
A BILL FOR AN ACT

RELATING TO EMERGENCY MEDICAL SERVICES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 PART I

2 SECTION 1. The legislature finds that anti-tobacco
3 campaigns have played a major role in the overall decline of
4 cigarette smoking. A key tool of tobacco use control has been
5 taxation policy, which has been shown to be particularly
6 effective for youths, who are generally more price-sensitive,
7 and thus are less likely to start or maintain cigarette smoking
8 when it is expensive.

9 The health effects of smoking are well established and
10 include increased risk of heart attack, stroke, and other
11 medical events to which Hawaii's emergency medical services
12 system routinely responds. A clear nexus thus exists between
13 cigarette smoking and utilization of the emergency healthcare
14 system. However, due to declining rates of smoking, the long-
15 term sustainability of the cigarette tax as a revenue source for
16 the emergency medical system special fund is not guaranteed.

1 The purpose of this part is to repeal the emergency medical
2 services special fund, redirect the fund's revenue sources,
3 which are the cigarette tax, motor vehicle registration fee, and
4 investment pool returns, to the general fund, and appropriate an
5 equal dollar amount to the department of health for purposes of
6 overseeing the state comprehensive emergency medical system with
7 no discernable disruptions.

8 In fiscal year 2015-2016, emergency medical services
9 special fund revenues from cigarette sales were \$8,800,000;
10 revenues from vehicle registration fees were \$6,538,865; and
11 revenues from the investment pool account were \$151,502.46.
12 Total emergency medical system special fund revenues in fiscal
13 year 2015-2016 were \$15,490,367.46.

14 SECTION 2. Section 245-15, Hawaii Revised Statutes, is
15 amended to read as follows:

16 "**§245-15 Disposition of revenues.** All moneys collected
17 pursuant to this chapter shall be paid into the state treasury
18 as state realizations to be kept and accounted for as provided
19 by law; provided that, of the moneys collected under the tax
20 imposed pursuant to:

- 1 (1) Section 245-3(a)(5), after September 30, 2006, and
2 prior to October 1, 2007, 1.0 cent per cigarette shall
3 be deposited to the credit of the Hawaii cancer
4 research special fund, established pursuant to section
5 304A-2168, for research and operating expenses and for
6 capital expenditures;
- 7 (2) Section 245-3(a)(6), after September 30, 2007, and
8 prior to October 1, 2008:
- 9 (A) 1.5 cents per cigarette shall be deposited to the
10 credit of the Hawaii cancer research special
11 fund, established pursuant to section 304A-2168,
12 for research and operating expenses and for
13 capital expenditures;

10 the credit of the community health centers
11 special fund established pursuant to section 321-
12 1.65; and
- 13 (D) 0.5 cents per cigarette shall be deposited to the
14 credit of the emergency medical services special
15 fund established pursuant to section 321-234;
- 16 (5) Section 245-3(a)(11), after June 30, 2013, and prior
17 to July 1, 2015:
- 18 (A) 2.0 cents per cigarette shall be deposited to the
19 credit of the Hawaii cancer research special
20 fund, established pursuant to section 304A-2168,

- 1 for research and operating expenses and for
- 2 capital expenditures;
- 3 (B) 1.5 cents per cigarette shall be deposited to the
- 4 credit of the trauma system special fund
- 5 established pursuant to section 321-22.5;
- 6 (C) 1.25 cents per cigarette shall be deposited to
- 7 the credit of the community health centers
- 8 special fund established pursuant to section 321-
- 9 1.65; and

 9 1.65.

10 The department shall provide an annual accounting of these
 11 dispositions to the legislature."

12 SECTION 3. Section 249-31, Hawaii Revised Statutes, is
 13 amended by amending subsection (b) to read as follows:

14 "(b) From each annual motor vehicle registration fee, the
 15 director shall deposit \$40 into the state highway fund and \$5
 16 into the [~~emergency medical services special fund.~~] general
 17 fund."

18 SECTION 4. Section 321-234, Hawaii Revised Statutes, is
 19 repealed.

20 [~~"§321-234 Emergency medical services special fund. (a)~~

21 ~~There is established within the state treasury a special fund to~~

1 ~~be known as the emergency medical services special fund to be~~

18 SECTION 5. There is appropriated out of the general
19 revenues of the State of Hawaii the sum of \$ or so much
20 thereof as may be necessary for fiscal year 2017-2018 and the
21 same sum or so much thereof as may be necessary for fiscal year

1 2018-2019 for the state comprehensive emergency medical services
2 system.

