Application for Grants

I. Background and Summary

1. Brief description of Supporting the Language of Kaua'i, Inc.

Founded in 2006, Supporting the Language of Kaua'i, Inc. (SLK) is a 501(c)3 Kaua'i-based nonprofit organization whose mission is "to support and perpetuate the native Hawaiian language through education and cultural enrichment." It serves as the fiscal sponsor and fundraising arm for Kawaikini New Century Public Charter School and other organizations that work to further the Hawaiian language on Kaua'i. SLK's projects benefit all geographic areas of Kaua'i with a special emphasis on K-12 students in Hawaiian language programs.

2. Goals and objectives of this request

Through the Kawaikini Project, Supporting the Language of Kaua'i, Inc. is promoting the preservation and use of the Hawaiian language in educational instruction and improving academic achievement for primary and secondary students. Kawaikini Project involves the construction of school facilities for Kawaikini New Century Public Charter School, a WASC-accredited K-12 public charter school that opened its doors in the 2008-2009 academic year.

The given request is for a photovoltaic system at the school.

The specific project will provide much-needed cost savings by virtually eliminating monthly electricity bills that can better be spent on running its educational programs. Currently energy costs represent 6% of the school's annual operating costs.

3. Public purpose and need to be served

On the island of Kaua'i, viable school facilities options are limited island-wide, and this shortage is especially acute in the central part of the island. Statewide, many public charter schools have been established without a solid facilities foundation and their programs have suffered because of it. For this reason Kawaikini's Governing Board has put much effort into its Facilities Plan to provide the necessary stability and resources to enable the school to achieve its educational mission.

Supporting the Language of Kaua'i has exhibited great resourcefulness in successfully raising more than \$4.2M of private funding to support the construction of facilities at Kawaikini. This has saved the state a significant amount of money that it might have otherwise had to spend to construct the school's facility. In fact, the current request of \$1,900,000 represents less than 23% of the overall facilities cost of the public-school project, which means that the remaining 77% has been secured as a result of our own efforts to raise private funding.

Kawaikini has submitted a CIP request to address its energy needs every year since 2012; over this time the school has paid approximately \$100,000 in energy bills for the school, meaning that if our original request had been approved, the PV system would have already paid for itself in its entirety. It is clear that this project is a prudent investment of state funds and that it will bring a return on the investment many times over in cost savings that could be better spent on furthering the school's educational programs.

4. Target population to be served

Kawaikini NCPCS serves students 5 to 18 years of age living within the county of Kaua'i. Kawaikini expects an enrollment of approximately 153 students for school year 2017-2018 with a ten percent increase per year up to a maximum enrollment of 250 students. Current student population and projected demographic information suggest that the served population will be predominantly low- and moderate-income families, and that 80%-90% will be Hawaiian and 85-95% will be Hawaiian and/or other minority persons.

5. Geographic coverage

Being centrally located, the K-12 Hawaiian Immersion public charter school program serves all communities of Kaua'i.

II. Service Summary and Outcomes

The Service Summary shall include a detailed discussion of the applicant's approach to the request. The applicant shall clearly and concisely specify the results, outcomes, and measures of effectiveness from this request.

1. Scope of work & Tasks and Responsibilities

Scope of Work

To implement its educational program Kawaikini NCPCS will use the current proposed funding to install a schoolwide photovoltaic system on buildings on the

campus of Kawaikini New Century Public Charter School. The facilities already at the school were constructed with private funding and consist of eight buildings including water and septic infrastructure: five 1440sf modular classrooms and two Project Frog smart buildings. The request will allow for the installation of a 27-kilowatt Photovoltaic Array System (PV) and cost-saving devices that would produce enough power to supply ninety percent of Kawaikini's daytime energy needs. The system is designed to last a minimum of twenty years. This project would therefore assist the school in its long-term operating cost by utilizing an alternate energy source. The project would also be used to teach students about renewable energy.

Because it is projected that the project will produce approximately ninety percent of Kawaikini's energy needs savings can be passed on to critical needs areas. In the teaching of sustainable practices, there is a lack teaching of aids and examples. The PV system will provide a tool the students can see and see how it interacts with the sun and weather conditions. It will provide a prime and visual example of how much energy PV panels can produce.

A general contractor will design, deliver and install the photovoltaic system on site. The system will be designed by the Contractor and their team of engineers to achieve maximum energy generation and cost savings.

