

LESLIE H. KONDO State Auditor

(808) 587-0800 lao.auditors@hawaii.gov

DEPT. COMM. NO. 353

February 9, 2017

HAND DELIVER

The Honorable Ronald Kouchi Senate President 415 S. Beretania Street State Capitol, Room 409 Honolulu, Hawai'i 96813

Re: Audit of Hawai'i Tourism Authority

Dear President Kouchi:

The financial audit report of Hawai'i Tourism Authority for the fiscal year ending June 30, 2016, was issued on December 19, 2016. The Office of the Auditor retained CW Associates to perform the financial audit. For your information, we are enclosing copies of the two-page summary and the report. The report is also accessible through the Office of the Auditor's website at http://files.hawaii.gov/auditor/Reports/2016_Audit/HTA2016.

If you have any questions about the report, please contact me.

Very truly yours,

Leslie H. Kondo State Auditor

INDEPENDENT AUDITOR'S REPORT

Office of the Auditor State of Hawaii

The Board of Directors Hawaii Tourism Authority

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hawaii Tourism Authority (Authority) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions on the Financial Statements

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Authority as of June 30, 2016, and the respective changes in financial position and the respective budgetary comparisons thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 1 to the financial statements, the financial statements of the Authority are intended to present the financial position and the changes in financial position and the changes in financial position of only that portion of the component units of the State of Hawaii that is attributable to the transactions of the Authority. They do not purport to, and do not, present fairly the financial position of the State of Hawaii as of June 30, 2016, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

As discussed in Note 1 to the financial statements, the Authority adopted Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*. Application of this statement was effective as of July 1, 2015.

As discussed in Note 10 to the financial statements, the 2016 beginning fund balances for the Tourism Special Fund and the Convention Center Enterprise Fund have been restated to correct a misstatement. Our opinion is not modified with respect to this matter.

Other Matters

Report on Prior Year Financial Statements

The financial statements of the Authority for the year ended June 30, 2015, before the restatement described in Note 10, were audited by another auditor whose report dated December 28, 2015, expressed an unmodified opinion on those statements.

As part of our audit of the June 30, 2016, financial statements, we also audited the adjustments described in Note 10 that were applied to restate the 2015 financial statements. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the 2015 financial statements of the Authority other than with respect to those adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2015 financial statements as a whole.

Report on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 13 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

2499, 25TAISO22A G

In accordance with Government Auditing Standards, we have also issued our report dated December 19, 2016, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Authority's internal control over financial reporting and compliance.

Honolulu, Hawaii December 19, 2016

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended June 30, 2016

The Hawaii Tourism Authority (Authority) was established on January 1, 1999 by Act 156, Session Laws of Hawaii 1998. The Authority is responsible for developing and implementing a strategic tourism marketing plan to enhance and promote the tourism industry in the State of Hawaii (State). As management of the Authority, we offer readers of these basic financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2016. This discussion and analysis is designed to assist the reader in focusing on the Authority's significant financial issues and activities and to identify any significant changes in the Authority's financial position. We encourage readers to consider the information presented here in conjunction with the basic financial statements as a whole.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Authority's finances. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources, accounted for on an economic resources measurement focus using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. All of the fiscal year's revenues and expenses are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses are reported in these statements for some items that will result in cash flows in future fiscal periods. Government-wide financial statements are comprised of:

- The Statement of Net Position presents all of the Authority's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.
- The Statement of Activities presents information showing the Authority's revenues and expenses for the fiscal year. Functional activities are highlighted in this statement, whereby direct and indirect functional costs are shown, net of related program revenue. This statement shows the extent to which the various functions depend on taxes and nonprogram revenues for support.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended June 30, 2016

Overview of the Basic Financial Statements (continued)

Fund Financial Statements

A fund is a grouping of related accounts, which is used to maintain control over resources that have been segregated for specific activities or objectives.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Authority's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities of the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Authority's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation on pages 16 and 17 to facilitate this comparison between governmental funds and governmental activities.

The Authority maintains three governmental funds (Tourism Special Fund, Convention Center Enterprise Special Fund, and Tourism Emergency Special Fund). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for each of these funds.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended June 30, 2016

Overview of the Basic Financial Statements (continued)

Financial Analysis

Current Assets increased by approximately \$11,170,000, or 16%, primarily due to an increase in cash of approximately \$3,671,000 and an increase in other current assets of approximately \$8,512,000. Cash is primarily available for current contracts. Other current assets consists of prepaid expenses and unspent funds held by Anschutz Entertainment Group (AEG) and the Department of Accounting and General Services (DAGS) for emergency capital improvements, repair or maintenance purchases, and various capital improvement projects for the Center that were awarded in the subsequent year.

Capital Assets decreased by approximately \$6,765,000, or 3%, primarily due to the recording of current year depreciation expense of approximately \$6,889,000. A substantial portion of the Authority's capital asset additions pertains to renovations and improvements to the Hawaii Convention Center (Center). See Note 5 to the financial statements.

Other Noncurrent Assets decreased by approximately \$2,392,000, or 23%. This represents unspent funds held by AEG and DAGS for emergency capital improvements, repair or maintenance purchases, and various capital improvement projects for the Center that have not been awarded.

Investments increased by approximately \$122,000, or 1%, due to the addition of the investments in the Tourism Emergency Special Fund.

Current Liabilities decreased by approximately \$6,831,000, or 17%, primarily due to a decrease in vouchers payable of approximately \$3,869,000 resulting from the timing of cost incurrence and payments and a decrease in current amounts due to the State Department of Budget and Finance (Budget and Finance) of approximately \$3,053,000. Amounts due to Budget and Finance pertain to current year reimbursements due to Budget and Finance for debt service payments on general obligation bonds whose proceeds were used to fund the construction of the Center.