3 The sums appropriated shall be expended by the department
4 of health for the purpose of this part.

5 PART II

6 SECTION 6. Section 237D-6.5, Hawaii Revised Statutes, is
7 amended by amending subsection (b) to read as follows:

8 "(b) Revenues collected under this chapter shall be
9 distributed in the following priority, with the excess revenues
10 to be deposited into the general fund:

11 (1) \$1,500,000 shall be allocated to the Turtle Bay
12 conservation easement special fund beginning July 1,
13 2015, for the reimbursement to the state general fund
14 of debt service on reimbursable general obligation
15 bonds, including ongoing expenses related to the
16 issuance of the bonds, the proceeds of which were used
17 to acquire the conservation easement and other real
18 property interests in Turtle Bay, Oahu, for the
19 protection, preservation, and enhancement of natural
20 resources important to the State, until the bonds are
21 fully amortized;

- 1 (2) \$26,500,000 shall be allocated to the convention
- 2 center enterprise special fund established under
- 3 section 201B-8;
- 4 (3) \$82,000,000 shall be allocated to the tourism special
- 5 fund established under section 201B-11; provided that:
- 6 (A) Beginning on July 1, 2012, and ending on June 30,
- 7 2015, \$2,000,000 shall be expended from the
- 8 tourism special fund for development and
- 9 implementation of initiatives to take advantage
- 10 of expanded visa programs and increased travel
- 11 opportunities for international visitors to
- 12 Hawaii;
- 13 (B) Of the \$82,000,000 allocated:
- 14 (i) \$1,000,000 shall be allocated for the
- 15 operation of a Hawaiian center and the
- 16 museum of Hawaiian music and dance at the
- 17 Hawaii convention center; and
- 18 (ii) 0.5 per cent of the \$82,000,000 shall be
- 19 transferred to a sub-account in the tourism
- 20 special fund to provide funding for a safety

1 and security budget, in accordance with the
2 Hawaii tourism strategic plan 2005-2015; and
3 (C) Of the revenues remaining in the tourism special
4 fund after revenues have been deposited as
5 provided in this paragraph and except for any sum
6 authorized by the legislature for expenditure
7 from revenues subject to this paragraph,
8 beginning July 1, 2007, funds shall be deposited
9 into the tourism emergency special fund,
10 established in section 201B-10, in a manner
11 sufficient to maintain a fund balance of
12 \$5,000,000 in the tourism emergency special fund;
13 (4) \$103,000,000 for fiscal year 2014-2015, \$103,000,000
14 for fiscal year 2015-2016, \$103,000,000 for fiscal
15 year 2016-2017, and \$93,000,000 for each fiscal year
16 thereafter shall be allocated as follows: Kauai
17 county shall receive 14.5 per cent, Hawaii county
18 shall receive 18.6 per cent, city and county of
19 Honolulu shall receive 44.1 per cent, and Maui county
20 shall receive 22.8 per cent; provided that
21 [commencing]:

1 (A) Commencing with fiscal year 2017-2018, each
2 county may expend a portion of the tax revenues
3 allocated to it pursuant to this paragraph to
4 purchase vehicles, equipment and supplies and to
5 pay any other costs incurred to supplement
6 existing ambulance service in the county; and
7 (B) Commencing with fiscal year 2018-2019, a sum that
8 represents the difference between a county public
9 employer's annual required contribution for the
10 separate trust fund established under section
11 87A-42 and the amount of the county public
12 employer's contributions into that trust fund
13 shall be retained by the state director of
14 finance and deposited to the credit of the county
15 public employer's annual required contribution
16 into that trust fund in each fiscal year, as
17 provided in section 87A-42, if the respective
18 county fails to remit the total amount of the
19 county's required annual contributions, as
20 required under section 87A-43; and

1 (5) \$3,000,000 shall be allocated to the special land and
2 development fund established under section 171-19;
3 provided that the allocation shall be expended in
4 accordance with the Hawaii tourism authority strategic
5 plan for:

6 (A) The protection, preservation, maintenance, and
7 enhancement of natural resources, including
8 beaches, important to the visitor industry;

9 (B) Planning, construction, and repair of facilities;
10 and

11 (C) Operation and maintenance costs of public lands,
12 including beaches, connected with enhancing the
13 visitor experience.

14 All transient accommodations taxes shall be paid into the
15 state treasury each month within ten days after collection and
16 shall be kept by the state director of finance in special
17 accounts for distribution as provided in this subsection.