Beginning July 2017, the project time-line will include the Request for Proposals and selection of contractor along with design of the system, county approvals, and installation. The completion date, dependent upon funding and timeliness of appropriation, is set at approximately December 2018.

Tasks and responsibilities

The Kawaikini Solar project is a relatively simple project for which much of the initial ground work has already been done, including energy assessment and scope of project. The project will be implemented by a Project Coordinator who will be a board member under the supervision of the SLK full board. Tasks will be coordinated by the project coordinator as per Attachment A.

(See "Attachment A: Tasks and Responsibilities")

2. Projected annual timeline for accomplishing the results or outcomes of the service

Supporting the Language of Kaua'i Inc. has begun preliminary planning for the Kawaikini Solar Project including comprehensive survey of current energy usage and initial discussions with solar contractors regarding the size and scope of the system. The projected completion date for the Kawaikini Project is December 2018.

(See "Attachment B: Projected Annual Timeline")

3. *Quality assurance and evaluation plans*

To assure the proper monitoring, evaluation and improving of results, Kawaikini will adopt a Quality Assurance (QA) plan that will ensure that Quality control activities are conducted throughout the course of the project. The QA plan will consist of four distinct stages at which comprehensive reviews of the content and accuracy of the plans and the implementation of the proposal will be conducted. The four stages are:

- The Scope Verification Meeting – To gather the necessary original plans and other useful background information, review all scoping documents, and review cost estimates from the programming of the project and compare it to the programmed cost.
- The Plan Review Meeting - to ensure the project design is proceeding according to the scope of work agreed to at the Scope Verification Meeting.
- The Omissions and Errors Check (OEC) Meeting – to review the final plan/proposal package to ensure the package is complete.
- Submission of Final Plans.
- The Implementation Review Meeting(s) – regular meetings to ensure the project implementation is proceeding according to the final submitted plans.
- The final project report and audit – to ensure accountability and documented performance of all activities.

4. *Measures of effectiveness*

Supporting the Language of Kaua'i, Inc. will report on the progress of the project using a standard set of performance measures. The Measures of Effectiveness (MOEs) that will be used to assess the effectiveness of the facilities construction project are:

- 1) Quality of school facilities constructed – All school facilities will be completed in accordance with relevant legal, health, and safety guidelines.
- 2) Timeliness of tasks performed – Contingent upon timely funding, all facilities will be constructed in time for the 2018-19 school year.
- 3) Budgetary efficiency and adherence – Activities will be conducted within the allocated budget.
- 4) Safety and injury prevention– Safety will be ensured during all phases of the project.

Strategic objectives	Performance Measures (Measures of Effectiveness)	Initiatives (causes)
To provide high-quality school facilities for Kawaikini NCPSC	(1) Quality of school facilities constructed	Best practice construction

			methods/materials
To construct facilities in time for 2015-16 school year		(2) Timeliness of tasks performed	Quality Assurance & Evaluation plan
To complete the project within the allocated budget		(3) Budgetary efficiency and adherence	Fiscal oversight and financial audit
To ensure safety during all phases of the project		(4) Safety and injury prevention	Safety policy and training procedures

III. Financial

1. Budget detailing the cost of the request

(See Attached "Budget")

2. Anticipated quarterly funding requirements for the fiscal year 2018.

Quarter 1	Quarter 2	Quarter 3	Quarter 4	Total Grant
\$127,000	\$42,000	\$0	\$0	\$169,000

3. Listing of all other sources of funding to be obtained for fiscal year 2018.

The bulk of the funding for our overall facilities project has already been acquired. This includes approximately \$4.2M in private funding toward construction that has already been completed. The PV Project portion of the total is a little over 4% of the overall project cost. Moreover, of the projected \$188,000 cost of the PV project, SLK has committed to raise \$19,000 from private sources, which represents 10.1% of the cost of the Photovoltaic project.

4. The applicant shall provide a listing of all state and federal tax credits it has been granted within the prior three years. Additionally, the applicant shall provide a listing of all state and federal tax credits they have applied for or anticipate applying for pertaining to any capital project, if applicable.

SLK, Inc. has not been granted any state or federal tax credits. We have not applied for any tax credits pertaining to this capital project.

5. The applicant shall provide a listing of all government contracts and grants it has been and will be receiving for program funding.

SLK, Inc. will not be receiving any government contracts and grants for program funding. In 2016 SLK, Inc. received a Grant-in-Aid of \$50,000 for initial planning and design of a multi-purpose building at Kawaikini NCPCS.

