 016

I strongly oppose SCR 85 and SR 56. These resolutions appear to misrepresent Planned Parenthood as a “trusted health care provider”. Planned Parenthood is the nation’s largest abortion provider and has been plagued by scandal and abuse. Although it advertises itself as an organization promoting health for women and families, this politically well-connected abortion industry invests much of its resources in obtaining tax dollars to support their number one product: abortion, not health services. SCR 85 and SR 56 rightly denounces the violence towards abortion providers, but fail to mention the atrocity of a death toll of over 3,000 babies killed daily by abortion and over 57 million since 1973.

SCR 85 and SR 56 suggests that the “series of manipulated and misleading videos” along with “politically motivated and misguided investigations have failed to reveal any wrongdoing by Planned Parenthood”. Yet, a diligent review of these investigations have revealed several human rights violations that surfaced uncovering Planned Parenthood’s baby body parts trafficking. It has been well known over the years that a standard practice of this worldwide abortion industry is harvesting of baby body parts because of the demand for fetal tissue for research, for cosmetics and beauty treatments and even harvesting fetal cells for vaccines. The recent media exposure of this atrocity has caused lawmakers in several states across the country to eliminate funding for Planned Parenthood, yet Hawaii lawmakers desire to support it.

Planned Parenthood as a so-called “non-profit” giant receives over \$500 million annually from taxpayers and has used much of these dollars to offset enormous salaries, campaign and advocacy efforts. This non-profit managed to have excess funds of \$127 million in 2014 with audit reports and admissions by former employees detailing a pattern of misuse of funds by some State Planned Parenthood affiliates. Polls also report that 72 percent of Americans do not want their tax dollars to support abortion, the taking of innocent, unborn babies.

Women have other options for seeking primary care, contraception, STI testing and cancer screening. Thousands of doctors, hospitals and over 13,000 community health centers in the United States provide this care. Many of these life promoting centers provide mammograms, ultrasounds, prenatal care and counseling, courses on parenting and pro-life options. Yet, these centers don’t receive the recognition, support and financial resources from government like Planned Parenthood does.

Life begins at conception. Respecting and defending the sanctity of life in the womb is lacking at Planned Parenthood facilities across the country. The fundamental human right for a chance at life must be protected. Yet, these resolutions SCR 85 & SR 56 promote unnecessary, misleading, favored recognition and support to Planned Parenthood whose “health services” are predominantly abortions. Please oppose SCR 85 and SR 56 and do not allow it to pass out of your committee.

****Before I had health insurance and as a young woman, I used to go to Planned Parenthood for birth control and female health appointments. It is vital to keep these services for young women and men, especially those who might be too embarrassed to see their family doctor for birth control methods. Many people rely on Planned Parenthood for these purposes - I know I did.****

In 1975 after graduating from high school in Seattle, Wa. I got a summer job in Jackson, Wyoming. I found out I was pregnant soon after I arrived. My boyfriend flew to Wyoming and we hitched a ride to Heber City, Utah, with friends - on my one or two days off. It was the closest state to obtain an abortion, as it was illegal in Wyoming. As soon as I had the procedure we had to (literally) hitchhike to the bus station in Salt Lake City to get back to my job in Jackson. I think back at it now, how difficult it was to do that and how dangerous it was for me to be traveling like that right after the procedure. I did it because I was NOT financially able to provide for a child, nor was I psychologically prepared to care for a child - nor did I want to put my health at risk for a pregnancy that I did not want.

I am now a 59 year old woman, happily married with an incredible history of travel and jobs that include flight attendant, cruise director, chef and sommelier. None of those careers would have been possible if I had been strapped to a mistake. Abortion is not an easy answer, or an easy decision, but it was mine to make and live with. There are always many mistakes to live with in a lifetime, I am so happy I made the right one at 18 years old.

Dear Hawaii Senate Judiciary and Labor Committee.

I'm writing to help make SURE that Hawaii stays in a pro woman status regarding the support of Planned Parenthood; a vital and necessary service to our young people, families and women of any age, ethnicity or walk of life. Most women have used Planned Parenthood at sometime in their lives, and MANY men also. It is essential that Planned Parenthood is funded and protected from right-wing violent people who do not value life and defy their own rhetoric by using violence and killing and HATE. These people must be stopped. The right to Plan a Family is a basic right and should not be forced upon anyone. Family Planning, Sex education and birth control will help prevent unwanted children and abortions and make for a happier and healthier society. Thank you for honoring women's and therefor all people's health.