18 As used in this subsection, "fiscal year" means the twelve-
19 month period beginning on July 1 of a calendar year and ending
20 on June 30 of the following calendar year."

1 SECTION 7. (a) The department of health shall establish a
2 two-year pilot program in the county of Hawaii and the city and
3 county of Honolulu to allow those counties to independently
4 regulate and operate ambulance service; provided that the
5 department of health shall maintain its statewide systems for
6 billing and collections, communications, and medical records.
7 The pilot program shall commence on July 1, 2019 and shall be
8 terminated on June 30, 2021.

9 (b) Under the pilot program, the authority to regulate
10 ambulance service, including the certification of vehicles,
11 equipment, and supplies, shall rest with the county of Hawaii
12 and the city and county of Honolulu, respectively; provided that
13 ambulance services provided under the pilot program shall meet
14 or exceed the minimum standards established by the department of
15 health.

16 (c) Any person who provides emergency medical service as
17 an employee of any ambulance service under the pilot program
18 shall be subject to chapter 453, Hawaii Revised Statutes.

19 (d) Ambulance service providers operating under the pilot
20 program shall establish and maintain an alcohol and substance
21 abuse policy for employees that is equivalent to, or exceeds the

1 provisions of, the safety and health standards established by
2 the United States Department of Transportation for holders of
3 commercial driver's licenses.

4 (e) Ambulance service made available under the pilot
5 program shall not be denied to any person on the basis of the
6 person's ability to pay therefor or because of the lack of
7 prepaid health care coverage or proof of either the ability to
8 pay or coverage.

9 (f) The appropriations made for the pilot program shall
10 not lapse on June 30, 2019; provided that all appropriations
11 that are unexpended and unencumbered on June 30, 2020, shall
12 lapse on that date.

13 (g) The use of latex gloves by personnel providing
14 ambulance services under the pilot program is prohibited.

15 SECTION 8. The department of health, in cooperation with
16 the county of Hawaii and the city and county of Honolulu, shall
17 submit a report on the pilot program established pursuant to
18 this part to the legislature no later than twenty days before
19 the commencement of the regular session of 2019. The report
20 shall include information on the operations and regulation of
21 ambulance services under the pilot program, including

1 information on costs for vehicles, equipment, supplies, and
 2 personnel and any regulations developed and contracts entered
 3 into by the participating counties. The report shall include
 4 findings and recommendations, as well as any proposed
 5 legislation, regarding county regulation and operation of
 6 ambulance services.

7 SECTION 9. There is appropriated out of the general
 8 revenues of the State of Hawaii the sum of \$ or so much
 9 thereof as may be necessary for fiscal year 2017-2018 and the
 10 same sum or so much thereof as may be necessary for fiscal year
 11 2018-2019 for the county ambulance service pilot program
 12 established by this part.

13 The sums appropriated shall be expended by the department
 14 of health for the purposes of this part.

15 PART III

16 SECTION 10. The legislature finds that a high percentage
 17 of calls for emergency medical services are from repeat callers
 18 who call multiple times per day for issues that do not require
 19 an emergency response. Most 911 calls originate from residences
 20 and many involve medical concerns that could be addressed by a
 21 functioning community paramedic system. The volume of calls for

1 emergency medical services rises each year due to growth in
2 population and tourism and often outpaces the availability of
3 resources. Therefore, it is critical to establish community
4 paramedic services to provide appropriate services to non-
5 emergency callers who would otherwise be using valuable
6 emergency medical services needed by other individuals.

7 For these reasons, the legislature adopted House Concurrent
8 Resolution No. 90 during the regular session of 2016. This
9 resolution requested that the chief of the department of
10 health's emergency medical services and injury prevention system
11 branch convene and chair a working group to develop a community
12 paramedic program, including educational standards for
13 certifications, to relieve emergency services personnel from the
14 obligation to respond to non-emergency calls.

15 The working group, in its December 2016 report to the
16 legislature, recommended that a community paramedic services
17 pilot program be established at two to three of the six
18 metropolitan and rural sites it identified. The working group
19 found that community paramedicine could reduce the high volume
20 of 911 calls for non-emergent medical conditions. It also found
21 that community paramedicine could improve health in the State by

1 addressing calls involving non-emergency services, post hospital
2 discharge care, the homeless population, hospice care,
3 behavioral health, and acute and chronic medical conditions such
4 as infectious diseases, diabetes, hypertension, and asthma.