Noncurrent Liabilities decreased by approximately \$15,218,000, or 6%, primarily due to a decrease in amounts due to Budget and Finance subsequent to the ensuing year.

Net position went from a net position of approximately \$36,191,000 at June 30, 2015 to a net position of approximately \$60,592,000 at June 30, 2016 due to the operating results of the Authority.

During the period from October 1992 through April 1998, the State issued a series of general obligation bonds, proceeds of which were used to fund the construction of the Center. These bonds are obligations of the State and are secured by the State's full faith and credit. The debt service for the general obligation bonds is appropriated by the Legislature from general funds. The Authority's statutorily required Reimbursable General Obligation payments are funded by an allocated portion of the State's transient accommodations tax (TAT) revenue and revenue generated from the operation of the Center.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended June 30, 2016

Overview of the Basic Financial Statements (continued)

Financial Analysis (continued)

Effective July 1, 2002, the Convention Center Fund was established by Act 253. In accordance with Act 253, the Convention Center Fund was placed within the Authority and was created to receive all revenues generated from the Center's operations and an allocated portion of the revenues received from the State's TAT. Act 253 further states that all funds collected by the Convention Center Fund are to be used to pay all expenses arising from the use and operation of the Center and to pay any and all debt service relating to the Center. However, responsibility for debt service payments to the bondholders on the general obligation bonds referred to above remains with the State through Budget and Finance.

As noted above, effective July 1, 2002, Act 253 established the Convention Center Fund, which provided the Authority the ability to reimburse Budget and Finance for debt service payments with funds from the Center's operations and an allocated portion of the State's TAT. Management believes the Authority did not have the legal capacity over these funds, or the means to budget for payment of the debt service obligations during the period from July 1, 2000 to June 30, 2002.

Subsequent to June 30, 2002, Budget and Finance informed the Authority that it is required to meet the debt service obligations on the bonds for the period from July 1, 2000 to June 30, 2002. The Authority did not believe it was required to meet these obligations for periods prior to the establishment of the Convention Center Fund and, accordingly, had not recorded this liability in its financial statements. This matter was contested with Budget and Finance.

Budget and Finance contended that its appropriations from the State's General Fund during the period from July 1, 2000 to June 30, 2002 did not include TAT funds specifically allocated for the purpose of servicing the periods' debt service obligations on the bonds.

There is no dispute that from June 30, 2000 and July 1, 2002, the TAT receipts intended for debt service, which prior to July 1, 2000 was allocated to the Convention Center Authority (Chapter 206X, HRS), and subsequent to June 30, 2002 to the Authority (pursuant to HRS Section 237D), were being collected and received by the General Fund. During this period, debt service to bondholders was made. What was disputed was whether the Authority was obligated to reimburse Budget and Finance for the debt service payments made during the period from July 1, 2000 to June 30, 2002.

On August 4, 2011, the State Attorney General opined in favor of Budget and Finance and the Authority increased its liability to Budget and Finance by \$52,865,435, consisting of principal and interest of \$12,690,000 and \$40,175,435, respectively, at June 30, 2011.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended June 30, 2016

Overview of the Basic Financial Statements (continued)

Financial Analysis (continued)

Pursuant to HRS Section 26-7, the Attorney General is responsible for administering and furnishing legal opinions to the Governor and the various state departments and agencies within the Executive Branch, including the HTA. Although the HTA board of directors does not agree with the legal opinion of the Attorney General, it must comply with its opinion as the official legal entity statutorily responsible for rending legal opinions to all state departments and agencies within the Executive branch.

On September 28, 2011, the repayment schedule between the Authority and Budget and Finance was amended to incorporate the repayment of the \$52,865,435 by extending the payment term from 2025 to 2027. There were no changes made to the Authority's annual amount of principal and interest payments.

Expenses decreased by approximately \$3,934,000, or 4%, primarily due to an decrease in contract expenses in the current year as compared to the prior fiscal year.

Revenues decreased by approximately \$105,000, or 0%, primarily due to a decrease in transient accommodations tax revenue of approximately \$6,500,000, net of an increase in program revenues of approximately \$6,343,000.

Financial Analysis of the Authority's Individual Funds

As noted earlier, the Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Authority's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Authority's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the Authority's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Authority's governmental funds reported combined ending fund balances of approximately \$79,683,000, an increase of approximately \$10,753,000 in comparison with the prior fiscal year. The Authority's entire fund balance is committed to indicate that it can only be used for specific purposes pursuant to formal action of the Legislature.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

For the Year Ended June 30, 2016

Financial Analysis of the Authority's Individual Funds (continued)

Governmental Funds (continued)

The Tourism Special Fund is used to account for functions related to the development and promotion of the tourism industry. At the end of the current fiscal year, committed fund balance of the Tourism Special Fund was approximately \$59,694,000, an increase of 12% from the prior fiscal year. As a measure of the Tourism Special Fund's liquidity, it may be useful to compare committed fund balance to total fund expenditures. Committed fund balance represents 83% of total Tourism Special Fund's expenditures, a decrease of 4% from the prior fiscal year.

The Convention Center Enterprise Special Fund was established by Act 253, Session Laws of Hawaii 2002 (Act 253) to receive all revenues generated from the operation of the Center and an allocated portion of the revenues received from the State's TAT. Funds collected by the Convention Center Enterprise Special Fund are used to pay all expenses arising from the use and operation of the Center and to reimburse the State Department of Budget and Finance for debt service payments on general obligation bonds issued for construction of the Hawaii Convention Center. In accordance with Act 253, the operations of the Convention Center Enterprise Special Fund are included in the Authority's financial statements. At the end of the current fiscal year, the Convention Center Enterprise Special Fund had a committed fund balance of approximately \$14,990,000.