Planned Parenthood is an essential resource for our community. And it is not only women's lives--the quality of those lives, and sometimes their very survival--that are at stake. All the children, male or female, of those women, and even their partners (male or female) also benefit from Planned Parenthood's work. And the ripple effect beyond that, is enormous--to coworkers, to neighbors...

We must send a strong message to the rest of the country about Planned Parenthood's value and the necessity of supporting it.

Comments: I am appalled that our State Senate would be in support of a federally tax-funded organization who murders babies in the womb and then sells their body parts for a profit! Further, I have learned that teen sexual abuse often goes unreported and many of the Planned Parenthood facilities do not meet cleanliness or medical standards ... hence, some women have suffered death after an abortion. I most definitely stand in opposition of SCR85 and feel ashamed to be represented by those who have seen fit to honor such an organization. Respectfully, Margaret Peary

TESTIMONY to Senate Committee on Commerce, Consumer Protection and Health

SR56 and SCR85 Regarding Planned Parenthood

Wednesday, March 23, 2016, 9:30 am Conference Room 229

Submitted in **OPPOSITION** by: Mary Smart, Mililani, HI 96789

Chair Baker, Vice-Chair Kidani, and Members :

1. I most strongly **OPPOSE SR56 and SCR85**.
2. Planned Parenthood preys on women when they are fragile and destroys young human life using inhumane procedures. If more people viewed an abortion, they would be writing the legislature demanding the end of this barbaric practice. The violence of the abortion procedure is what must be abhorred and discontinued. Planned Parenthood of Hawaii should be closed, not honored.
3. Planned Parenthood has been involved with covering-up [sex abuse of minors](#). While human trafficking continues a travesty of our time, this organization continues to aid the abuser.
4. There are plenty of facilities that can provide healthcare to women. We neither need nor want Planned Parenthood in our State and we don't want our taxes funding this organization. Planned Parenthood isn't about healthcare -- [it is about abortion and profit](#). The recent videos that exposed Planned Parenthood's [harvesting and selling of aborted baby](#) parts were shameful and should result in the prosecution of senior Planned Parenthood leadership.
5. Planned Parenthood has been involved in the development of the inaccurate and vile "Pono Choices" sex education program that many parents want removed from schools. These sex education programs [are neither accurate nor age appropriate](#).
6. Women are led to believe that contraceptives that may be provided by Planned Parenthood will enable them to have sexual relations without consequences. However, these contraceptives often fail. Many women who have an unplanned pregnancy [were using a contraceptive](#). Individuals who use [condoms distributed by Planned Parenthood should know that Planned Parenthood condoms were found to have the highest failure rate](#). Women and men who use Planned Parenthood products should beware.
7. However, pregnancy isn't the worst problem a women could face because of contraceptive use. Planned Parenthood prescribes oral contraceptives even though it is well known that oral contraceptives have been found to be a [Class 1 carcinogen](#) and there are [dangerous side effects](#). Other carcinogens such as tobacco products are discouraged

and sometimes banned. It is time to alert women that many products advocated by Planned Parenthood actually endanger their health. Study after study shows that abortion is closely linked to the presence of breast cancer. Per the report [here](#), 12 of 12 studies validate this cancer link which should be compelling enough to end the practice of this harmful procedure.

8. March 20, 2016 is the final day of the Spring Campaign of 40 Days for Life during which there were prayer vigils outside the Planned Parenthood facility in hope that this horrific facility would no longer operate in our state. The individuals who participate are peaceful and loving individuals who sacrifice their personal time to pray for the women who might be drawn to the facility as well as for the doctors and staff who work there. Abby Johnson, a former abortion center manager expressed how the [prayers and outreach of these faithful proponents of life](#) helped her to escape from her employment where atrocities occur on a routine basis. As a manager of a Planned Parenthood facility, she was pressured to have more and more abortions performed at her facility. It is the participants in the 40 Days for Life Campaigns who should be honored and recognized for their service to women (and men) in our community -- not the perpetrators of evil that the two resolutions attempt to recognize.

9. **Vote NO for both SR56 and SCR85 .**

By not supporting and passing this very important resolution you will be putting women and their families well being and health issues back into the dark ages.

All the strides for women's health issues should be moving forward not backwards to appease the voices of those that can afford to "pay their way" or that have not or cannot understand the importance of the work done by the Planned Parenthood organization.

People want to consider us a progressive upward moving nation.

If you do not support this resolution, "We The WOMEN", will be the losers. Most of us cannot afford, with the passing of Obamacare, alot of the services provided by this organization and we might as well consider us living in a Third World Country if we loose this all too important program.

Women have fought proudly and diligently for rights to control our choices, the government must support what we have accomplished.