5 The purpose of this part is to implement the
6 recommendations of the working group convened pursuant to House
7 Concurrent Resolution No. 90, regular session of 2016, by
8 establishing and appropriating funds for a three-year community
9 paramedic services pilot program and requiring an evaluation of
10 the program's effectiveness.

11 SECTION 11. (a) There is established a three-year
12 community paramedic services pilot program, to be administered
13 by the department of health. The pilot program shall commence
14 on July 1, 2017, and shall terminate on June 30, 2020. The
15 program shall be conducted at two to three pilot sites approved
16 by the director of health. The program shall include the
17 following components:

18 (1) Training and certification. Kapiolani community
19 college shall:

20 (A) Develop a community paramedic curriculum in
21 consultation with the department of health;

- 1 (B) Institute a community paramedic training program;
- 2 and
- 3 (C) In partnership with the University of Hawaii
- 4 community colleges, train community health
- 5 workers based on common core competencies to work
- 6 with community paramedics.

7 The department of health shall develop and implement a
8 community paramedic certification procedure;

- 9 (2) Staffing. The department of health shall recruit and
- 10 hire a community paramedicine administrator, an
- 11 appropriate number of community paramedicine medical
- 12 directors for each pilot site, and other personnel as
- 13 needed;

- 14 (3) Equipment and supplies. The department of health
- 15 shall procure non-transport vehicles and contract with
- 16 emergency medical services providers to provide
- 17 necessary supplies and medical equipment;

- 18 (4) Medical records. Community paramedics providing
- 19 services under the pilot program shall initially use
- 20 the existing Hawaii emergency medical services medical
- 21 record system, but shall transition to a more suitable

1 medical record system when funds become available and
2 such a system is identified; and
3 (5) Billing. The department of health shall develop a fee
4 schedule for community paramedic services in
5 consultation with insurance carriers. Billing and
6 collections for community paramedic services shall be
7 conducted by the department of health, emergency
8 medical services and injury prevention system branch.
9 All moneys collected shall be deposited into the
10 general fund of the State.
11 (b) In developing and implementing the community paramedic
12 services pilot program, the department of health shall solicit
13 the participation of and consult with members of the working
14 group convened pursuant to House Concurrent Resolution No. 90,
15 regular session of 2016, in addition to:
16 (1) Representatives of the health insurance industry,
17 including insurers, health maintenance organizations,
18 and mutual benefit societies;
19 (2) A representative of the Queen's Medical Center; and
20 (3) A representative of the Healthcare Association of
21 Hawaii.

1 SECTION 12. The department of health, emergency medical
2 services and injury prevention system branch, shall submit a
3 written report on the results of the three-year community
4 paramedic services pilot program, including any proposed
5 legislation, to the legislature no later than twenty days prior
6 to the convening of the regular session of 2021. The report
7 shall address but shall not be limited to:

8 (1) An evaluation of the selected pilot sites'
9 effectiveness in terms of patient outcomes, 911 system
10 impact, and costs within eighteen months of the start
11 of services at the pilot sites; and

12 (2) A calculation of the program's return on investment,
13 based on:

14 (A) The estimated cost savings from any reductions in
15 usages of emergency ambulance services, emergency
16 facilities, and associated personnel as a direct
17 result of the provision of community paramedic
18 services during the three-year pilot program; and

19 (B) The overall impact of the pilot program.

20 SECTION 13. No later than January 2, 2018, the department
21 of health shall adopt interim rules, which shall be exempt from

1 chapter 91 and chapter 201M, Hawaii Revised Statutes, to
2 effectuate the purposes of this part; provided that the interim
3 rules shall remain in effect until , or until the
4 department adopts rules pursuant to chapter 91, whichever occurs
5 sooner.

6 SECTION 14. There is appropriated out of the general
7 revenues of the State of Hawaii the sum of \$ or so much
8 thereof as may be necessary for fiscal year 2017-2018 and the
9 same sum or so much thereof as may be necessary for fiscal year
10 2018-2019 for the community paramedic services pilot program
11 established pursuant to this part.

12 The sums appropriated shall be expended by the department
13 of health for the purposes of this part.

14 PART IV

15 SECTION 15. Statutory material to be repealed is bracketed
16 and stricken. New statutory material is underscored.

17 SECTION 16. This Act shall take effect on July 1, 2090.

Report Title:

Emergency Medical Services; Ambulance Service; Counties;
Community Paramedic Services

Description:
