
A BILL FOR AN ACT

RELATING TO PROCUREMENT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. Small businesses are the lifeblood of the
2 State's economy. Act 50, Session Laws of Hawaii 2005, was
3 enacted to promote the growth and development of small
4 businesses in Hawaii through the establishment of a small
5 business preference program as part of the procurement process.
6 Additionally, Act 213, Session Laws of Hawaii 2007, approved the
7 funding for a full-time position in the state procurement office
8 with the purpose of implementing part IX (assistance to small
9 businesses), chapter 103D, Hawaii Revised Statutes.
10 Unfortunately, due to funding and staffing cuts in 2008, this
11 position was never filled and was eliminated from the state
12 procurement office. Although section 3-124-73, Hawaii
13 Administrative Rules, and related interim small business
14 preference rules went into effect in 2007, a dedicated position
15 to carry out those rules was lacking. In the absence of this
16 dedicated position or a small business office, these interim
17 rules failed to help the small business community and the rules
18 expired in 2011.

1 The legislature finds that small businesses owned by
2 veterans, native Hawaiians, and women are the most vulnerable
3 and disadvantaged businesses within our State. The legislature
4 further finds that an initiative is needed to identify,
5 quantify, and address the needs of these small businesses and to
6 measure and track their present participation in state small
7 business contracts.

8 The legislature further finds that the State must create,
9 develop, and implement strategies to ensure that small
10 businesses, including businesses owned by veterans, native
11 Hawaiians, and women, are able to effectively participate in
12 small business contracting opportunities within our State.

13 The legislature further finds that previously developed
14 administrative rules with respect to the development of small
15 business contracts with the State were not effective because of
16 a lack of appropriate business metrics and data available to
17 provide relevant information necessary for the creation of those
18 rules.

19 The legislature finds that any solution to address small
20 business concerns in the State must be attempted incrementally.
21 The legislature further finds that the state procurement office

1 is now ready to address part IX of the Hawaii Public Procurement
2 Code and assist self-identified small businesses in obtaining
3 state contracts. The legislature intends to facilitate this
4 process by creating a small business assistance initiative to
5 convene small business stakeholders, collect and develop
6 relevant data and information necessary for small businesses to
7 compete for and obtain small business contracts, and identify
8 and resolve issues that must be addressed to develop an
9 effective small business state contracting program within the
10 state procurement process.

11 The purpose of this Act is to establish the small business
12 assistance initiative and provide staffing for the
13 implementation of part IX (assistance to small businesses),
14 chapter 103D, Hawaii Revised Statutes.

15 SECTION 2. (a) There is established, within the state
16 procurement office, a three-year small business assistance
17 initiative to facilitate the collection and development of
18 relevant data and information and convene stakeholders for the
19 development of an effective small business program, including
20 the development of rules.

1 (b) The small business assistance initiative shall consist
2 of a small business procurement coordinator, a small business
3 office, and a small business advisory group.

4 (c) There is established, as part of the small business
5 assistance initiative established under subsection (a), a small
6 business advisory group. The small business advisory group
7 shall be convened by the chief procurement officer of the State,
8 shall consist of members from state agencies, non-profit
9 entities, and local businesses, and shall be staffed by the
10 state procurement office. The small business advisory group
11 shall:

- 12 (1) Meet regularly to discuss the progress of the
13 initiative and to investigate any substantial problems
14 brought to the attention of the group;
- 15 (2) Recommend parameters to expand the initiative's policy
16 to include other methods of procurement or other
17 substantive improvements;
- 18 (3) Recommend the placement and scope, administrative
19 definition, staffing, and funding requirements for a
20 state small business office designed to help small

1 businesses better utilize a state small business
2 program;

3 (4) Recommend the disposition of the small business
4 procurement coordinator, including continuing the
5 position of small business procurement coordinator as
6 a civil service exempt position, converting the
7 position to a full-time civil service position, or
8 placing the position outside of the initiative;

9 (5) Recommend goals that should be established to award a
10 percentage of state annual expenditures to identified
11 veteran, native Hawaiian, and female owned businesses
12 based on metrics established by the small business
13 advisory group;

14 (6) Recommend the appropriate next steps for a state small
15 business program as it looks to fully implement
16 section 103D-906, Hawaii Revised Statutes;

17 (7) Undertake and complete a study to determine the
18 viability of transferring the functions of the small
19 business office to an office within an existing state
20 department and submit the study and final
21 recommendation to the procurement policy board and to

1 the legislature in the report described in paragraph
2 (9);

3 (8) Use data received from the small business procurement
4 coordinator and small business office to make
5 recommendations for rules to be developed by the chief
6 procurement officer and the procurement policy board;
7 and

8 (9) By November 30, 2020, draft, publish, and disseminate
9 to the procurement policy board, the legislature, and
10 the public a final report of all the recommendations,
11 observations, and metrics related to the initiative,
12 as well as the initiative's success in encouraging and
13 increasing small business participation in the state
14 procurement process and the amount of state contracts
15 being awarded to small businesses.

16 (d) There is established the position of small business
17 procurement coordinator within the state procurement office,
18 which shall be exempt from chapter 76, Hawaii Revised Statutes.
19 The small business procurement coordinator, with the assistance
20 of the small business office, shall be responsible for the
21 collection and maintenance of data from the state small business

1 database, the provision of this data and metrics to the small
2 business advisory group, and the daily operations of the small
3 business assistance initiative established in subsection (a).
4 The small business procurement coordinator shall also be
5 responsible for implementing programs and procedures to carry

1 vendors to be presented to the small business advisory
2 group and chief procurement officer of the State; and
3 (6) Producing an annual report of small business
4 participation metrics and data to be submitted to the
5 small business advisory group.
6 (e) There is established, as part of the initiative under
7 subsection (a) and within the state procurement office, a small
8 business office. A contract to hire a firm to perform the
9 operations and maintenance of the small business office for the
10 duration of the initiative shall be executed. The contract
11 shall be awarded to an existing Hawaii-based small business
12 advocacy group with experience in helping small businesses
13 obtain state and federal contracts. The awardee shall be a
14 small business owned by a native Hawaiian, veteran, or female,
15 and shall have an understanding of the small business community
16 to be able to meet the requirements of the small business
17 initiative. The small business office shall be responsible for:
18 (1) Providing timely training and reports relating to key
19 developments in the small business community;

21 vendors that may include developing and implementing a

5 and

6 (9) Collecting data on existing and future small business
7 vendor disputes, problems, difficulties, successes,
8 recommendations, and any other metrics deemed
9 important to the initiative by the state procurement
10 office or legislature.

11 (f) The small business assistance initiative shall cease
12 to exist on June 30, 2020; provided that the small business
13 advisory group shall remain responsible for submitting a report
14 pursuant to subsection (c)(9).

15 SECTION 3. There is appropriated out of the general