The Tourism Emergency Special Fund was established by Hawaii Revised Statutes Section 201B-10. Monies in the Tourism Emergency Special Fund shall be used exclusively to provide for the development and implementation of emergency measures to respond to any tourism emergency including providing emergency assistance to tourists during the tourism emergency.

Capital Asset and Debt Administration

Capital Assets

As of June 30, 2016, the Authority had approximately \$209,903,000 invested in capital assets as shown in the following table. There was a net decrease (additions, disposals, and depreciation) of approximately \$6,765,000 from the end of the prior fiscal year.

	<u>2016</u>	<u>2015</u>
Capital assets		
Land	\$131,497,000	\$131,497,000
Buildings and improvements	211,546,000	211,125,000
Furniture, fixtures, and equipment	4,389,000	4,860,000
Construction in progress	2,645,000	2,525,000
Total capital assets	350,077,000	350,007,000
Less accumulated depreciation	140,174,000	133,339,000
Total capital assets, net	\$209,903,000	\$216,668,000

Capital Assets (continued)

Additional information regarding the Authority's capital assets can be found in Note 5 to the financial statements.

Indebtedness

As of June 30, 2016, the Authority had approximately \$244,444,000 of amounts due to Budget and Finance compared to approximately \$263,142,000 as of June 30, 2015, which represents a decrease of 7% from prior year. Additional information regarding the Authority's indebtedness can be found in Note 8 to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2016

(1) Summary of Significant Accounting Policies

The accompanying basic financial statements of the Hawaii Tourism Authority (Authority), a discretely presented component unit of the State of Hawaii (State), have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for governments as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant accounting and presentation policies used in the preparation of such financial statements.

(a) The Financial Reporting Entity

The Authority was established on January 1, 1999 by Act 156, Session Laws of Hawaii 1998, and was placed within the Department of Business, Economic Development, and Tourism, State of Hawaii, for administrative purposes only. The Authority is responsible for developing a strategic tourism marketing plan and developing measures of effectiveness to assess the overall benefits and effectiveness of the marketing plan as it relates to the State's tourism industry, employment, taxes, and lesser known and underutilized destinations. In addition, effective July 1, 2000, control and management of the Hawaii Convention Center (Center) were transferred to the Authority from the Convention Center Authority (CCA) by Executive Order No. 3817. Effective July 1, 2002, the Center, by statute, became the responsibility of the Authority. The Center, which opened to the general public in June 1998, is used for a variety of events including conventions and trade shows, public shows, and spectator events. The Center offers approximately 350,000 square feet of rentable space including 51 meeting rooms.

The Authority is governed by a board of directors comprising 12 voting members. The Governor of the State appoints the 12 voting members.

The accompanying basic financial statements present the financial position and the changes in financial position of the Authority and do not purport to, and do not, present fairly the financial position and changes in financial position of the State. The State Comptroller publishes financial statements for the State annually, which includes the Authority's financial activities.

(b) Government-Wide and Fund Financial Statements

The government-wide financial statements, which are the statement of net position and the statement of activities, report information of all of the nonfiduciary activities of the Authority. For the most part, the effect of interfund activity has been removed from these government-wide financial statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(1) Summary of Significant Accounting Policies (continued)

(b) Government-Wide and Fund Financial Statements (continued)

Program revenues include charges to customers who purchase, use, or directly benefit from goods or services provided by a given function. Resources that are dedicated internally are reported as general revenues rather than program revenues.

The Authority uses funds to report on its financial position and the results of its operations in its fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain functions or activities.

A fund is a separate fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, and expenditures. Government resources are allocated to, and accounted for, in individual funds based upon the purpose for which the resources are to be spent and the means by which spending activities are controlled.

Separate financial statements are provided for governmental funds and fiduciary funds. However, the fiduciary funds are not included in the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The government-wide statement of net position as of June 30, 2016 reports restricted net position of \$43,138,838, which is restricted by enabling legislation.

Governmental Funds

Governmental funds are those through which the governmental functions of the Authority are financed. The Authority's major funds are as follows:

Tourism Special Fund –The Tourism Special Fund (Tourism Fund) is used to account for functions related to the development and promotion of the tourism industry.

Convention Center Enterprise Special Fund – The Convention Center Enterprise Special Fund (Convention Center Fund) is used to account for functions related to the operation and management of the Center.

Tourism Emergency Special Fund – The Tourism Emergency Special Fund (Emergency Fund) is used to account for functions related to the maintenance of a tourism emergency fund. On July 7, 2015, Act 237 of the 2015 legislature reclassified the Tourism Emergency Trust Fund to a Special Fund.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(1) Summary of Significant Accounting Policies (continued)

(c) Basis of Accounting

The government-wide statement of net position and statement of activities are accounted for on a flow of economic resources measurement focus using the accrual basis of accounting. With this measurement focus, all assets and all liabilities associated with the operation of these activities are included in the statement of net position.

The modified-accrual basis of accounting is followed for the governmental funds in the fund financial statements. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (i.e., both measurable and available). "Measurable" means the amounts are determinable. "Available" means the amounts are collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Authority considers receivables collected within 60 days after year-end to be available and recognizes them as revenues of the current year. Expenditures are generally recognized under the modified-accrual basis of accounting when the related fund liability is incurred.

(d) Transient Accommodations Tax

In accordance with Sections 201B-11 and 237D-6.5, Hawaii Revised Statutes (HRS), the primary source of funding for the Authority's Tourism Fund and Convention Center Fund operations is the transient accommodations tax (TAT) collected by the State. The TAT is assessed at a rate of 9.25% on the gross rental proceeds derived from providing transient accommodations.

Effective July 1, 2016, the maximum amount of funding of TAT revenues that may be deposited into the Convention Center Fund and the Tourism Fund is \$26,500,000 and \$82,000,000, respectively.