6. The applicant shall provide the balance of its unrestricted current assets as of December 31, 2016.

As of December 31, 2016 the balance of unrestricted net assets is \$1,952,723.

IV. Experience and Capability

1. Necessary Skills and Experience Relating to the Request

Supporting the Language of Kaua'i, Inc. has demonstrated the ability to administer federally- and state-funded projects and has the necessary skills and experience to carry out the Kawaikini project. Recent experience of related projects includes the following:

- 1) Grantor: United States Department of Education
Date: 10/1/06 to 09/30/07
Amount: \$150,000
Description: The grant was used to create a Hawaiian-focused charter school.
Status: Successfully completed. Kawaikini NCPCS was awarded one of only three charters in a highly competitive statewide process.
- 2) Grantor: Office of Hawaiian Affairs
Date: July 1, 2006 to June 30, 2007
Amount: \$35,000
Description: The grant was to provide busing services for Ke Kula Kaiapuni o Kapa'a Hawaiian-immersion students living on the south and west side of Kaua'i.
Status: Successfully completed. The one-year grant was successfully used to establish a self-sustaining transportation program that is still functioning.
- 3) Grantor: Office of Hawaiian Affairs
Date: April 2008 – October 2008
Amount: \$52,300
Description: The grant was used to erect Science Labs for Kawaikini NCPCS in time for its first year of operation.
Status: Successfully completed
- 4) Grantor: Kamehameha Schools
Date: April 2011 – October 2013
Amount: \$1,800,000

Description: The grant of facilities was used to erect six classrooms and two bathroom buildings on the campus of Kawaikini NCPCS.
Status: Successfully completed

5) Grantor Kamehameha Schools
Date: April 2010 – October 2013
Amount: \$860,000
Description: The funding was used to install infrastructure on the campus of Kawaikini NCPCS, including entry roadway, utilities, water infrastructure.
Status: Successfully completed

6) Grantor Atherton Foundation
Date: September 2012 – August 2013
Amount: \$50,000
Description: The funding was used to install ramps and decking on new facilities at Kawaikini NCPCS.
Status: Successfully completed

7) Grantor State of Hawai'i
Date: July 2016 – present
Amount: \$50,000
Description: SLK received a Grant-in-Aid for planning and design of a multi-purpose building at Kawaikini NCPCS.
Status: In progress.

2. Current facilities and future plans

Kawaikini New Century Public Charter School currently resides in eight 1440sf modular buildings owned by Supporting the Language of Kaua'i, Inc. It also uses two 1280sf smart buildings under a partnership with the Office of Naval Energy and the UH Natural Energy Institute. The final building – the multi-purpose building for Kawaikini New Century Public Charter School - will be financed by the proposed legislative Grant-in-Aid and other community funding sources: donations, private grants, loans, etc. All facilities will meet ADA accessibility guidelines for buildings and facilities.

V. Personnel: Project Organization and Staffing

A. Proposed Staffing, Staff Qualifications, Supervision and Training

1. Proposed Staffing Pattern

Project Coordinator will coordinate work flow; update and pursue delegated tasks to ensure progress to deadlines; take initiative in Construction manager's absence; work with all parties to keep the project on schedule; act as a liaison between all parties involved; maintain procedures to ensure consistent

performance of routines; work with the SLK board to ensure fiscal oversight of the project.

The Attorney will work with the Project manager and relevant SLK representatives to review the terms and conditions of all legal contracts, leases, notices, etc. The attorney will provide legal guidance to ensure that the project is in compliance with all relevant laws.

The Financial Advisor will work with SLK representatives to ensure that all financing for the project is acquired and disbursed in a timely manner. The Financial Advisor will work with the Board to ensure all necessary fiscal reporting is submitted as required.

2. Qualifications and experience of suggested personnel

1. **Leilani Spencer, Project Manager** - Ms. Spencer, a graduate of New York University, is a parent of two Hawaiian Immersion school students with experience as an agent and production coordinator in New York City, Los Angeles and Sao Paulo, Brazil. She has experience in working with the various architectural firms, and with her deep understanding of the overall project, she is equipped to keep the Project Management on track.
2. **Warren Perry, Legal Advisor** – Mr. Perry is a Native Hawaiian who has practiced law in Hawai'i for over 20 years. He is a graduate of Kamehameha Schools, and has been active with many Hawaiian organizations, including ALU LIKE, Inc., and the Royal Order of Kamehameha.
3. **Ms. Juli Arruda, Financial Advisor** – Ms. Arruda has worked as an accountant for over 30 years. She is the owner of C & J Financial Services, a small public accounting firm in Lihue that services over 50 small business clients each month including several non-profit organizations and a couple of Hawaii Public Charter Schools. She is experienced in grant fund accounting and management of grant funds. She graduated from the Kamehameha Schools and the University of Hawaii at Manoa.

