## A BILL FOR AN ACT

ACT 054

1179 H.D. 2

S.D. 2

C.D. 1

H.B. NO.

RELATING TO HOUSING.

#### BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that from 2015 to 2025,
Hawaii will require an additional 64,700 housing units to meet
projected long-term housing demands. Of this amount, 22,247
households of all income levels will require rental units. The
legislature further finds that the need is greatest for
households with low to middle incomes.

Approximately ninety-three to ninety-five per cent of 7 rental unit tenants have a household income of less than one 8 hundred forty per cent of the Hawaii median income. Until now, 9 10 the private sector has been unable to produce sufficient rental 11 housing because of the difficult economics of building and 12 operating rental housing in Hawaii. The legislature further 13 finds that a group of private sector landowners, developers, 14 contractors, architects, engineers, and labor unions have agreed 15 to take meaningful steps to improve the economics of building 16 and operating rental housing in the State.

Section 104-2, Hawaii Revised Statutes, is 12 amended to read as follows: 13 "§104-2 Applicability; wages, hours, and other 14 **requirements.** (a) This chapter shall apply to every contract 15 in excess of \$2,000 for construction of a public work project to 16 which a governmental contracting agency is a party; provided 17 that this chapter shall not apply to experimental and 18 demonstration housing developed pursuant to section 46-15 or 19 housing developed pursuant to chapter 201H if the cost of the 20 project is less than \$500,000 and the eligible bidder or eligible developer is a private nonprofit corporation. 21