Of the total TAT revenues deposited into the Tourism Fund, 0.5% is allocated to a subaccount in the Tourism Fund to provide funding for the safety and security budget, in accordance with the Hawaii tourism strategic plan 2005 - 2015; and beginning July 1, 2007, funds shall be deposited into the Emergency Fund, established in Section 20 lB-10, in a manner sufficient to maintain a fund balance of \$5,000,000 in fund.

Effective July 1, 2013, of the total TAT revenues deposited into the Tourism Fund, \$1,000,000 shall be allocated for the operation of a Hawaiian center and the museum of Hawaiian music and dance at the Center.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(1) Summary of Significant Accounting Policies (continued)

(e) Investments

Investments are reported at fair value within the fair value hierarchy established by GAAP. Investments in U.S. government obligations and U.S. federal agency obligations are reported at fair value based on quoted prices or other observable inputs, including pricing matrices.

Fair Value Measurements

The Authority measures the fair value of assets and liabilities as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants at the measurement date. The fair value hierarchy distinguishes between independent observable inputs and unobservable inputs used to measure fair value, as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 Inputs other than quoted market prices included in Level 1 that are observable for an asset or liability, either directly or indirectly.
- Level 3 Unobservable inputs for an asset or liability reflecting the reporting entity's own assumptions. Level 3 inputs are used to measure fair value to the extent that observable Level 1 or 2 inputs are not available.

(f) Capital Assets

Capital assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisition and construction are reflected as expenditures in governmental funds, and the related assets are reported in the statement of net position. Capital assets acquired by purchase are recorded at cost. Donated fixed assets are valued at the estimated fair market value on the date received. Maintenance, repairs, minor replacements, and renewals are charged to operations as incurred. Major replacements, renewals, and betterments are capitalized. Capital assets are defined as assets with an initial individual cost of \$5,000 or more for furniture, fixtures, and equipment and \$100,000 or more for buildings and improvements, and are depreciated on the straight-line method over the estimated useful lives of the respective assets (buildings and improvements – 30 years and furniture, fixtures, and equipment – 5 to 7 years). Depreciation is recorded on capital assets in the government-wide statement of activities.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(1) Summary of Significant Accounting Policies (continued)

(g) Accrued Vacation

Employees hired on or before July 1, 2001 earn vacation at the rate of one and three-quarters working days for each month of service. Employees hired after July 1, 2001 earn vacation at rates ranging between one and two working days for each month of service, depending upon the employees' years of service and job classifications. Each employee is allowed to accumulate a maximum of 90 days of vacation as of the end of the calendar year. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements, or expected to be paid with expendable available financial resources.

(h) Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Employees' Retirement System of the State of Hawaii (ERS) and additions to/deductions from the ERS's fiduciary net position have been determined on the same basis as they are reported by the ERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at their fair value.

(i) Marketing Contractors

The Authority contracts with the following seven major marketing contractors to provide tourism, planning, implementation, and other services to assist the Authority in executing its marketing mission:

- Hawaii Visitors and Convention Bureau North America
- a.Link LLC, DBA Hawaii Tourism Japan Japan
- Hills Balfour Limited Europe
- Aviareps Marketing Garden (Holdings) Ltd. Korea
- The Walshe Group, DBA Hawaii Tourism Oceania Australia and New Zealand
- The Happy Traveller LLC dba Brandstory Inc. PTE Ltd. China
- JWI Marketing Co. Ltd. Taiwan

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(1) Summary of Significant Accounting Policies (continued)

(j) Center Contract

The Authority contracts with Anschutz Entertainment Group (AEG), a private contractor, to manage and operate the Center. AEG is on a cost-reimbursement contract whereby it is reimbursed by the Authority for costs incurred in operating the Center. AEG also assumes responsibility for the Center's sales and marketing efforts. The Authority's contract with AEG extends through December 31, 2018. The management fees paid to AEG for the year ended June 30, 2016 amounted to \$487,200.

(k) Intrafund and Interfund Transactions

Transfers of financial resources within the same fund are eliminated. Transfers from funds receiving revenues to funds through which the resources are to be expended and funds disbursed to fiduciary funds are recorded as transfers.

(1) Use of Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, as well as disclosure of contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(m) Recently Adopted Accounting Standards

During fiscal year 2016, the Authority implemented GASB Statement No. 72, Fair Value Measurement and Application. The statement requires governments to measure certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and accepted valuation techniques. The statement also enhances fair value application guidance and disclosure. This statement did not have a material effect on the Authority's financial statements.

During fiscal year 2016, the Authority implemented GASB Statement No. 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments. The statement supersedes GASB Statement No. 55, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments. The statement reduces GAAP to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. The statement did not have a material effect on the Authority's financial statements.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(2) Budgeting and Budgetary Control

The budget of the Authority is a detailed operating plan identifying estimated costs and results in relation to estimated revenues. The budget includes (1) the programs, services, and activities to be provided during the fiscal year, (2) the estimated revenues available to finance the operating plan, and (3) the estimated spending requirements of the operating plan. The budget represents a process through which policy decisions are made, implemented, and controlled. Revenue estimates are provided to the State Legislature at the time of budget consideration and are revised and updated throughout the fiscal year. Amounts reflected as budgeted revenues in the statement of revenues and expenditures – budget and actual (budgetary basis) – Tourism Fund, Convention Center Fund, and Emergency Fund are those estimates as compiled and reviewed by the Authority.

The final legally adopted budget in the accompanying statement of revenues and expenditures – budget and actual (budgetary basis) – Tourism Special Fund, Convention Center Enterprise Special Fund, and Tourism Emergency Special Fund represents the original appropriations, transfers, and other legally authorized legislative and executive changes.