If a particular party wants to issue a resolution to that affect then fine, but to insinuate that all the good people of Hawaii support this is an abuse of power. This resolution and the vital work you want to acknowledge is an affront to all of us that cherish life. You were elected to represent the people of Hawaii not special interest. In light of all the shocking atrocities that have been exposed over the past year, I must ask have any of you bothered to meet with your constituent to see how they would feel about honoring Planned Parenthood and their work. TESTIMONY to Senate Committee on Judiciary and Labor (JDL)

SCR85/SR56

Monday, April 4, 2016
8:35 AM-State Capitol Conference Room 016

Submitted in OPPOSITION by Susan Duffy, Ewa Beach, HI 96706

Dear Senators,

Please vote NO to any resolution that supports and affirms Planned Parenthood.

SCR 85/SR 56 states that Planned Parenthood has “been under attack in recent months” and makes reference to “a series of of manipulated and misleading videos.” While it is true that the organization has been under increased scrutiny, it is simply not true that the videos were deceptively edited.

There here have been two different independent expert investigations into the videos and both concluded that the videos were [substantially accurate](#). Coalfire, an internationally recognized digital forensic firm that works for Fortune 500 companies looked at the videos. Their own forensic analysis showed that the videos were [not deceptively edited](#). Planned Parenthood hired its own independent analysts, who also verified that “there was no widespread evidence of substantive video manipulation.”

The Center of Medical Progress’ recent expose’ of Planned Parenthood’s dissecting and selling live baby body parts after intact birth expulsion from the womb has caused a national scandal. There is [shocking video footage](#) available which shows top Planned Parenthood executives discussing the sale of baby body parts, saying that it is a “valid exchange” and that clinics can make a “fair amount of income” doing it. While Planned Parenthood likes to claim that these horrific videos have all been “edited.” the truth is that [all of them have been released in unedited form](#). There is no getting around the things that have actually been said by multiple Planned Parenthood executives. Nobody was putting words in their mouths.

Here is a guide to a summary of some of these videos:

A Quick and Easy Guide to The Planned Parenthood Videos

<http://thefederalist.com/2015/09/29/a-quick-and-easy-guide-to-the-planned-parenthood-videos/>

All of these videos show a despicable, callous disregard for the law, human life, and women. The selling of baby body parts is against the law and Planned Parenthood knows it which is why they have [hired a public relations firm](#) to run damage control and filed huge, expensive lawsuits to silence the undercover videographers. Planned Parenthood knows that it has a public

relations nightmare on its hands and it is doing its utmost to try to preserve its carefully crafted public image. Being caught red handed coyly negotiating prices for baby body parts is not something they want the public to see but the truth remains - Planned Parenthood sells dead baby parts. This is a fact that has not been even [remotely debunked](#).

SCR 85/SR56 also suggests that Planned Parenthood has been subjected to numerous investigations “that have failed to reveal any wrongdoing by Planned Parenthood.” While it is true that Planned Parenthood has been under increased scrutiny by state and federal authorities that since the release of the Center for Medical Progress videos, to suggest that they are innocent of any wrongdoing is simply not true. This is just another Planned Parenthood talking point that bears little resemblance to the brutal reality of what they do. Since the video expose’, Planned Parenthood has [broken the law or been fined in 8 states](#).

Planned Parenthood has also been caught in a slew of illegal activity, including the cover-up of [child sexual abuse](#) and [sex-trafficking](#), as investigations by Live Action reveal. Undercover tapes also expose how the corporation routinely [lies to women](#) and the [American public](#), is willing to abort babies based on [sex](#) or [race](#), and [promotes dangerous sexual practices](#) to children.

In recent years a number [of Planned Parenthood’s own employees have filed whistleblower lawsuits](#) claiming Planned Parenthood has defrauded state and federal governments. In 2011, Americans United for Life issued a full report, *The Case for Investigating Planned Parenthood*, that documents these and other problems with Planned Parenthood (e.g., [misuse of federal health care and family planning funds, failure to comply with parental involvement laws, failure to report criminal sexual abuse, etc.](#))

In 2012, Hawaii Free Press printed [“Undercover Video Catches Hawaii Planned Parenthood Offering Sex Selective Abortions.”](#) Undercover videos showed two of Hawaii’s Planned Parenthood clinics (Honolulu and Maui) advising undercover investigators on how to procure a sex selective abortion of a baby girl because she wanted a boy instead. Video also showed a Planned Parenthood Maui Clinic worker counseling Live Action’s undercover journalist to [wait for a late term abortion to double-check that the baby is actually a girl before killing her](#).

