Executive Office on Early Learning

History:

The Executive Office on Early Learning (EOEL) was established by Act 178 and signed into law in June 2012. EOEL was charged with developing a comprehensive and integrated statewide early childhood system. In 2014, Act 122 appropriated \$3 million for pre-kindergarten programs in fiscal year 2015. Through a partnership with the Department of Education (DOE), EOEL launched Hawaii's first public Pre-Kindergarten Program in 18 schools and 20 classrooms across the state at the onset of the 2014-15 school year. Act 109 (2015) statutorily established the EOEL Pre-Kindergarten Program which is currently comprised of 21 classrooms in 19 schools across the state. As of July 1, 2015 EOEL became an attached agency to the Department of Education for administrative purposes.