Budgetary control is maintained at the appropriation line item level as established in the appropriations act. The governor is authorized to transfer appropriations within a state agency; however, transfers of appropriations between state agencies generally require legislative authorization. Records and reports reflecting the detail level of control are maintained by and are available at the Authority. During the fiscal year ended June 30, 2016, there were no expenditures in excess of appropriations at the legal level of budgetary control.

To the extent not expended or encumbered, Tourism Special Fund appropriations generally lapse at the end of the fiscal year for which the appropriations were made. The State Legislature specifies the lapse dates and any other contingencies, which may terminate the authorizations for other appropriations.

Budgets adopted by the State Legislature for the Tourism Special Fund, Convention Center Emergency Special Fund, and Tourism Emergency Special Fund are presented in the accompanying statement of revenues and expenditures – budget and actual (budgetary basis) – Tourism Special Fund, Convention Center Enterprise Special Fund, and Tourism Emergency Special Fund. The Authority's annual budget is prepared on the modified-accrual basis of accounting with several differences, principally related to (1) encumbrance of purchase orders and contract obligations and (2) accrued expenditures.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(2) Budgeting and Budgetary Control (Continued)

A reconciliation of the budgetary to GAAP basis operating results of the Tourism Special Fund, Convention Center Emergency Special Fund, and Tourism Emergency Special Fund for the fiscal year ended June 30, 2016 is as follows:

	Tourism	Convention	Tourism
	Special	Center Enterprise	Emergency
	Fund	Special Fund	Special Fund
Excess of revenues over expenditures and other			
financing sources (uses) - budgetary basis	\$(1,372,947)	\$ 9,397,815	\$5,000,000

encumbrances	(42,995,454)	(15,994,162)	-
Net accrued revenues and expenditures	8,707,793	1,010,095	
Excess of revenues over expenditures and			
other financing sources (uses) - GAAP basis	\$ 6,258,140	\$ (504,932)	\$5,000,000

(3) Cash

(a) Cash in Bank

The Authority requires that the financial institutions pledge collateral based on the daily available bank balances. All securities pledged as collateral are held by the Authority's fiscal agents in the name of the Authority. At June 30, 2016, the Authority's deposits with the financial institution totaled \$74,203,860 and had a corresponding bank balance of \$74,225,888.

(b) Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Authority's deposits may not be returned to it. As of June 30, 2016, the Authority's custodial risk resulting from uninsured and uncollateralized amounts totaled \$0.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(4) Investments

The Authority holds investments for both its own benefit and as an agent for others. The following table presents the fair value of the Authority's investments by level of input at June 30, 2016:

		Fair Value Measurements Using		
		Quoted Prices Significant		. .
		in Active	Other	Significant

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(4) Investments (Continued)

(a) Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority's investment policy generally limits maturities on investments to not more than five years from the date of investment.

(b) Credit Risk

The Authority's investment policy limits its investments to investments in U.S. Treasury securities, certificates of deposit, U.S. government or agency obligations, commercial paper, federally insured savings accounts, and money market funds.

(c) Custodial Risk

For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the Authority or the State will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Authority's and the State's investments are held at broker/dealer firms that are protected by the Securities Investor Protection Corporation (SIPC) up to a maximum amount. In addition, excess-SIPC coverage is provided by the firms' insurance policies. In addition, the Authority and the State require the institutions to set aside, in safekeeping, certain types of securities to collateralize repurchase agreements. The Authority and the State monitor the market value of these securities and obtain additional collateral when appropriate.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(5) Capital Assets

The following is a summary of changes in capital assets during the fiscal year ended June 30, 2016:

	Balance at 6/30/2015	Additions	Deductions	Balance at 6/30/2016
Capital assets not being depreciated

Total capital assets, net	\$216,667,717	<u>\$(6,713,394)</u>	\$ (51,363)	\$209,902,960

Depreciation expense charged to the Hawaii Convention Center management function amounted to \$6,889,376 for the fiscal year ended June 30, 2016. Other changes in accumulated depreciation for the year ended June 30, 2016, amounted to \$425,336.

(6) Other Assets

Other assets represent unspent funds held by AEG and the Department of Accounting and General Services (DAGS) for emergency capital improvements, repair or maintenance purchases, and various capital improvement projects. At June 30, 2016, unspent funds amounted to \$15,964,234.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(7) Accrued Vacation

The following is a summary of changes in accrued vacation payable during the fiscal year ended June 30, 2016:

Balance at June 30, 2015	\$417,572
Additions	185,864
Deletions	(304,742)
Balance at June 30, 2016	298,694
Less current portion	(105,872)
Total accrued vacation, long-term	\$192,822

(8) Due to State Department of Budget and Finance

During the period from October 1992 through April 1998, the State issued a series of general obligation bonds whose proceeds were used to fund the construction of the Center. These bonds are obligations of the State and are secured by the State's full faith and credit. The debt service for the general obligation bonds is to be primarily funded by an allocated portion of the State's TAT revenue and revenue generated from the operation of the Center. Through June 30, 2000 and from July 1, 2000 to June 30, 2002, these funds were collected and accounted for by the Convention Center Authority and State Department of Budget and Finance (Budget and Finance), respectively.

Effective July 1, 2002, the Convention Center Fund was established by Act 253. In accordance with Act 253, the Convention Center Fund was placed within the Authority and was created to receive all revenues generated from the Center's operations and an allocated portion of the revenues received from the State's TAT. Act 253 further states that all funds collected by the Convention Center Fund are to be used to pay all expenses arising from the use and operation of the Center and to pay any and all debt service relating to the Center. However, responsibility for debt service payments to the bondholders on the general obligation bonds referred to above remains with the State through Budget and Finance.