In September, 2015, Alliance Defending Freedom (ADF) submitted a report to Congress identifying waste, abuse and potential fraud by Planned Parenthood and its fifty-nine separate affiliates and noted that while Planned Parenthood receives hundreds of millions of our tax dollars in funding, they are also alleged to [have filed more than 500,000 false, fraudulent or ineligible Medicaid claims](#).

As of March 30th, [Florida](#) became the 12th state to have voted to defund Planned Parenthood since the undercover video scandal. Other states include [Alabama](#), Arkansas, Kansas, Louisiana, New Hampshire, North Carolina, Texas, Utah, Ohio, [Mississippi](#). Perhaps this is why Planned Parenthood is so anxious for at least one state to “affirm” them. Pollsters have already seen a [5](#)

[percentage point drop](#) in their favorability rating compared to what it was before the undercover videos were released.

SCR85/SR56 mentions nearly “seven thousand violent acts against abortion providers” since 1977 but ignores the widespread “violence” (e.g., brutal beating, attacks, vandalism, etc.) and other crimes perpetrated against pro-life activists, a sample of which can be seen documented here:

BULL'S-EYE! VIOLENCE STALKS PRO-LIFE PROTESTERS

Attack numbers tell story that shocks activists

<http://www.wnd.com/2014/12/bulls-eye-violence-stalks-pro-life-protesters/#WiJyvqhZ8sPmmkxW.99>

The proposed resolution does not mention the “violence” perpetrated upon the innocent human beings that are aborted each year. Planned Parenthood has committed [over 7 million abortions](#) since 1970. By definition, these too, are “violent acts” as the brutality of abortion is, by Planned Parenthood’s own admission, the [violent killing of a human life](#).

SCR85/SR56 contains language regarding the “eleven murders of individuals associated with abortion care” but neglects to mention that Planned Parenthood [kills over 300,000 human beings](#) a year. These too, are “individuals” and among the most vulnerable and defenseless of all human beings. As the nation’s largest abortion provider, Planned Parenthood has made its living by ending the lives of the most vulnerable among us and thereby denying millions of Americans their most basic and fundamental right: the right to life.

Planned Parenthood would no doubt, like you to buy into the 3% figure that they like to tout when saying that abortion is but a small part of what they do. This talking point is nothing more than an overly-tired phrase that they like to use to underplay the significance of abortion in its business model. Equating abortion to another “service” no different than handing out birth control pills is an accounting gimmick used to create a deceptive view of what it does. The [Washington Post](#) actually took the time to push past Planned Parenthood’s nonsense and called the 3% figure misleading and cautioned the public to be wary of this figure. Quoting *National Review*’s Rich Lowry, the *Washington Post* notes:

“Such cracked reasoning could be used to obscure the purpose of any organization.

The sponsors of the New York City Marathon could count each small cup of water they hand out (some 2 million cups, compared with 45,000 runners) and say they are mainly in the hydration business.

Or Major League Baseball teams could say that they sell about 20 million hot dogs and play 2,430 games in a season, so baseball is only .012 percent of what they do.

Supporters of Planned Parenthood want to use its health services as leverage to preserve its

abortions, as if you can't get one without the other.

Of course, this is nonsense."

The fact is, abortion has a tremendous impact on Planned Parenthood's bottom line. Take the lowest possible price for approximately 320,000 abortions, and Planned Parenthood makes millions.

Instead of affirming and supporting Planned Parenthood, there should be legislation to redirect taxpayer funds to health care groups that provide comprehensive care to families. American taxpayers must not be forced to fund Planned Parenthood's abortion empire and its many abuses, including the illegal profiting from the sale of baby body parts and the horrific practice of allowing infants that are born alive to die so that their organs can be harvested.

In conclusion, please vote NO on any resolution that supports Planned Parenthood.

Sincerely,

Susan Duffy

Dear Judiciary and Labor Committee,

Please support Senate Concurrent Resolution 85 and Senate Resolution 56, identical resolutions to show that the legislature stands with Planned Parenthood.

I am proud to support Planned Parenthood and the work that they do and commend the Legislature for demonstrating it's high regard for women's health by passing these resolutions in support of Planned Parenthood.

I urge this Committee to stand strong in it's support for Planned Parenthood and condemn the violent attacks, hateful rhetoric and political smears against it that continue unabated across the country.

Planned Parenthood has done a remarkable job for women's health in Hawaii over the years. Not only do the women themselves benefit; their families and -- often -- their workplaces benefit. People in Hawaii view Planned Parenthood very favorably. They have been supportive of the group's efforts, realizing that women often have nowhere else to turn. Please show that, unlike some other places in the U.S., Hawaii recognizes and values Planned Parenthood.

