## HOUSE RESOLUTION

REQUESTING THE OFFICE OF ELECTIONS TO CONVENE A TASK FORCE ON  
AUTOMATIC VOTER REGISTRATION.

1           WHEREAS, Hawaii's voter turnout percentage has  
2 significantly declined since statehood in 1959, when turnout  
3 stood at ninety-four percent of registered voters; and  
4

5           WHEREAS, the percentage of registered voters in Hawaii who  
6 turn out to vote now ranks among the lowest of the fifty states;  
7 and  
8

9           WHEREAS, voter participation is the hallmark of an  
10 effective democracy; and  
11

12           WHEREAS, an improved process of automatic voter  
13 registration would be beneficial to the public and reduce any  
14 inconvenience currently experienced; and  
15

16           WHEREAS, the Legislature believes that an automatic voter  
17 registration process would increase accuracy and efficiency; and  
18

19           WHEREAS, removing barriers to registration for eligible  
20 voters is the first step to increasing voter participation; and  
21

22           WHEREAS, automatic voter registration would provide  
23 eligible voters with the opportunity to register to vote when  
24 applying for or renewing a driver's license or state  
25 identification card unless the eligible voter affirmatively  
26 declines to be registered; and  
27

28           WHEREAS, voter registration through a routine and necessary  
29 transaction, such as driver's licensing or renewal, increases  
30 voter registration efficiency and effectiveness and voter  
31 turnout; and  
32

## H.R. NO. 70

1 WHEREAS, automatic voter registration utilizes information  
2 that the government has already collected; and  
3

4 WHEREAS, current federal laws authorize the electronic  
5 transfer of voter registration information from the counties and  
6 Department of Transportation to election officials and the  
7 statewide voter registration system; and  
8

9 WHEREAS, nothing in the transfer of data would interfere  
10 with any election official's authority or obligation, under  
11 state or federal law; and  
12

13 WHEREAS, six states and the District of Columbia have  
14 already successfully enacted automatic voter registration  
15 systems; and  
16

17 WHEREAS, in 2016, Oregon implemented an automatic voter  
18 registration system, and more than 270,000 eligible voters  
19 registered via the system, forty three percent of whom voted in  
20 the 2016 general election, thus helping Oregon set a new state  
21 record for the number of votes cast; and  
22

23 WHEREAS, automatic voter registration increases security  
24 and results in improved accuracy of voter rolls through the use  
25 of an encrypted system to transfer data rather than using paper  
26 forms; and  
27

28 WHEREAS, automatic voter registration would produce long-  
29 term cost savings for the State, since processing paper voter  
30 registration forms costs almost thirty times more than using  
31 electronic registration; and  
32

33 WHEREAS, innovative efforts have been undertaken in other  
34 states to successfully reduce barriers to voting, encourage  
35 voter participation, and make voting more convenient; now,  
36 therefore; now, therefore,  
37