The creation of the Convention Center Fund provided the Authority the ability to reimburse Budget and Finance for debt service payments in accordance with a predetermined payment plan, which had been assigned to the Authority by the CCA. The terms of the payment plan require the Authority to reimburse Budget and Finance for principal and interest payments at an imputed interest rate of 6% through January 1, 2027. The payment plan is not directly related to the actual debt service on the general obligation bonds issued to finance the Center. The Authority's ability to meet its obligations in accordance with the payment plan is dependent upon the funds received by the Convention Center Fund. At June 30, 2016, the outstanding principal and aggregate interest amounts required to be reimbursed by the Authority were \$192,450,290 and \$98,274,487, respectively.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(8) Due to State Department of Budget and Finance (continued)

The scheduled payments to maturity for each of the next five years and thereafter in five year increments are as follows:

	Principal	Interest	Total
Years ending June 30th			
2017	\$ 15,645,000	\$10,785,617	\$ 26,430,617
2018	16,580,000	9,846,917	26,426,917
2019	17,575,000	8,852,117	26,427,117
2020	18,630,000	7,797,617	26,427,617
2021	19,750,000	6,679,817	26,429,817
2022-2026	97,740,289	34,409,485	132,149,774
2027-2031	6,530,000	19,902,917	26,432,917
Total	\$192,450,289	\$98,274,487	\$290,724,776

For the year ended June 30, 2016, the Authority was required to reimburse Budget and Finance \$26,425,917 for principal and interest. For the year ended June 30, 2016, the Authority recorded \$11,228,266 of interest expense on the debt obligation to the Budget and Finance in the statement of activities. At June 30, 2016, the statement of net position reflected the total long-term liabilities of the Authority as follows:

Matured interest	\$ 6,425,917
Unmatured current interest	5,392,809
Unmatured current principal	15,645,000
Current portion	27,463,726
Unmatured current principal	176,805,289
Unmatured current interest	40,175,435
Noncurrent portion	216,980,724
Total	<u>\$244,444,450</u>
Total due to Budget and Finance activity during the year was	as follows:
June 30, 2015	\$263,142,301
Additions	11,228,266
Reductions	_(29,926,117)
June 30, 2016	<u>\$244,444,450</u>

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(9) Employee Benefits

(a) Employees' Retirement System of the State of Hawaii

All eligible employees of the Authority are required by Chapter 88, HRS, to become members of the ERS, a cost sharing, multiple-employer public employee retirement plan. The ERS provides retirement, survivor, and disability benefits with multiple benefit structures known as contributory, hybrid, and noncontributory. All contributions, benefits, and eligibility requirements are established by Chapter 88, HRS, and can be amended by legislative action.

Employees covered by Social Security on June 30, 1984 were given the option of becoming noncontributory members or remain contributory members. All new employees hired after June 30, 1984 and before July 1, 2006, who are covered by Social Security, were generally required to become noncontributory members. Qualified contributory and noncontributory members were given the option of becoming hybrid members effective July 1, 2006, or remain in their existing class. Starting July 1, 2006, all new employees covered by Social Security are required to become hybrid members.

Benefits Provided

The three benefit structures provide a monthly retirement allowance equal to the benefit multiplier percentage (1.25% or 2.00%) multiplied by the average final compensation (AFC) multiplied by years of credited service. The benefit multiplier decreased by 0.25% for new hybrid and contributory members hired after June 30, 2012. The AFC is the average salary earned during the five highest paid years of service, including the payment of salary in lieu of vacation, or three highest paid years of service, excluding the payment of salary in lieu of vacation, if the employee became a member prior to January 1, 1971. The AFC for members hired on or after this date is based on the three highest paid years of service, excluding the payment of salary in lieu of vacation. For new members hired after June 30, 2012, the AFC is based on the five highest paid years of service excluding the payment of salary in lieu of vacation.

For postretirement increases, every retiree's original retirement allowance is increased by 2.5% on each July 1 following the calendar year of retirement. This cumulative benefit is not compounded and increases each year by 2.5% of the original retirement allowance without a ceiling (2.5% of the original retirement allowance, the first year; 5.0%, the second year; 7.5%, the third year, etc.). For new members hired after June 30, 2012, the post-retirement annuity increase was decreased to 1.5% per year.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(9) Employee Benefits (continued)

(a) Employees' Retirement System of the State of Hawaii (continued)

Contributions

The following summarizes the plan provisions relevant to the general employees of the respective classes:

Contributory

Employees in the contributory class are required to contribute 7.8% of their salary and are fully vested for benefits upon receiving 5 years of credited service. Under the contributory class, employees may retire with full benefits at age 55 and 5 years credited service, or may retire early at any age with at least 25 years of credited service and reduced benefits. The benefit multiplier is 2.0% for employees covered by Social Security.

New employees in the contributory class hired after June 30, 2012 are required to contribute 9.8% of their salary and are fully vested for benefits upon receiving 10 years of credited service. These members may retire with full benefits at age 60 and 10 years of credited service, or may retire at age 55 with 25 years of credited service with reduced benefits. The benefit multiplier is 1.75% for employees covered by Social Security.

Hybrid

Employees in the hybrid class are required to contribute 6% of their salary and are fully vested for benefits upon receiving 5 years of credited service. Employees may retire with full benefits at age 62 and 5 years of credited service or at age 55 and 30 years of credited service, or may retire at age 55 and 20 years of credited service with reduced benefits. The benefit multiplier used to calculate retirement benefits is 2%.

New employees in the hybrid class hired after June 30, 2012 are required to contribute 8% of their salary and are fully vested for benefits upon receiving 10 years of credited service. Employees may retire with full benefits at age 65 and 10 years of credited service, or at age 60 with 30 years of credited service, or may retire at age 55 and 20 years of service with reduced benefits. The benefit multiplier is 1.75% for employees covered by Social Security.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(9) Employee Benefits (continued)

(a) Employees' Retirement System of the State of Hawaii (continued)

Contributions (continued)

Noncontributory

Employees in the noncontributory class are fully vested upon receiving 10 years of credited service. The Authority is required to make all contributions for these members. Employees may retire with full benefits at age 62 years and 10 years of credited service or age 55 and 30 years of credited services or age 55 years and 20 years of credited service with reduced benefits. The benefit multiplier used to calculate retirement benefits is 1.25%.