Please support SCR 85 and SR 56. Thank you for your consideration!

Sincerely,

Susan Dursin

Good morning.

I lost my little sister to the depravity of human abortion. My conception resulted in an unplanned pregnancy to a 17-year old girl shortly *before* the Roe V. Wade decision by the United States Supreme Court. The same court that declared that Africans were only 3/5 of a person. My little sister was conceived shortly *after* Roe V. Wade, and was killed after 3 ½ months of life. I am here to speak on her behalf and on behalf of the millions of American children who have shared her fate. I am here to speak on behalf of all those scheduled to die today.

This resolution, SCR85/SR 56, proposed for passage by the Twenty-Eighth Legislature on behalf of the State of Hawaii, *We the People*, to celebrate Planned Parenthood's vital role in providing healthcare, is disingenuous at best.

Let me be clear.

Abortion serves one purpose – to destroy human life.

Healthcare serves one purpose – to preserve human life.

Abortion is clearly NOT healthcare.

During Congressional Testimony, Cecile Richards, President of Planned Parenthood, conceded that 86% of Planned Parenthood's non-governmental income is generated by abortion. She further admitted under oath that...

Quote:

“There aren't any Planned Parenthood clinics — I believe, to the best of my knowledge, not any have mammogram machines at their facility.”

According to Planned Parenthood's own 2013-2014 Annual Report, they committed 327,653 abortions. In fact, 94% of their business transactions with pregnant mothers involved the act of killing their preborn children through medical or surgical abortion.

It's clear that Planned Parenthood does not provide a vital role in preserving human life – in providing healthcare.

Throughout our often disturbing history, America has tolerated slavery, segregation, internment, forced sterilization, abortion, and other atrocities, all under the guise of legality.

Martin Luther King, Jr., from his jail cell in Birmingham, Alabama, wrote the following...

Quote:

“We should never forget that everything Adolf Hitler did in Germany was legal... It was illegal to aid and comfort a Jew in Hitler’s Germany. Even so, I am sure that, had I lived in Germany at the time, I would have aided and comforted my Jewish brothers.”

End quote.

And so, I am here to aid and comfort my preborn brothers and sisters. I am here to urge the State of Hawaii to carefully consider what side of history we want to find ourselves on. From what side of history do we want our progeny to remember us?

Planned Parenthood should not be celebrated. Planned Parenthood should be called what it is – an American corporation that profits off of fear and selfishness. An American company that preys on the most vulnerable and defenseless members of our human family – those awaiting their turn at birth. Something each of us in this room were provided.

Ohana means family, family means nobody gets left behind or forgotten.

Mahalo.

Dear Senators,

I cannot understand why our Hawaii government would want to celebrate Planned Parenthood with this resolution. Planned Parenthood is in the baby killing business. Why would you want to celebrate that? Abortion kills over 1.2 million babies each year in America; 58 million since Roe vs Wade. Over 3,500 babies are being killed in Hawaii each year, and Planned Parenthood is the main abortion provider here. Planned Parenthood makes 1.2 Billion dollars a year – 86% of that total is made from abortions. Planned Parenthood is not helping women – it is hurting women, leaving them with a lifetime of regret and shame. Many women are never able to have children after an abortion. They are not even warned of the high rate of breast cancer in those who have had an abortion.

This resolution you are voting on has many falsehoods in it, such as the claim that the undercover videos of Planned Parenthood are manipulated and misleading. The videos have been proven to be accurate and the Federal Government and 13 States are currently investigating Planned Parenthood for the illegal selling of baby body parts. Has anyone on this committee even bothered to watch the videos? Instead of praising Planned Parenthood in Hawaii, you should be doing what the rest of the country is doing: investigating them, seeing if they are involved in the illegal selling of baby body parts. Ten States have already defunded Planned Parenthood. How our Hawaii government can create this resolution to celebrate Planned Parenthood when they are the biggest killer of babies in the womb, is beyond my comprehension.

Why is this slaughterhouse being praised and our government's time and resources being wasted in promoting this resolution? Why aren't you praising and celebrating Crisis Pregnancy Centers that are saving these precious babies from being killed at Planned Parenthood? Why aren't you praising and celebrating real health clinics that provide women with real health care? The killing of innocent babies in the womb cannot be construed as health care in any stretch of the imagination. Planned Parenthood should be shut down, not receiving our government's accolades. I urge you to vote NO on this proposed resolution. Thank you.