B. Organization Chart

The organization chart for Supporting the Language of Kaua'i, Inc. can be seen in Attachment C.

(See "Attachment C: Organizational Chart")

C. Compensation

The applicant shall provide the annual salaries paid by the applicant to the three highest paid officers, directors, or employees of the organization by position..

The organization does not have employees. It has two contracts for Executive Services and Bookkeeping Services that it administers at a cost of \$24,000 and \$12,000 annually. The contractors perform the functions of Executive Director and Bookkeeper, respectively.

VI. Other

A. Litigation

1. The applicant shall disclose any pending litigation to which they are a party, including the disclosure of any outstanding judgement. If applicable, please explain.

Not applicable.

B. Licensure or Accreditation

1. Specify any special qualifications, including but not limited to licensure or accreditation that applicant possesses relevant to this request.

Supporting the Language of Kaua'i does not require or possess any licensure or accreditation. Kawaikini NCPCS received full WASC accreditation of its K-12 program in April 2014.

C. Private Educational Institutions

The applicant shall specify whether the grant will be used to support or benefit a sectarian or non-sectarian private educational institution. Please see Article X, Section 1, of the State Constitution for the relevance of this question.

The grant will not be used to support or benefit a sectarian or non-sectarian private educational institution.

D. Future Sustainability Plan

The applicant shall provide a plan for sustaining after fiscal year 2017-18 the activity funded by the grant if the grant of this application is:

- (1) Received by the applicant for fiscal year 2017-18, but
- (2) Not received by the applicant thereafter.

The project is a one-time activity that, once implemented, will require no further funding as the system will simply generate power and savings for the school over the next twenty years. SLK and the school will work together to insure the system and to include in its annual operating budgets enough to make any minor repairs that may be necessary over the 20-year life of the system.

F. Certificate of Good Standing (If the Applicant is an Organization)

If the applicant is an organization, the applicant shall submit one (1) copy of a certificate of good standing from the Director of Commerce and Consumer Affairs that is dated no earlier than December 1, 2016.

Certificate of Good Standing is submitted as Attachment D.

(See "Attachment D: Certificate of Good Standing")

**DECLARATION STATEMENT OF
APPLICANTS FOR GRANTS PURSUANT TO
CHAPTER 42F, HAWAII REVISIED STATUTES**

The undersigned authorized representative of the applicant certifies the following:

- 1) The applicant meets and will comply with all of the following standards for the award of grants pursuant to Section 42F-103, Hawaii Revised Statutes:
 - a) Is licensed or accredited, in accordance with federal, state, or county statutes, rules, or ordinances, to conduct the activities or provide the services for which a grant is awarded;
 - b) Complies with all applicable federal and state laws prohibiting discrimination against any person on the basis of race, color, national origin, religion, creed, sex, age, sexual orientation, or disability;
 - c) Agrees not to use state funds for entertainment or lobbying activities; and
 - d) Allows the state agency to which funds for the grant were appropriated for expenditure, legislative committees and their staff, and the auditor full access to their records, reports, files, and other related documents and information for purposes of monitoring, measuring the effectiveness, and ensuring the proper expenditure of the grant.

- 2) If the applicant is an organization, the applicant meets the following requirements pursuant to Section 42F-103, Hawaii Revised Statutes:
 - a) Is incorporated under the laws of the State; and
 - b) Has bylaws or policies that describe the manner in which the activities or services for which a grant is awarded shall be conducted or provided.

- 3) If the applicant is a non-profit organization, it meets the following requirements pursuant to Section 42F-103, Hawaii Revised Statutes:
 - a) Is determined and designated to be a non-profit organization by the Internal Revenue Service; and
 - b) Has a governing board whose members have no material conflict of interest and serve without compensation.

Pursuant to Section 42F-103, Hawaii Revised Statutes, for grants used for the acquisition of land, when the organization discontinues the activities or services on the land acquired for which the grant was awarded and disposes of the land in fee simple or by lease, the organization shall negotiate with the expending agency for a lump sum or installment repayment to the State of the amount of the grant used for the acquisition of the land.

Further, the undersigned authorized representative certifies that this statement is true and correct to the best of the applicant's knowledge.