The ERS' funding policy provides for periodic employer contributions at actuarially determined rates, expressed as a percentage of annual covered payroll, such that the employer contributions, along with employee contributions and an actuarially determined rate of investment return, are adequate to accumulate sufficient assets to pay benefits when due. The funding method used to calculate the total employer contribution required is the entry age normal actuarial cost method. Effective July 1, 2005, employer contribution rates are a fixed percentage of compensation, including the normal cost plus amounts required to pay for the unfunded actuarial-accrued liability. Employers contribute 13.75% for all other employees other than police officers and firefighters. These rates increased, as of July 1, 2008, to 15.00%. The rates further increased, as of July 1, 2012 15.50%. Each year thereafter, the rates will gradually increase to 17.00%. Employer rates are set by statute based on the recommendation of the ERS' actuary resulting from an experience study conducted every five years

The required pension contributions by the Authority for the years ended June 30, 2016, 2015, and 2014 were \$316,723, \$363,990, and \$323,000, respectively, which equal the required contributions for each year. Measurement of assets and actuarial valuations are made for the ERS as a whole and are not separately computed for individual participating employers such as the Authority.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The Authority's proportionate share of the State's net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The State allocates the net pension liability to the various departments and agencies based upon a systematic methodology. At June 30, 2016, the Authority's proportionate share of the net pension liability is \$4,523,068. At June 30, 2015, the Authority's proportionate share of the State's proportion was 0.09% which was the same as its proportion measured as of June 30, 2014.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(9) Employee Benefits (continued)

(a) Employees' Retirement System of the State of Hawaii (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

There were no changes in other assumptions and inputs that affected the measurement of the total pension liability since the prior measurement date. There were no changes between the measurement date, June 30, 2015, and the reporting date, June 30, 2016, that are expected to have a significant effect on the proportionate share of the net pension liability.

For the year ended June 30, 2016, the Authority recognized pension expense of \$367,319. At June 30, 2016, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and extral experience	e 42.250	£ (105 470)
Differences between expected and actual experience	\$ 43,359	\$ (125,473)
Changes of assumptions	106,455	-
Net difference between projected and actual		
earnings on pension plan investments	212,066	(366,048)
Changes in proportion and differences between the Authority's		
contributions and proportionate share of contributions	6,043	(27,919)
The Authority's contributions subsequent to the measurement date	428,836	
Total	\$ 796,759	¢ (510 440)
Total	\$ 190,139	<u>\$ (519,440)</u>

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(9) Employee Benefits (continued)

(a) Employees' Retirement System of the State of Hawaii (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

The \$428,836 reported as deferred outflows of resources related to pensions resulting from the Authority's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years ending June 30th	
2017	\$ (66,401)
2018	\$ (66,401)
2019	\$ (66,401)
2020	\$ 52,703
2021	\$ (5.017)

Actuarial Assumptions

The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all annual periods included in the measurement:

Inflation	3.00%
Payroll growth rate	3.50%
Investment rate of return, including inflation at 3.00%	7.65%

The same rates were applied to all periods. There were no changes to ad hoc postemployment benefits including COLA. Post-retirement mortality rates are based on Client Specific Tables and the 1994 US Group Annuity Mortality Statistic Tables for police and firefighters. Pre-retirement mortality rates are based on the RP-2000 tables.

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the five-year period ending June 30, 2010. ERS updates their experience studies every five years.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(9) Employee Benefits (continued)

(a) Employees' Retirement System of the State of Hawaii (continued)

Actuarial Assumptions (continued)

The long-term expected rate of return on pension plan investments was determined using a method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Domestic equity	30.00%	8.5%
International equity	26.00%	9.3%
Total fixed-income	20.00%	3.1%
Real estate	7.00%	9.2%
Private equity	7.00%	11.9%
Real return	5.00%	6.7%
Covered calls	5.00%	7.7%
Total Investments	100.00%	

Discount Rate

The discount rate used to measure the net pension liability was 7.65%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from the State will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. There has been no change in the discount rate since the prior measurement date.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(9) Employee Benefits (continued)

(a) Employees' Retirement System of the State of Hawaii (continued)

Sensitivity of the Authority's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Authority's proportionate share of the net pension liability calculated using the discount rate of 7.65%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.65%) or 1-percentage point higher (8.65%) than the current rate:

	1%	Discount	1%
	Decrease	Rate	Increase
	(6.65%)	(7.65%)	_ (8.65%)
The Authority's proportionate share of the			
net pension liability	\$5,665,838	\$4,523,068	\$3,331,566

Pension Plan Fiduciary Net Position

The pension plan's fiduciary net position is determined on the same basis used by the pension plan. The ERS financial statements are prepared using the accrual basis of accounting under which expenses are recorded when the liability is incurred, and revenues are recorded in the accounting period in which they are earned and become measurable. Employer and member contributions are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Investment purchases and sales are recorded as of their trade date. Administrative expenses are financed exclusively with investment income.

The ERS issues a comprehensive annual financial report that includes financial statements and required supplementary information, which may be obtained from the following address:

Employees' Retirement System of the State of Hawaii 201 Merchant Street, Suite 1400 Honolulu, Hawaii 96813

The State issues a comprehensive annual financial report that includes the required footnote disclosures and the required supplementary information in accordance with the provisions of GASB Statement No. 68.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(9) Employee Benefits (continued)

(b) Postemployment Healthcare and Life Insurance Benefits

In addition to providing pension benefits, the State, pursuant to HRS Chapter 87A, is a participating employer in a cost sharing, multiple-employer defined-benefit plan providing certain healthcare and life insurance benefits to all qualified employees and retirees. The Hawaii Employer-Union Health Benefits Trust Fund (EUTF) was established on July 1, 2003 to design, provide, and administer health benefits plans and a group life insurance benefits program for employees and retirees.

The State pays the EUTF a base monthly contribution for the health benefits plans of certain retired employees, including those who were hired before July 1, 1996 and retired after June 30, 1984, with ten or more years of credited service.

The State pays the EUTF one-half of the base monthly contribution for the health benefits plans of retired employees who were hired before June 30, 1996, and retired after June 30, 1984, with fewer than ten years of credited service.

The State pays the EUTF for the health benefits plans of retired employees who were hired after June 30, 1996 but before July 1, 2001: (a) one-half of the base monthly contribution if the employee retired with between ten and fifteen years of credited service; (b) seventy-five percent of the base monthly contribution if the employee retired with between fifteen and twenty-five years of credited service; and (c) one hundred percent of the base monthly contribution if the employee retired with twenty-five or more years of credited service.

The State pays the EUTF for the health benefits plans of retired employees who were hired after June 30, 2001: (a) one-half of the base monthly contribution for a self-only plan if the employee retired with between ten and fifteen years of credited service; (b) seventy-five percent of the base monthly contribution for a self-only plan if the employee retired with between fifteen and twenty-five years of credited service; and (c) one hundred percent of the base monthly contribution for a self-only plan if the employee retired with twenty-five or more years of credited service.

The State pays the EUTF a base monthly contribution (currently \$4.12) for each retired employee enrolled in the EUTF group life insurance plan.

For active employees, the employee's contributions are based upon negotiated collective bargaining agreements. Employer contributions for employees not covered by collective bargaining agreements and for retirees are prescribed by the HRS.

For the Year Ended June 30, 2016

(9) Employee Benefits (continued)

(b) Postemployment Healthcare and Life Insurance Benefits (continued)

Measurement of the actuarial valuation and the annual required contribution (ARC) are made for the State as a whole and are not separately computed for the individual state departments and agencies such as the Authority. The State allocates the ARC to the various departments and agencies based upon a systematic methodology. The Authority's contribution for the year ended June 30, 2016 was \$217,042, which represented 47% of the Authority's share of the ARC for postemployment healthcare and life insurance benefits of \$458,885.

The following is a summary of changes in postemployment liability during the fiscal year ended June 30, 2016:

Balance at June 30, 2015	\$2,153,992
Additions	458,885
Deletions	(217,042)
Balance at June 30, 2016	\$2,395,835

The EUTF issues a financial report that includes financial statements and required supplementary information, which may be obtained from the following address:

Hawaii Employer-Union Health Benefits Trust Fund P.O. Box 2121 Honolulu, Hawaii 96805-2121

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(10) Restatement of 2015 Fund Balances

The fund balances of the Tourism Fund and Convention Center Fund as of June 30, 2015 have been restated for a misstatement of the amounts shown in the 2015 audited financial statements as transfers in (out). The restatement did not have any impact on the total governmental fund balance as of June 30, 2015. The amount and impact of the restatement is as follows:

		Convention	
	Tourism	Center	Total
	Special	Enterprise	Governmental
	Fund	Special Fund	Funds
Transfers in (out) as reported	\$ 3,900,000	\$ (3,900,000)	\$ -
Transfers in (out) as restated	(3,900,000)	3,900,000	
Impact on fund balances	(7,800,000)	7,800,000	-
Fund balances at June 30, 2015 as reported	61,235,444	7,694,473	68,929,917
Fund balances at June 30, 2015 as restated	\$53,435,444	\$ 15,494,473	\$ 68,929,917

(11) Commitments and Contingencies

(a) Accumulated Sick Leave Pay

Employees hired on or before July 1, 2001 earn sick leave credits at the rate of one and three-quarters working days for each month of service. Employees hired after July 1, 2001 earn sick leave credit at the rate of one and one-quarter or one and three-quarters working days for each month of service depending upon the employees' years of service and job classification. Sick leave credits may accumulate without limit, but may be taken only in the event of illness and is not convertible to pay upon termination of employment. However, an employee who retires or leaves government service in good standing with 60 days or more of unused sick leave is entitled to additional service credit in the ERS. At June 30, 2016, accumulated sick leave was \$611,370 for the Authority.

(b) Deferred Compensation Plan

The State offers its employees a deferred compensation plan created in accordance with Internal Revenue Code, Section 457. The plan, available to all state employees, permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All plan assets are held in a trust fund to protect them from claims of general creditors. The State has no responsibility for loss due to the investment or failure of investment of funds and assets in the plan, but does have the duty of due care that would be required of an ordinary prudent investor.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2016

(11) Commitments and Contingencies (continued)

(b) Deferred Compensation Plan (continued)

Accordingly, the assets and liabilities of the State's deferred compensation plan are not reported in the accompanying basic financial statements.

(c) Legal Contingencies

The Authority may be subject to legal proceedings, claims, and litigation arising in the ordinary course of business for which it may seek the advice of legal counsel. Management estimates that the cost to resolve such matters, if any, would not be material to the financial statements. However, it is at least reasonably possible that such estimates may change within the near term.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Directors Hawaii Tourism Authority:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hawaii Tourism Authority (Authority), a component unit of the State of Hawaii, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated December 19, 2016.

Internal Control over Financial Reporting

The management of the Authority is responsible for establishing and maintaining effective internal control over financial reporting (internal control). In planning and performing our audit of the financial statements, we considered the Authority's internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this report is not suitable for any other purpose.
